An Employee may only opt out of direct deposit if they provide proof in writing that they are incapable of making arrangements for a bank account (i.e., denied or refused an account by the institutions).

Such intervals shall only be deemed to include working days and shall remain exclusive of weekends and holidays. It is understood, however, that extenuating circumstances can arise, and that despite all good faith efforts and for reasons beyond the control of the Employer, payments may be delayed. In

such cases the onus shall be on the Employer to notify the Union, prior to the time by which the cheque is required to be available or required to be post marked, of the details of such circumstances. In such cases the payment of the late remittance amount shall be waived.

ARTICLE SEVEN - HOURS OF WORK, SHIFTS AND OVERTIME

- 7.01** The following sections are designed to identify the regular hours of work, shift hours, and overtime hours, and are not to be construed as a guarantee of hours or work per day, per week, or with respect to days in any week.
- 7.02** **Work Week.** The regular working week shall consist of forty (40) hours of employment.
- 7.03**
- (a) The regular working day shall consist of eight (8) hours of employment normally worked between 8:00 a.m. and 4:30 p.m. when a one half (1/2) hour lunch period is scheduled or between 8:00 a.m. and 5:00 p.m. when a one (1) hour lunch period is scheduled, Monday through Friday.
 - (b) The Employer may vary the start/quit times by changing the scheduled starting time up to one hour at their option. Variances beyond one (1) hour shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.
 - (c) **Non-Industrial Work** - The Employer may vary the start/quit times by up to two (2) hours at his option. Variances of greater than two (2) hours shall be mutually agreed between the Employer and the Union.
- 7.04**
- (a) Shift work is defined as a continuous operation, but for the lunch period, for which start times shall be between 12:00 noon and 4:00 a.m., for a minimum of two (2) consecutive working days.

- (b) **Industrial Work** the shift premium for any "second" or "third" shift shall be three dollars (\$3.00) per hour. Effective May 7, 2017, this shift premium shall increase to three dollars and fifty cents (\$3.50).

Non-Industrial Work there shall be a shift premium of one dollar and fifty cents (\$1.50) per hour for a "second" or "third" shift. Effective May 7, 2017, this shift premium shall increase to one dollar and seventy-five cents (\$1.75).

- (c) There shall be no pyramiding of premiums.
- (d) Where practical, the Employer will provide 24 hours' notice of a shift change to employees.

7.05

- (a) **Industrial Work** overtime rates shall be as follows:
 - (i) time and one-half (1½x) for the first two hours of overtime worked in a regular week day, being Monday through Friday inclusive,
 - (ii) when compressed work weeks are scheduled pursuant to Article **7.06** on a Monday through Thursday basis, time and one-half (1½x) shall apply to the first ten (10) hours worked on the Friday,
 - (iii) double time (2x) shall apply to all overtime hours that are not included in (i) and (ii) above.
 - (iv) double time (2x) for overtime worked on a Saturday or Sunday outside the periods referenced in (ii) and (iii) above, and for hours worked on a "General Holiday" as set out in Article **8.01** hereof.
- (b)
 - (i) It is accepted that a worker may, from time to time, require personal time off from work to deal with personal matters. An employee who has not been absent, including late arrivals or early quits, or granted leave in the previous calendar 30 days, and who gives the Employer at least three working days' notice of a request for leave of up to one day, will be granted the requested leave. Requests for time off that meet the above conditions will not be unreasonably denied subject to operational requirements.
 - (ii) A worker who is preauthorized to take personal time off pursuant to the above procedure, will qualify for overtime premiums for any work performed either preceding or

following the normal scheduled hours of work on the day they take their personal absence regardless of whether or not they have worked the full eight or ten hours as scheduled for that shift. In the case of a worker on a compressed work week schedule they would also be paid normal overtime premiums for any hours worked on the compressed work week day off. It is also understood that, provided such absences conform to these conditions, the absence will not disqualify the worker from working overtime scheduled for that week.

- (iii) Overtime premiums as specified in this Collective Agreement will be paid for all hours worked in excess of eight hours in a day. In the case of a compressed work week, overtime premiums will be paid for hours worked in excess of ten in a day or forty in a week. A worker that is absent from work without pre-authorization as per the above procedure, including late arrivals or early quits will be subject to discipline in accordance with their employer's policies and may also be disqualified from working scheduled overtime in the week the absence occurs. Workers who are absent from work without pre-authorization, must work the minimum normal hours as stipulated above prior to overtime premiums being paid. Saturdays, Sundays, and Statutory Holidays will be paid as per the Collective Agreement premiums for all hours worked on those days.

(c) **Non-Industrial Work** overtime rates shall be as follows:

- (i) time and one-half ($1\frac{1}{2}x$) for any overtime hours worked on a week day, being Monday through Friday inclusive.
- (ii) time and one-half ($1\frac{1}{2}x$) for the first eight (8) hours worked on a Saturday.
- (iii) time and one-half ($1\frac{1}{2}x$) for the first four (4) hours worked on a Sunday.
- (iv) double time ($2x$) for overtime worked on a Saturday or Sunday outside the periods referenced in (ii) and (iii) above, and for hours worked on a "General Holiday" as set out in Article **8.01** hereof.

7.06

Industrial Compressed Work Week

- (a) The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Thursday period unless varied by mutual consent between the Employer and the Union. Such consent will not be unreasonably withheld. The work day shall normally be worked between 7:00 a.m. and 5:30 p.m. The Employer may vary the start/quit times by up to thirty (30) minutes at his option. Variances of greater than thirty (30) minutes shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.
- (b)
 - (i) A ten (10) on and four (4) off schedule may also be established as a compressed work week schedule and when utilized, the straight time days will be Tuesday through Friday in one week followed by Monday through Thursday in the subsequent week. Should an Employee work on the scheduled days off, the Friday and Monday will be paid at time and one half (1½x) and the Saturday and Sunday will be paid at double time (2x).
 - (ii) When a ten (10) on and four (4) off schedule is utilized, overtime on the Saturday and Sunday that fall in the middle of the schedule will be optional. Employees will be required to give at least three working days' notice of their intention not to work such overtime. Failure to provide the required notice and to report for work shall be considered absenteeism. Exercising this option will not preclude an Employee's opportunity to work other premium days when available.
- (c) When a compressed work week is being worked and a statutory holiday falls on a regularly scheduled work day(s) off, then the following regularly scheduled work day(s) will be observed in lieu thereof unless varied by mutual consent.
- (d) Non – Industrial Compressed work week

The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Friday period.

7.07 Non-Industrial - Make up day

For those Employees who so elect, regular hours lost during the week due to inclement weather may be rescheduled by the Employer to be made up on Saturday at straight time rates, up to a maximum of forty (40) hours per week (reduced appropriately when a general holiday occurs during the week).

7.08 A non-paid lunch break of either one-half (½) hour or one (1) hour duration will be taken half way through each shift. However, if job conditions require, the lunch break may be moved up to one (1) hour in either direction.

If an Employee is not provided time to commence his lunch period between one (1) hour before and one (1) hour after the mid-point of the shift, he shall be paid at the applicable overtime rate for working through his lunch period.

7.09 No Employee shall work more than one (1) straight time shift in each consecutive twenty-four (24) hour period. An Employee shall continue to receive the overtime rate after each shift until a break of eight (8) consecutive hours occurs.

7.10 The paragraphs of Article **7.00** are designed to identify the regular hours of work, shift hours, and overtime hours, and are not to be construed as a guarantee of hours of work per day, per week, or with respect to days in any week.

7.11 Provision of Meals on Overtime

- (a) When Employees are required to work extended daily hours in excess of eleven (11) hours, the Employer shall be required, following the tenth (10th) hour, to provide a meal at no cost to the Employees, for those involved. One-half (1/2) hour at the straight time rate of pay shall be allowed for the consumption of the meal. Should an Employee be requested to continue work, then an additional hot meal shall be provided every additional four (4) hours under the same conditions as above.
- (b) On projects when is it impractical for the contractor to provide a meal the Employee shall be paid a fifteen (15) minute paid break at the applicable rate of pay and the Employer shall pay a meal allowance of forty (40) dollars in lieu of the meal and time spent to consume the meal. This shall not apply in a circumstance where the overtime is projected to extend the work day beyond twelve (12) hours.
- (c) When Employees are required to work extended daily hours in excess of eleven (11) hours and where camp accommodations are

provided with a hot meal at the end of the shift, no meal allowance shall be payable. When such shifts are worked, break times may be adjusted for efficiency and reasonableness. In such cases the Union will be notified prior to the breaks being adjusted.

- (d) Where a supervisor is required to:
 - (i) start up to one (1) hour earlier, or
 - (ii) finish up to one (1) hour later, or
 - (iii) start up to one half (½) hour earlier and finish up to one half (½) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions in the paragraph above will not apply unless those provisions are applicable to the rest of the crew.
- (e) **For Non-Industrial Work:**
Upon 24 hours' notice to employees, this article (7.11) shall not apply.

7.12 Work In Occupied Non-Industrial Premises

Notwithstanding the above, where conditions are such that work must be carried out on occupied premises, then the work may be done at regular straight time rates during any hours which may constitute a regular shift for that job provided only that overtime rates will apply for all hours over the weekly limits elsewhere specified.

ARTICLE EIGHT - HOLIDAYS AND VACATIONS

8.01 (a) General Holidays shall be:

New Year's Day	Labour Day
Family Day	Thanksgiving Day
Good Friday	Remembrance Day
Victoria Day	Christmas Day
Canada Day	Boxing Day
Civic Holiday (August)	

When one of these holidays falls on a Saturday or Sunday (or the Monday or Friday off if a compressed work week is in effect), the following regular working day shall be observed as the holiday. When Christmas falls on Saturday or Sunday, the following Monday and Tuesday shall be observed as the holidays.

For the purposes of this section, a “regular work day” is a day for which straight time rates would apply and an “overtime day” is a day for which overtime rates would apply to all hours worked.

Where a General Holiday falls on an overtime day, the General Holiday will be observed on the next regular work day. Under these circumstances, work performed on the day on which the General Holiday falls will be paid at the overtime rates otherwise required by the Collective Agreement, and work performed on the day on which the General Holiday is then observed will be paid at double time.

- (b) No work shall be performed on Labour Day except in an emergency situation.

8.02 Industrial Work - The Employer shall pay to the Employee for each hour worked (not including any pay for time traveled) a vacation allowance equal to six (6%) percent of the applicable rate of pay, and a holiday pay allowance equal to four (4%) percent of the applicable rate of pay.

Non-Industrial Work - The Employer shall pay to the Employee for each hour worked (as defined in Article 7 hereof) a vacation allowance equal to six (6%) percent of the Employee's straight time hourly rate, and a holiday pay allowance equal to four (4%) percent of the Employee's straight time hourly rate.

ARTICLE NINE - REPORTING TIME

- 9.01** (a) When an Employee reports to work at the regular starting time and such Employee is not put to work, the Employee so affected shall be entitled to a minimum of two (2) hours pay at the applicable rate of pay.
- (b) In order to qualify for show up time, Employees must remain on the jobsite unless otherwise directed by the Employer. Where the Employee(s) are directed to remain at the jobsite for more than two (2) hours they shall be paid for such time at the applicable rate.
- (c) Employee(s) affected shall be paid daily travel, transportation, subsistence or receive camp accommodation as is applicable.
- (d) An Employee is not entitled to show up time if the Employer notifies the Employee that no work is available at least two (2) hours prior

to the commencement of the normal work day. Employees working on a jobsite where they are accommodated in a camp facility, will not be entitled to show up time if they are notified that no work is available, at breakfast time, and notices are posted on the bulletin boards in the camp kitchen.

- (e) When an Employee reporting for work qualifies for show up time such time shall include the regular shift premium when applicable.

9.02 Call Out Pay - Employees called out for work at other than the regular starting time shall receive a minimum of two (2) hours' pay at the Employee's applicable rate.

9.03 Reporting time pay and/or call-out pay is in addition to travel time pay if travel time is applicable.

9.04 The Employer may require an Employee to perform work within his jurisdiction for the two (2) hour call-out.

ARTICLE TEN - WORKING CONDITIONS

10.01 (a) The Employer shall provide adequate shelter for storage and change of clothing, suitable wash-up and sanitary facilities (flush toilets wherever job conditions permit), a heated lunch room which shall not be used for storage of tools or equipment, and a lock-fast place for storage of Employees' tools. At the commencement of the Employer's phase of the project, where job conditions do not permit these sanitary facilities to be established; then other conditions may be agreed upon between the Employer and the Union. These facilities will be appropriately heated. They will be maintained in a clean and sanitary condition, and subject to Union and health department inspection.

- (b) The Employer agrees to provide adequate protection and storage for all tools, safety equipment or protective clothing issued and to accept responsibility for normal wear and tear on return of broken or worn tools. Tools, safety equipment or protective clothing shall be kept in good condition at all times. Employees willfully misusing or failing to report the loss of tools, safety equipment or protective clothing may be subject to the cost of replacement and/or discipline.

10.02 The Employee shall give his Employer an up-to-date inventory of his personal tools upon his arrival on the job site. The Employer may at any time check for the correctness of such inventory.

Following a fire or break-in of the Lock-up, the Employer shall compensate the Employee up to one thousand dollars (\$1000.00) for any real loss of his tools stored according to this clause, provided that the Employee had previously provided an up-to-date tool list to the Employer at the time of hire.

10.03 **Saw Filing.** When saw filing is required, this service shall be provided by the Employer.

10.04 Cool drinking water in approved sanitary containers shall be provided. Individual paper cups will be supplied. Where practical, water will be available in close proximity to the work face and the lunch rooms.

10.05 The tools of a member starting a new job shall be in good condition and shall be kept so on the Employer's time. One (1) hours' notice of discharge will be given by the Employer or one (1) hour's pay allowed in lieu thereof to enable him to get his tools gathered together and put in shape for the next job.

10.06 Where tools and equipment such as: a patent miter box, power machines, power tools, laser beam level, transit, and surveyor's equipment, normally used by Carpenters are required on the job, they shall be supplied by the Employer.

10.07 (a) All Employees covered by this Agreement shall be permitted ten (10) minutes in the first half and ten (10) minutes in the second half of a shift for a coffee break on the job during regular working hours. If extended overtime is required, additional coffee breaks shall be permitted during such overtime after each two (2) hours following each overtime meal break.

However, for "compressed work weeks" scheduled pursuant to Article 7.06, Employees shall be permitted a break of fifteen (15) minutes in the first half and fifteen (15) minutes in the second half of such shifts.

Wherever practicable, the coffee breaks should be scheduled near the mid-point of each half of the shift.

(b) When ten (10) hour shifts are worked, in lieu of the work breaks and lunch breaks provided herein, the Employer shall have the option of scheduling two breaks of one half (½) hour each, paid at the applicable rate, approximately equally spaced in the ten (10) hour shift. In the event an employee is not able to take a break, the employee shall be paid at applicable overtime rates for the missed break. When the hour before and the hour following the missed

break are at straight time, time and one half (1½ x) shall be paid for the missed break. This option shall not be applicable to compressed work weeks for which work days are regularly scheduled in excess of ten (10) hours. A change in the scheduling of breaks will normally be communicated to the affected employees prior to the end of the work cycle before the change.

10.08 Employees party to this Agreement shall work under the conditions herein set out. The Employers signatory to this Agreement shall be given preference in the supply of Union Members.

10.09 There shall be no restriction on the full use of proper tools or equipment and there shall not be any task work or piece work on projects covered by this Agreement.

10.10 Employees who are working, or are offered the number of hours of employment provided by this Agreement by the Employer, shall not engage in their trade or other work for payment on other projects after hours.

10.11 No carpenter will be permitted to use his own motor vehicle in a manner which is unfair to other members or against the best interest of the Union.

10.12 An Employee who is injured in the course of performing his duties while in the Employer's employment and said injury results in the Employee needing medical attention, provided such need is confirmed to the Employer or later being placed on compensation, he shall be paid for that day which he was unable to continue work.

10.13 A copy of the Occupational Health and Safety Inspectors Report shall be posted at the project or jobsite lunch room(s).

10.14 Employees shall report for work equipped with safety boots and, if applicable, prescription safety glasses, which will meet the following standards:

- (a) Safety boots shall be CSA approved, Grade 1 (green triangle), in good condition, and at least 6 inches high from the sole of the boot.
- (b) Prescription safety glasses shall be foam sealed frames compliant with CAN/CSA Z94.3 or ANSI Z87.1 or successor standards.

Any specific requirements in addition to the above shall be required to be detailed as part of the dispatch request.

10.15 The parties are committed to eliminating unnecessary, duplicative safety training. Therefore, workers are expected to disclose to the Employer any

current safety training certificates that may be required for that job, as identified by the employer at the point of dispatch. The Employer shall supply a single point of contact for the purpose of supplying this information by way of email, fax, or phone. Following the acceptance of a dispatch slip, workers shall promptly remit to the Employer, copies of any applicable safety certificates by fax, email, or personal presentation at an address of the Employer or any other method that will achieve this objective.

ARTICLE ELEVEN - TRANSPORTATION, ACCOMMODATION AND LOCAL RESIDENTS

Throughout Article Eleven (**11**) wherever the phrases “centre of the cities”, “hiring hall location” are used, the city (cities) or the location(s) referred to are Calgary, and/or Edmonton.

Notwithstanding the foregoing, the Parties agree that for projects in the regions of the former local union centres (Medicine Hat, Lethbridge, Red Deer and Edson), after the Employer has exhausted the supply of local resident members that are qualified for the subject work, the Employer may hire other qualified persons from the local resident area before being obliged to accept into employment members resident outside of the local resident area. In the event non-members are hired, the requirements in respect to timely application for union membership shall apply.

INDUSTRIAL WORK - 11.01 to 11.05

11.01 DAILY COMMUTING

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any hiring hall location, and on jobs from which Employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) (i) A forty-five (45) kilometer radius free zone from the centers of the cities in which Local Unions are centered (Geodetic Monument), or around any place in which Employees are temporarily domiciled by the Employer, shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower.
- (ii) No transportation or travel allowance shall be applicable within the free zone (subject to **11.01(a)(iii)** and **11.01(b)**)

- (iii) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five test runs each way, conducted coincident with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty five minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.
- (b) Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed five hundred (500), the affected Parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The Parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.
- (c) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;

 - (i) to provide transportation and pay travel allowance, or
 - (ii) reimburse the Employees, as a vehicle allowance, at the rate of fifty two (\$0.52) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at eighty (80) kilometers per hour, at the Employee's applicable base rate, from the point where the edge of the forty-five (45) kilometer radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

The Coordinating Committee and the Building Trades of Alberta shall examine, during January of each year of the Collective

Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for Employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Building Trades of Alberta shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Building Trades of Alberta.

Example: - A Journeyman member traveling to a project located forty (40) road kilometers from the edge of the free zone at eighty (80) kilometers per hour each way would receive the following for each day worked:

Travel Allowance:

80 km @ 80 km./ hr. = 1 hour at base rate of \$41.93 = \$41.93

Vehicle Allowance: 80 km. @ \$0.52 cents per km. = \$41.60

For a daily total of = \$83.53

Where the Employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (d) When an Employee is being paid subsistence allowance in accordance with Article **11.05(a)(iii)** or **(b)(iii)**, and when there is no accommodation available within forty-five (45) kilometers of the project on which the Employee is engaged, the Employer shall determine the location of the nearest available accommodation, and shall determine the number of road kilometers beyond a forty-five (45) kilometer radius of the project that would be required to travel each way from the nearest available accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event accommodation within a forty-five (45) kilometer radius of the project becomes available, the payment of the travel allowance will cease.
- (e) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. When the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.

- (f) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid any transportation allowance for that day.
- (g) When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances beyond the control of the Employer, the Employees shall be paid for all such time, up to a limit of two (2) hours at the applicable straight time rate.
- (h) If an Employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of fifty two cents (\$0.52) per kilometer traveled if the Employee uses his own vehicle. The Employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (i) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the Employee shall be paid the normal rate for time traveled during the regular working day only.

11.02 Initial and Return Transportation to Remote Sites

- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under Article **11.01(b)** would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (b) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:
 - (i) up to 200 kilometres - \$88.00 each way
 - (ii) 200 kilometres to 300 kilometres - \$124.00 each way.
 - (iii) 300 kilometres to 375 kilometres - \$150.00 each way.
 - (iv) over 375 kilometres to 475 kilometres \$224.00 each way or actual airfare if suitable proof of air transport is provided to the Employer.
 - (v) over 475 kilometres - as mutually agreed between the Parties to this Agreement to a maximum of \$344.00 each way or air

fare inclusive of taxes in the event this is the most practical method of accessing the project/jobsite.

- (vi) The Initial and Return Transportation Allowances [applicable to Industrial work] set out herein shall be subject to review in each year of the agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to article **11.01(c)** each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2015, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2015.
- (b) Notwithstanding the provisions of (a) above, when transportation is provided by the Employer, no travel allowance will be paid, subject to the provisions of Article **11.02(c)** below.
- (c) When transportation is provided by the Employer by way of air, bus, or other surface transportation acceptable to the Union and the Employer, prior to the commencement and following the conclusion of a work cycle (being scheduled days of work for which there is no more than one day of rest scheduled within consecutive scheduled days), an Employee, at the time of dispatch, will be allowed to elect to use the Employer provided transportation or to receive Collective Agreement initial/return/rotation allowances. Buses must comply with Article **11.01(e)**.
 - (i) An Employee who has elected Collective Agreement initial / return / rotation allowances will no longer be paid any such payments not yet received if a new bus route is established and the Employee elects to use it. Such an Employee will not be required to return payments received to that point.
 - (ii) An Employee who has elected Collective Agreement initial / return / rotation allowances and who is found using bus transportation will become disentitled to further Collective Agreement initial / return / rotation allowances, as one consequence.
 - (iii) If a person who elects Collective Agreement initial / return / rotation allowances uses bus transportation for his initial trip that person will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.

- (iv) Regulations shall be established for the use of bus transportation governing behavior and the use of, e.g., alcohol, tobacco and other substances.
- (v) Notwithstanding the foregoing, an Employee who has elected to use provided busses, and who is hired, laid off, or terminated on a day when weekly bussing is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.
- (d)
 - (i) An Employee will qualify for, and receive with the next regular pay, transportation allowance to the job site after being employed at the site for fifteen (15) calendar days.
 - (ii) If the Employee remains on the job until completion of thirty (30) calendar days, the Employee shall qualify for return transportation allowance to be paid with his final pay at the subject site.
 - (iii) If, prior to having qualified for either transportation allowance, the Employee is laid off, or the job is completed, or the Employee is transferred to a different work site which is outside the area for which the transportation allowance was to apply, that Employee will be paid any outstanding transportation allowance(s) with their next regular pay.
 - (iv) If the Employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake Region, etc.), that Employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the Employee is transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the Employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an Employee choose not to accept a transfer, he/she shall be paid all applicable travel allowances and be considered to be laid off.

11.03 Rotational Leave (Turnarounds)

- (a) On jobs located beyond a three hundred (300) kilometer radius to a maximum of four hundred and seventy-five (475) kilometers from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

- (i) Pay an allowance of one hundred seventy-four dollars (\$174.00) after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

Where the Employee accepts Employer supplied transportation he shall not be entitled to the above allowance.

- (ii) Allow Employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.

- (b) On jobs located beyond a four hundred and seventy-five (475) kilometre radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

- (i) Provide a negotiated transportation allowance, not to exceed scheduled airline air fare where scheduled air service is available, or pay an allowance of three hundred and twelve dollars (\$312.00) where airline service is not available, after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

- (ii) Allow Employees Five (5) working days leave after each thirty-five (35) calendar days of employment on the job.

- (c) The Rotational Leave Allowances [applicable to Industrial work] set out herein shall be subject to review in each year of the agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to article **11.01(c)** each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2015, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2015.

- (d) It is further understood and agreed that the above described trips be on a rotation basis and at no time more than twenty-five percent (25%) of the working force shall be on such home leave.
- (e) Where the Employer supplies transportation the Employee shall not be entitled to the above allowances, subject to the provisions of Article **11.02(c)** above.
- (f) Time spent away from a jobsite due to a jobsite closure, scheduled vacation or rotational leave days taken of one work week (5 days or 4 days as the case may be) or longer will not be credited towards the accumulation of calendar days for earning a turnaround leave.

11.04 Local Residents

- (a) A local resident is an individual who resides within a seventy-five (75) kilometer radius of the centre of a job site which is beyond daily commuting distance from Edmonton or Calgary or other locations where a hiring hall is located, and has resided within such radius of the site for a period of not less than six months prior to being engaged on the project. It is understood that the hiring of local residents shall be subject to the hiring procedures and prerogatives set out in this Agreement.
- (b) Local Residents residing within a forty-five (45) kilometer radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.

Local residents residing between a forty-five (45) kilometer radius and a seventy-five (75) kilometer radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of thirty six dollars (\$36.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of nineteen dollars (\$19.00) will be paid for each day worked.

- (c) **Guidelines for Determining “Real Residency”**

In making the determination as to whether a person is a “Local Resident” for the purposes of the Project Terms, the following factors, as appropriate to the determination, will be taken into consideration:

- (i) the dwelling place of the person's spouse and dependents;
- (ii) personal property and social ties to the community;
- (iii) residential ties elsewhere;
- (iv) permanence and purpose of residence in a particular community;
- (v) documentation of:
 - (i) property tax or rent receipts, telephone, gas or other utility receipts;
 - (ii) driver's license;
 - (iii) vehicle registration or pink card;
 - (iv) income tax;
 - (v) unemployment insurance documents;
 - (vi) voters' list registration;
 - (vii) Employee benefit fund administration registration.

For the purposes of determining local residents in the Fort McMurray area, residents of Anzac and Saprae Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay will be considered to be residents of Fort McMurray for projects located south of Fort McMurray.

- (e) Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the job site, local residents shall also be entitled to receive hot soup.
- (f) Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.
- (g) The Parties agree that the early participation of qualified local resident Employees in work undertaken under this Agreement is

most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the Parties.

The Parties to the Collective Agreement agree that they will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Agreement. If it is determined that there is an underutilization of Local Resident Members the Parties will meet and address the issue.

11.05 Accommodation, Room & Board

- (a) Applicable within a four hundred seventy-five (475) kilometer radius of the centers of the cities in which Local Unions are located (but excluding National Parks)

When an Employee is directed or dispatched to work on an out-of-town job, the Employer will provide:

- (i) camp accommodation, which shall be available seven days per week; or
- (ii) mutually agreed room and board; or
- (iii) for each day worked, reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred ten dollars (\$110.00) per day except for those specific communities and regions as posted on www.clra.org under subsistence rates.
- (iv) On a project / jobsite located over two hundred and fifty (250) radius kilometers from the geographic centers of the cities in which Local Unions are located (as applicable) one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.

Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a Monday or Friday (Thursday where a compressed work week schedule is in effect) provided the Employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (b) Applicable beyond a four hundred seventy-five (475) kilometer radius of the centers of the cities in which Local Unions are located (excluding National Parks and Northwest Territories)

When an Employee is directed or dispatched to work on an out-of-town job which will last at least five days, the Employer will provide, on a seven (7) days per week basis:

- (i) camp accommodation; or
- (ii) mutually agreed room and board; or
- (iii) reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred ten dollars (\$110.00) per day except for those specific communities and regions as posted on www.clra.org under subsistence rates.

Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the Employer pursuant to clauses **11.05(a)(ii)** or **11.05(b)(ii)** above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of registered Employers' organizations, which committee shall make a final and binding decision within five days from the date of referral.
- (d) The Parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the Employer's obligations pursuant to this article.

- (e) (i) In certain situations, Employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the Employer shall provide one of the following options:
- (i) provide suitable room and board; or
 - (ii) directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - (iii) the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Building Trades of Alberta issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Building Trades of Alberta that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
- (iii) The Subsistence Review Committee will consist of:
- One (1) representative appointed by the Building Trades of Alberta;
 - One (1) representative appointed by the Coordinating Committee of Registered Employers' Organizations;
 - One (1) representative appointed by the National Maintenance Council; and
 - One (1) representative appointed by the Boilermaker Contractors Association on behalf of Contractors signatory to the National Maintenance Agreement and / or the General Presidents Agreement.

Appointees shall not be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the majority of the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that the majority of the Committee mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.

In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the Parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Articles **12.02 (b)** and **(c)**. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.

- (v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to

carry out the objects of this clause some guidelines are included;

- (i) In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
- (ii) To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
- (iii) Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at.
- (iii) The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
- (iv) Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.

(f) Applicable to all Regions

- (i) Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those work days that they were scheduled to work (or other days as set out in Article **11.05(b)**).

- (i) To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to the medical, work, site or weather conditions.
 - (ii) In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
 - (iii) It is expected that circumstances to which this provision applies will be of short duration.
 - (iv) For the purposes of this Article, for an Employee who does not maintain a primary residence in Alberta, that Employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.
- (ii) If an Employee chooses to leave before the completion of the shift without the consent of the Employer he will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). If an Employee chooses to leave before the completion of the shift with the consent of the Employer he will be paid a full day's subsistence if at least half the shift is worked and half a day's subsistence if less than half a shift is worked.
- (iii) All camps must meet the specifications set out in the Building Trades of Alberta and Construction Labour Relations - An Alberta Association 2010 - 2018 Camp Rules and Regulations, or any successor thereto.
- (iv) All grievances concerning a camp will be resolved through the grievance procedure provided in the BTA / C.L.R.A. Camp Rules and Regulations.
- (v) If an Employee, who is housed in a camp, is required by the Employer to transfer from one camp room to another, the Employee shall be paid two hour's pay at the straight time basic hourly rate as full compensation for the time to move belongings. Should the request to move from one room to another come from authorized persons employed by the Camp Manager or the Client, the Employee must

inform the Employer of the move by the following work day to be eligible for this payment.

NON-INDUSTRIAL - 11.06 to 11.14

Local Residents

- 11.06** The Parties agree that the early participation of qualified Local Resident Employees in work undertaken under this Agreement is most desirable and will be strongly promoted.
- 11.07** A Local Resident Employee shall be defined as a Union Member who has maintained his domicile within a seventy five (75) kilometer radius of a jobsite, for a minimum of six (6) months.
- 11.08** A Local Resident Employee shall not be entitled to the subsistence pay, turnaround leave, and initial & return travel provisions of the Collective Agreement.
- 11.09** The above Article shall not apply to any project for which daily travel applies from any of the cities in which Local Unions are centered (i.e. Edmonton or Calgary).
- 11.10** Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the job site, local residents shall also be entitled to receive hot soup.
- 11.11** Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.

Transportation and Accommodation

- 11.12** A seventy five (75) kilometer free zone shall be established around the center of every city, town or village in which Employees reside and around every place where accommodation is provided and/or paid for by the Employer. This zone shall apply to all persons covered by this Agreement except local residents.

The following conditions shall apply to all Employees except local residents, within the following radial zones:

Zone 1

Within the Free Zones as noted above, all Employees shall be responsible for their own transportation to and from the work site except that where, on remote jobsites, conditions are such that

private and public transportation is not available and the work area is beyond reasonable walking distance, then the Employer shall provide transportation.

Zone 2

The area lying within the next one hundred (100) kilometers beyond the boundary of the free zones established above, is Zone 2. For any jobsite situated within this area the Employer shall supply transportation to and from the work site to the place of Accommodation or established central pick-up points, or, at his option, expressed by the Employer in writing, pay vehicle allowance at the rate of fifty-two cents (52¢) per kilometer from the edge of the free zone, to the job and back, to each Employee who, by arrangement with the Employer uses his own vehicle to provide transportation outside the free zone.

At the Employer's option, camp or other board and room accommodations as provided for in Zone 3, may be provided in this zone for each day worked.

Zone 3

The area lying within the next one hundred (100) kilometers beyond the boundary of Zone 2 as established above, is Zone 3. For any jobsite situated within this area, the Employer shall provide at this option for each day worked:

- (i) camp accommodation which conforms with the BTA / CLR Camp Rules and Regulations or successor standards;

or

- (ii) reasonable room and board;

or

- (iii) agreed subsistence allowance.

Zone 4

The area lying within the next one hundred (100) kilometers beyond the boundary of Zone 3, is Zone 4. For any job situated within this area, the Employer shall provide at his option on the seven (7) day a week basis:

- (i) camp accommodation as noted above;

or

- (ii) reasonable room and board;

or

- (iii) agreed subsistence allowance.

Zone 5

The area lying beyond the outer boundary of Zone 4, or areas within the above noted zones which are inaccessible by automobile, is Zone 5. On jobs within Zone 5 only, the Employer will allow a return trip to the city in which the Local Union is centered (whichever is closer) after each sixty (60) days of employment on the project and shall grant leave from work for a maximum period of five (5) calendar days. Such trips shall be paid one way upon leaving the jobsite and reimbursed for the return upon reporting the job. Rate of reimbursement shall be the equivalent train, bus or airfare only as appropriate.

On remote jobsites (i.e. those within Zone 5) and when requested by the Employee due to having insufficient funds to return to point of hire, the Employer shall arrange transportation for the Employee to point of hire or supply him with an advance on wages due to him.

- 11.13**
 - (a)
 - (i) Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those work days that they were scheduled to work (or other days as set out for Zones 4 and 5).
 - (ii) To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to the medical, work, site or weather conditions.
 - (iii) In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
 - (iv) It is expected that circumstances to which this provision applies will be of short duration.
 - (v) For the purposes of this Article, for an Employee who does not maintain a primary residence in Alberta, that Employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.

- (b) If an Employee chooses to leave before the completion of the shift without the consent of the Employer he will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). If an Employee chooses to leave before the completion of the shift with the consent of the Employer he will be paid a full day's subsistence if at least half the shift is worked and half a day's subsistence if less than half a shift is worked.
- (c) Effect of unauthorized absence on Room and Board Entitlement.
 - (i) When an Employee fails to report when work is available on the working day immediately preceding or following bad weather or recognized holidays other than for unavoidable causes, he shall forfeit room and board for such absenteeism and for the bad weather days or recognized holidays. When Saturday is not a working day and an Employee fails to report to work on Friday when work is available, he shall forfeit room and board for Friday, Saturday and Sunday. When Sunday is not a working day and an Employee fails to report to work on Monday when work is available, he shall forfeit room and board for Sunday and for Monday. An Employee shall also forfeit room and board for absenteeism on any working day for other than unavoidable causes.
 - (ii) Unavoidable cause shall be deemed any illness or injury other than caused by consumption of liquor and/or illicit drugs. The Employer may request proof of illness or injury by way of a letter from a medical doctor.
- (d) In cases of illness or injury the Employer may choose to provide transportation expenses to point of hire rather than provide room and board entitlements.
- (e) Where the Employer's costs are fixed (as for Camp accommodation or long term room leases) the Employee shall not be back-charged for such fixed costs, but, where subsistence allowance is paid then the Employee shall not be paid for days missed as detailed above.

Vehicle Allowance

- 11.14** Where the transportation prescribed in Articles **11.07** is not provided by the Employer to an Employee employed pursuant to this Collective Agreement, the Employer shall pay to the Employee a daily vehicle allowance, being the product of twice the distance in kilometers from the edge of the relevant free zone to the subject project times fifty-two cents (\$0.52) per kilometer.

Re: Rapid Site Access Program

Whereas

The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting the afore-mentioned objective will correlate to a reduction in workplace incidents,

- 1) The Parties intend to reduce redundant substance testing and related costs, and to expedite access to participating worksites,
- 2) Alcohol and other drug work rules are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 3) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information, and
- 4) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers,
- 5) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and if necessary, accommodation strategies. Investment in professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the Canadian Model and if necessary recovering from an addiction and or dependency to alcohol or other drugs.

Now therefore, it is Agreed between the Parties hereto that:

- (a) The Parties support the implementation of the Rapid Site Access Program,
- (b) Subject to (c) below, the Union, Employer and participant workers agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time,
- (c) Where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the registered Employers' organization and the Rapid Site Access Administrative Committee
- (d) For Industrial work, the contribution in support of the Rapid Site Access Program shall be established in accordance with Article **27.01** of the Collective Agreement, and may be changed by the Association in accordance with that Article.
- (e) This Letter of Understanding shall be attached to and form part of the Collective Agreement.

Re: Referral for Case Managed Aftercare

Whereas

An individual must be referred to a substance abuse expert following a failure to comply with the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the "Canadian Model"). Once the individual is assessed by a substance abuse expert, recommendations are prepared and disclosed for the purpose of establishing expectations in accordance with the substance abuse expert's recommendations, entering in to a post assessment agreement, and supporting compliance with prescribed aftercare.

Pursuant to the Union's bylaws, after the Union becomes aware a member has violated the Canadian Model or tested non-negative on a site-access A&D test; the member must be assessed by a substance abuse expert and comply with the resulting recommendations as a condition of being eligible for future dispatches.

There are advantages to referring substance abuse expert recommendations to qualified third party professionals for administration on behalf of the Parties. Third party professionals are positioned to offer a higher level of:

- a) confidentiality,
- b) consistency, and
- c) expertise.

Contracting the administration of substance abuse expert recommendations to third party professionals is expected to be more effective in meeting the safety objectives contained in the Canadian Model and increase the quality of service afforded to affected individuals.

Now therefore, it is Agreed between the Parties hereto that:

- 1) Substance abuse expert recommendations arising from contractor administered A&D tests conducted pursuant to the Canadian and arising from those who violate Article 3 of the *Canadian Model* shall be referred to and administered by Organizational Health Incorporated (third party professionals). Such substance abuse expert recommendations shall apply to employment and prospective employment in respect to any Collective Agreement for which the Union is signatory. Substance abuse expert recommendations shall be shared with a contractor only if they are in respect to a current Employee, one that has contravened Article 3 of the *Canadian Model* while in the employ of that Employer.
- 2) Service providers including Organizational Health Incorporated will keep all information in accordance with applicable privacy laws.
- 3) The Association will provide the funding to the third party providers who are responsible for administering substance abuse expert recommendations.
- 4) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

Re: U.S. Employees Health and Wellness Contributions

Whereas the Parties have entered into a Collective Agreement which shall remain in effect from June 7th, 2015 to April 30, 2019 as set out in the said Collective Agreement, and

Whereas the Parties mutually desire to encourage and facilitate members of the United Brotherhood of Carpenters and Joiners of America in the United States of America (hereinafter “U.S. Employees”) to come to Alberta to work for contractors bound by the Collective Agreement, and

Whereas the Parties have agreed that it is necessary to modify said Agreement with respect to employees traveling from the United State who are Participants of health and wellness trust funds in the United States, and

Now Therefore it is Agreed between the parties hereto as follows:

1. The Employer shall continue to contribute the amounts set forth in Schedule A and Schedule B of the Collective Agreement in respect of each and every hour a U.S. Employee works under the appropriate Schedule. The amounts will be remitted to the Alberta Health and Wellness Fund as contributions to that fund and not Pension contributions. The amounts set out for Health and Wellness and Pension shall be combined and remitted through reciprocity agreements to the U.S. Employees’ home health and wellness funds by the Alberta Health and Wellness Fund. The contribution that otherwise would have otherwise been a Pension contribution is to be calculated on hours earned. Should the contributed combined amounts, for any reason (including no signed Reciprocal Agreement between Locals or no individual employee

authorizations) not be able to be forwarded, then upon notification by the Union to the Carpenters (Provincial) Trade Division this Letter of Understanding will cease to apply after the next fund contribution date. Upon such notice being given the normal contributions shall apply.

2. The provisions with respect to contributions in Alberta for Training and Dues continue and remain unaffected by this Letter of Understanding.
3. The remittance for funds for reciprocity direction to the U.S. Employees' home health and wellness funds are to be made solely by the Employer and no Employer will deduct such contributions or any portion thereof from the U.S. Employees' wages.
4. The Employer's liability for the remittance of such funds in respect of U.S. Employees who fall under this Letter of Understanding and who are not members of Locals 1325 or 2103 shall be limited to remittance of the above noted contributions in the manner and times set out in the Collective Agreement. The Employer will not be liable to the U.S. Employees' home health and wellness funds for such contributions. Remittance to the U.S. Employees home health and wellness funds shall be the responsibility of the Alberta Carpenters Trust Funds under the appropriate reciprocity agreements with the U.S. Funds.
5. Except as specifically amended above all other provisions of Articles 18 and 19 continue to apply.
6. This Letter of Understanding will only apply to U.S. Employees working in Alberta who are not members of Local 1325 or Local 2103. The Union will provide the Employer with written confirmation of the applicability of these provisions for U.S. workers before these provisions can apply. The Union will notify the Employer if a U.S. Employee joins either Local 1325 or 2103 and the provisions of this Letter of Understanding will cease to affect them commencing the date of admission into either Local 2103 or Local 1325.
7. This Letter of Understanding shall be attached to and be part of the Collective Agreement between the parties hereto.
