ARTICLE EIGHT - HOURS OF WORK, SHIFTS, AND OVERTIME

- 8.01** The following sections are designed to identify the regular hours of work, shift hours, and overtime hours, and are not to be construed as a guarantee of hours or work per day, per week, or with respect to days in any week.

- 8.02** The regular working week shall consist of forty (40) hours of employment divided into five (5) regular working days.

- 8.03** The regular working day shall consist of eight (8) hours of employment normally worked between 8:00 a.m. and 4:30 p.m. when a one half (1/2) hour lunch period is scheduled or between 8:00 a.m. and 5:00 p.m. when a one (1) hour lunch period is scheduled, Monday through Friday.

The Employer may vary the start/quit times by changing the scheduled starting time up to one hour at their option. Variances beyond one (1) hour shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.

Non-Industrial Work - The Employer may vary the start/quit times by up to two (2) hours at his option. Variances of greater than two (2) hours shall be mutually agreed between the Employer and the Union.

- 8.04** **Overtime rates shall be as follows:**

(a) For industrial work:

- (i)** Time and one-half (1½x) will be paid for the first two hours of overtime per day during the regular work week, Monday to Friday inclusive.

- (ii) When a compressed work week is scheduled pursuant to article 8.07 (a), on a Monday through Thursday basis, time and one-half ($1\frac{1}{2}x$) shall apply to the first ten (10) hours worked on the Friday.
 - (iii) All other overtime hours not included in (i) and (ii) above shall be paid at double time (2x).
- (b)
 - (i) It is accepted that a worker may, from time to time, require personal time off from work to deal with personal matters. An employee who has not been absent, including late arrivals or early quits, or granted leave in the previous calendar 30 days, and who gives the Employer at least three working days' notice of a request for leave of up to one day, will be granted the requested leave. Requests for time off that meet the above conditions will not be unreasonably denied subject to operational requirements.
 - (ii) A worker who is preauthorized to take personal time off pursuant to the above procedure, will qualify for overtime premiums for any work performed either preceding or following the normal scheduled hours of work on the day they take their personal absence regardless of whether or not they have worked the full eight or ten hours as scheduled for that shift. In the case of a worker on a compressed work week schedule they would also be paid normal overtime premiums for any hours worked on the compressed work week day off. It is also understood that, provided such absences conform to these conditions, the absence will not disqualify the worker from working overtime scheduled for that week.
 - (iii) Overtime premiums as specified in this Collective Agreement will be paid for all hours worked in excess of eight hours in a day. In the case of a compressed work week, overtime premiums will be paid for hours worked in excess of ten in a day or forty in a week. A worker that is absent from work without pre-authorization as per the above procedure, including late arrivals or early quits will be subject to discipline in accordance with their employer's policies and may also be disqualified from working scheduled overtime in the week the absence occurs. Workers who are absent from work without pre-authorization, must work the minimum normal hours as stipulated above prior to overtime premiums being paid. Saturdays, Sundays, and Statutory Holidays will be paid as per the Collective Agreement premiums for all hours worked on those days.

(c) **For non-industrial work:**

- (i) Time and one-half ($1\frac{1}{2}x$) for any overtime hours worked on a week day, being Monday through Friday inclusive.
- (ii) Time and one-half ($1\frac{1}{2}x$) for the first eight (8) hours worked on Saturday.
- (iii) Time and one-half ($1\frac{1}{2}x$) for the first four (4) hours worked on Sunday.
- (iv) Double time ($2x$) for overtime worked on a Saturday or a Sunday outside the periods referenced in (ii) and (iii) above, and for hours worked on a "General Holiday" as set out in Article 10.01 hereof.

8.05 **Shift Work:**

- (a) Shift work is defined as a continuous operation, but for the lunch period, for which start times shall be between 12:00 noon and 4:00 a.m., for a minimum of two (2) consecutive working days.
- (b) For "industrial" work, being work which falls within the definition in Article 5.02 hereof, there shall be a shift premium of \$3.00/hour for any "second" shift or "third" shift.
- (c) For "non-industrial" work, there shall be a shift premium of \$1.00/hour for a "second" shift and \$1.50/hour for a "third" shift.
- (d) There shall be no pyramiding of premiums.

8.06 No employee shall work more than one (1) straight time shift in each consecutive twenty-four (24) hour period. An employee shall continue to receive the overtime rate after each shift until a break of eight (8) hours occurs.

8.07 **Compressed Work Week:**

(a) **For industrial work:**

- (i) The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Thursday period unless varied by mutual consent between the Employer and the Union. Such consent will not be unreasonably withheld. The work day shall normally be worked between 7:00 a.m. and 5:30 p.m. The Employer may vary the start/quit times by up to thirty (30)

minutes at his option. Variances of greater than thirty (30) minutes shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.

- (ii) A ten (10) on and four (4) off schedule may also be established as a compressed work week schedule and when utilized, the straight time days will be Tuesday through Friday in one week followed by Monday through Thursday in the subsequent week. Should an Employee work on the scheduled days off, the Friday and Monday will be paid at time and one half (1½x) and the Saturday and Sunday will be paid at double time (2x).
- (iii) When a ten (10) on and four (4) off schedule is utilized, overtime on the Saturday and Sunday that fall in the middle of the schedule will be optional. Employees will be required to give at least three working days' notice of their intention not to work such overtime. Failure to provide the required notice and to report for work shall be considered absenteeism. Exercising this option will not preclude an Employee's opportunity to work other premium days when available.

(b) For non-industrial work:

- (i) The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Friday period.

8.08 For work that is not industrial work, for those employees who so elect, regular hours lost during the week due to inclement weather may be re-scheduled by the Employer to be made up on Saturday (or the Friday or Monday regularly scheduled day off if a compressed work week is in effect) at straight time rates, up to a maximum of forty (40) hours per week (reduced appropriately when a statutory holiday occurs during that week).

8.09 Lunch Breaks:

- (a) A lunch break of either one-half (½) hour or one (1) hour duration will be taken midway between the starting and quitting time of each shift. However, if job conditions require, the lunch break may be moved up to one (1) hour in either direction.
- (b) If an employee is not provided time to commence his lunch period between one (1) hour before and one (1) hour after the mid-point of the shift, he shall be paid at the applicable overtime rate for working through his lunch period. In such cases where the employee is not

provided with a lunch break, the regular working day shall not be arbitrarily reduced when work is available.

8.10 Rest Periods:

- (a) Two (2) ten (10) minute rest periods will be allowed each day during normal working hours; one (1) in the first half and one (1) in the second half of each shift. One (1) ten (10) minute rest period (in addition to meal breaks) shall be allowed for each four (4) consecutive hours of overtime work.
- (b) For compressed work weeks, employees shall be permitted a break of fifteen (15) minutes in the first half and fifteen (15) minutes in the second half of such shifts.
- (c) When ten (10) hour shifts are worked, in lieu of the work breaks and lunch breaks provided herein, the Employer shall have the option of scheduling two breaks of one half ($\frac{1}{2}$) hour each, paid at the applicable rate, approximately equally spaced in the ten (10) hour shift. In the event an employee is not able to take a break, the employee shall be paid at applicable overtime rates for the missed break. When the hour before and the hour following the missed break are at straight time, time and one half ($1\frac{1}{2} \times$) shall be paid for the missed break. This option shall not be applicable to compressed work weeks for which work days are regularly scheduled in excess of ten (10) hours. A change in the scheduling of breaks will normally be communicated to the affected employees prior to the end of the work cycle before the change.

8.11 Work in Occupied Premises:

Notwithstanding the above, where the conditions of the job are such that work (which is not industrial work) must be carried out on occupied premises, then the work may be done at regular straight time rates during any hours which may constitute a regular shift for that job provided only that overtime rates will apply for all hours worked over the daily or weekly limits elsewhere specified.

8.12 Provision of Meals on Overtime:

- (a) When employees are required to work extended daily hours in excess of eleven (11) hours, the Employer shall be required, following the tenth (10th) hour, to provide a meal at no cost to the employees, for those involved. One-half ($\frac{1}{2}$) hour at the straight time rate of pay shall be allowed for the consumption of the meal. Should an employee be requested to continue work, then an additional hot meal shall be

provided every additional four (4) hours under the same conditions as above.

If no meal and time to consume it is provided, the Employer will provide one-half (1/2) hour's pay at the applicable rate in lieu of both. These conditions shall not extend for more than 14 calendar days.

When camp accommodations are provided and a hot meal is provided at the end of the shift, no meal allowance shall be payable. In this circumstance there will be an additional 15 minute paid break given between the second break and up to end of the shift. If no break is provided, the Employer will pay 15 minutes at the applicable rate (double time) of pay in lieu of the break not taken.

- (b) Where a supervisor is required to:
 - (i) start up to one (1) hour earlier, or
 - (ii) finish up to one (1) hour later, or
 - (iii) start up to one half (1/2) hour earlier and finish up to one half (1/2) hour later
- than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions of 8.12 (a) will not apply unless those provisions are applicable to the rest of the crew.

- 8.13** The Parties understand and agree that on remote jobsites or where special conditions apply, scheduling of extended work weeks / days off may be beneficial to the completion of the work and in those circumstances the Parties may mutually agree to a work schedule to meet job conditions.

Special Project needs will be addressed by the Parties in concert with other stakeholders in accordance with the process established by the Building Trades of Alberta and the Coordinating Committee of Registered Employers' Organizations.

ARTICLE NINE - REPORTING TIME

- 9.01** When an employee reports to work at the regular starting time and such employee is not put to work, the employee so effected shall be entitled to a minimum of two (2) hours pay at the applicable rate of pay.
- 9.02** In order to qualify for show up time, employees must remain on the job site unless otherwise directed by the Employer. Where the employee(s) are directed to remain at the job site for more than two (2) hours they shall be paid for such time at the applicable rate.

- 9.03** Employees so effected shall be paid daily travel, transportation, or subsistence or receive camp accommodation as is applicable.
- 9.04** An employee is not entitled to show up time if the Employer notifies the employee that no work is available at least two (2) hours prior to the commencement of the normal work day. Employees working on a job site where they are accommodated in a camp facility, will not be entitled to show up time if they are notified that no work is available, at breakfast time, and notices are posted on the bulletin boards in the camp kitchen.
- 9.05** When an employee reporting for work qualifies for show up time such time shall include the regular shift premium when applicable.
- 9.06** The Employer may require an employee to perform work within his jurisdiction for the two (2) hour call-out.
- 9.07** Call-Out Pay - Employees called out for work at other than the regular starting time shall receive a minimum of two (2) hours pay at the employees' applicable rate.
- 9.08** Reporting time pay and/or call-out pay is in addition to travel time pay if travel time pay is applicable.

ARTICLE TEN - HOLIDAYS AND VACATIONS

- 10.01** All work performed on the following named holidays, or any such days as may be declared a general holiday by the Provincial Government, shall be paid for at two times (2x) the employee's basic hourly wage rate:
- | | |
|-----------------|------------------------|
| New Year's Day | Family Day |
| Good Friday | Victoria Day |
| Canada Day | Civic Holiday (August) |
| Labour Day | Thanksgiving Day |
| Remembrance Day | Christmas Day |
| Boxing Day. | |
- 10.02** For the purposes of this section, a "regular work day" is a day for which straight time rates would apply and an "overtime day" is a day for which overtime rates would apply to all hours worked.
- Where a General Holiday falls on an overtime day, the General Holiday will be observed on the next regular work day. Under these circumstances, work performed on the day on which the General Holiday falls will be paid at the overtime rates otherwise required by the Collective Agreement, and work

performed on the day on which the General Holiday is then observed will be paid at double time.

- 10.03** In respect to "Industrial" work, the Employer shall pay to the employee for each hour worked (not including any pay for time traveled) a vacation allowance equal to six percent (6%) of the applicable rate of pay, and holiday pay allowance equal to four percent (4%) of the applicable rate of pay.
- 10.04** In respect to "Non-Industrial" work, the Employer shall pay to the employee for each hour worked (as defined in Article Eight hereof) a vacation allowance equal to six percent (6%) of the employee's straight time hourly rate, and a holiday pay allowance equal to four percent (4%) of the employee's straight time hourly rate.
- 10.05** These monies, identified in 10.03 and 10.04 above, are to be paid each pay period with the wages that are due.

- 11.02** The Employer shall contribute as per the applicable wage schedule for each and every hour worked by any employee covered under the terms of this Agreement. Such contributions are to be made by the Employer and no Employer shall deduct such contributions or any part thereof from an employee's wages. Such contributions are a payment in excess of the wage rates set out in this Agreement and do not constitute a payment of wages.
- 11.03** Upon the wages of an employee becoming due, the said contributions shall be calculated by the Employer and the gross contributions of the Employer for all hours worked by all employees under the terms of this Agreement in a month, up to and including the last pay period of the said month shall be forwarded by the Employer to the O. ARTICLE FIFTEEN - LOCAL RESIDENTS, TRANSPORTATION, AND ACCOMMODATION

PROVISIONS FOR INDUSTRIAL WORK:

Articles 15.01 through 15.05 apply only to work which falls within the definition of "industrial" work as set out in Article 5.02.

15.01

Local Residents:

- (a) A local resident is an individual who resides within a seventy-five (75) kilometer radius of the centre of a job site which is beyond daily commuting distance from Edmonton or Calgary or other locations where a hiring hall is located, and has resided within such radius of the site for a period of not less than six (6) months prior to being engaged on the project. It is understood that the hiring of local residents shall be subject to the hiring procedures and prerogatives set out in this agreement.

(b) **Process for Determining Local Status**

Where a question arises as to whether a candidate for employment qualified as a local resident, the designated representatives of the Employer and the Union shall determine the individual's acceptability as to residency only. The Consultative Committee may provide direction in addition to the guidelines set out below to determine the "real residency" test for those people wishing to be designated as a Local Resident.

(c) **Guidelines for determining "Real Residency"**

In making the determination as to whether a person is a "Local Resident" for the purposes of the Collective Agreement, the following factors will be taken into consideration:

- the dwelling place of the person's spouse and dependents;
 - personal property and social ties to the community;
 - residential ties elsewhere;
 - permanence and purpose of residence in a particular community;
 - documentation of:
 - (i) property tax and rent receipts, telephone, gas or other utility receipts;
 - (ii) driver's license
 - (iii) vehicle registration or pink card;
 - (iv) income tax;
 - (v) unemployment insurance documents;
 - (vi) voters' list registration;
 - (vii) employee benefit fund administration registrations.
- (d) Local Residents residing within a forty-five (45) km. radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.

Local residents residing between a forty-five (45) km radius and a seventy-five (75) km radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of thirty-six dollars (\$36.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of nineteen (\$19.00) will be paid for each day worked. For the purposes of determining local residents in the Fort McMurray area, residents of Anzac and Saprae Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay will be considered to be residents of Fort McMurray for projects located south of Fort McMurray.

- (e) Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to the worker. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the jobsite, local residents shall be entitled to receive hot soup.
- (f) Where a Local Resident Employee is required to work overtime, they shall be entitled to overtime meals in accordance with this Agreement.
- (g) The parties agree that the early participation of qualified local resident employees in work undertaken under this agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the parties.

The Parties to the Collective Agreement agree that they will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Agreement. If it is determined that there is an underutilization of Local Resident Members the Parties will meet and address the issue.

15.02 Daily Commuting:

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a)
 - (i) A forty-five (45) kilometer radius free zone from the center of the cities of Edmonton or Calgary (Geodetic Monument) or around any place in which employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower.
 - (ii) No transportation or travel allowance shall be applicable within the free zone (Subject to 15.02(a)(iii) and 15.02(a)(iv)).
 - (iii) Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed five hundred (500), the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.
 - (iv) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five test runs each way, conducted coincident with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty-five minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.
 - (v) It is agreed that if a major petroleum/petro-chemical project is undertaken in the area south of Redwater but north of the free zone such project will be deemed to be included within the free zone.
 - (b) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;

- to provide transportation and pay travel allowance, or
- reimburse the employees, as a vehicle allowance, at the rate of \$0.52 per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The Coordinating Committee and the Building Trades of Alberta shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Council

The travel allowance shall be calculated based on traveling at 80 km per hour, at the employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

Example:

A Journeyman member traveling to a project located 40 road kilometers from the edge of the free zone at 80km per hour each way would receive the following for each day worked:

Travel Allowance:

80 km @ 80 km per hour	
1 hour at base rate of \$42.06 =	\$42.06

Vehicle Allowance:

80 km. @ \$0.52 cents per km. =	\$41.60
For a daily total of:	\$83.66

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (c) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. When the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.

- (d) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (e) When the transportation provided by the Employer for the conveyance of employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the employees shall be paid for all such time in excess of 15 minutes beyond the scheduled departure time, up to a limit of two (2) hours at the applicable straight time rate.
- (f) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of \$0.52 per kilometer traveled if the employee uses their own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (g) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.
- (h) When an employee is being paid subsistence allowance in accordance with Article 15.05 (a)(iii) or (b)(iii), and when there is no accommodation available within forty-five (45) kilometer of the project on which the employee is engaged, the employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometers beyond a forty-five (45) kilometer radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation within a forty-five (45) kilometer radius of the project becomes available, the payment of the travel allowance will cease.

15.03

Initial and return transportation to remote sites:

- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under 15.02(b) would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (b) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:

- (i) up to 200 kilometers - \$88.00 each way;
 - (ii) 200 kilometers to 300 kilometers - \$124.00 each way;
 - (iii) 300 kilometers to 375 kilometers, and the Empress area - \$150.00 ;
 - (iv) over 375 kilometers to 475 kilometers \$224.00 each way , or actual airfare if suitable proof of air transport is provided to the employer.
 - (v) over 475 kilometers - as mutually agreed between the parties to this Agreement to a maximum of \$344.00 each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project/jobsite.
 - (vi) The Initial and Return Transportation Allowances set out herein shall be subject to review in each year of the agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to article 15.02(b), each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment. For example, if for 2015, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2015.
- (b) When transportation is provided by the employer by way of air, bus, or other acceptable surface transportation, prior to the commencement and following the conclusion of a work cycle (being scheduled days of work for which there is no more than a one day of rest scheduled within consecutive scheduled days), an employee, at the time of dispatch, will be allowed to elect to use the such employer provided transportation or to receive collective agreement initial/return/rotation allowances. Buses must comply with Article 15.02 (c).
- An employee who has elected collective agreement initial/return/rotation allowances will no longer be paid any such payments not yet received if transportation is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.
 - An employee who has elected collective agreement initial/return/rotation allowances and who is found using employer provided transportation will become disentitled to further collective agreement initial/return/rotation allowances, as one consequence.

- If a person who elects collective agreement initial/return/rotation allowances uses employer provided transportation for his initial trip that person will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
 - Regulations shall be established for the use of employer provided transportation governing behavior and the use of, e.g., alcohol, tobacco and other substances.
 - Notwithstanding the foregoing, an employee who has elected to use employer provided transportation and who is hired, laid off, or terminated on a day when such transportation is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.
- (c) An Employee will qualify for, and receive with the next regular pay, transportation allowance to the job site after being employed at the site for fifteen (15) calendar days.

If the employee remains on the job until completion of thirty (30) calendar days, the employee shall qualify for return transportation allowance to be paid with his final pay at the subject site.

If, prior to having qualified for either transportation allowance, the employee is laid off, or the job is completed, or the employee is transferred to a different work site which is outside the area for which the transportation allowance was to apply, that employee will be paid any outstanding transportation allowance(s) with their next regular pay.

If the employee is transferred to a different work site that is within the area to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational leave.

15.04 Rotational Leave (Turnarounds):

- (a) On jobs located beyond a three hundred (300) km radius to a maximum of four hundred and seventy-five (475) km from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

- (i) Pay an allowance of \$174.00 after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

Where the Employee accepts Employer supplied transportation they shall not be entitled to the above allowance.

- (ii) Allow Employees Five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (b) On jobs located beyond a four hundred and seventy-five (475) km radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:
 - (i) Provide a negotiated transportation allowance, not to exceed scheduled airline air fare where scheduled air service is available, or pay an allowance of \$312.00 where airline service is not available, after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.
 - (ii) Allow Employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
 - (c) It is further understood and agreed that the above described trips be on a rotation basis at a time authorized in advance by the Employer and at no time more that twenty-five percent (25%) of the working force shall be on such home leave.
 - (d) Where the Employer supplies transportation the Employee shall not be entitled to the above provisions, subject to the provisions of 15.03 (b) save and except that the Employee shall remain eligible for rotational leave as per clauses 15.04 (a) (ii), 15.04 (b) (ii), and 15.04 (c).
 - (e) Time spent away from a jobsite due to a jobsite closure or scheduled vacation of one (1) work week (5 days or 4 days as the case may be) or longer will not be credited towards the accumulation of calendar days for earning a turnaround leave.
 - (f) The Rotational Leave Allowances set out herein shall be subject to review in each year of the agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to article 15.02(b) for each year of the agreement, each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment. For example, if for 2015, the vehicle allowance is increased by 4%,

each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2015.

15.05

- (a) Applicable within a 475 kilometer radius of the centre of Edmonton or Calgary or other hiring hall location (but excluding National Parks)

When an employee is directed or dispatched to work on an out-of-town job, the employer will provide:

- (i) camp accommodation, which shall be available seven (7) days per week; or
- (ii) mutually agreed room and board; or
- (iii) for each day worked, reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten dollars (\$110.00) per day throughout the Province of Alberta except for subsistence rates established for specific communities regions as posted at www.clra.org
- (iv) On a project / jobsite located over two hundred and fifty (250) radius kilometers from the geographic centre of Edmonton or Calgary or other hiring hall location (as applicable) one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.

Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a first or last day of a scheduled shift provided the employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (b) Applicable beyond a four hundred and seventy five (475) kilometer radius of the centre of Edmonton or Calgary or other hiring hall location (excluding National Parks and Northwest Territories)

When an employee is directed or dispatched to work on an out-of-town job which will last at least five days, the employer will provide, on a seven (7) days per week basis:

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 15.05(a)(ii) or 15.05(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of Registered Employers' Organizations, which committee shall make a final and binding decision within five (5) days from the date of referral.
- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three (3) options will satisfy the employer's obligations pursuant to this article.
- (e) (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one of the following options:

Alternatively, an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Building Trades of Alberta that a Subsistence review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.

PROVISIONS FOR NON-INDUSTRIAL WORK

Articles 15.06 through 15.14 apply to that work which is not encompassed by the definition of industrial work set out in Article 5.02; being that work which shall be referred to as commercial / institutional work.

Transportation And Accommodation:

15.06 A seventy five (75) kilometer free zone shall be established around the center of every city, town or village in which employees reside and around every place where accommodation is provided and/or paid for by the Employer. This zone shall apply to all persons covered by this Agreement except local residents.

The following conditions shall apply to all employees engaged in work that is not industrial work, except local residents, within the following radial zones:

Zone 1 Within the Free Zones as noted above, all employees shall be responsible for their own transportation to and from the work site except that where, on remote job sites, conditions are such that private and public transportation is not available and the work area is beyond reasonable walking distance, then the Employer shall provide transportation.

Zone 2 The area lying within the next one hundred (100) kilometers beyond the boundary of the free zones established above, is Zone 2. For any job site

situated within this area the Employer shall supply transportation to and from the work site to the place of accommodation or established central pick-up points, or, at his option, expressed by the Employer in writing, pay vehicle allowance at the rate of fifty two cents (\$0.52) per kilometer from the edge of the free zone, to the job and back, to each employee who, by arrangement with the Employer uses his own vehicle to provide transportation outside the free zone.

On jobs within Zone 5 only, the Employer will allow a return trip to the city in which the Local Union is centered (whichever is closer) after each sixty (60) days of employment on the project and shall grant leave from work for a maximum period of five (5) calendar days. Such trips shall be paid one way upon leaving the job site and reimbursed for the return upon reporting to the job. Rate of reimbursement shall be the equivalent train, bus or air fare only as appropriate.

On remote job sites (i.e. those within Zone 5) and when requested by the employee due to having insufficient funds to return to point of hire, the Employer shall arrange transportation for the employee to point of hire or supply them with an advance on wages due to him.

In the event the Employer and the Union cannot quickly come to an agreement respecting the amount of subsistence that is appropriate for any given project or area, the subsistence allowance shall be based on an analysis by a joint

committee of representatives of the Employer and representatives of the employees, using average room costs in the subject area (on the basis of two (2) men per room), and average costs of meals using predetermined example menu items.

Re: Special Project Needs Agreement (“SPNA”)

Whereas the Parties have entered into a Collective Agreement which shall remain in effect from May 1st, 2015 through April 30, 2019 as set out in the said Collective Agreement, and

Whereas the Parties hereto understand that certain of the provisions of the said Collective Agreement may not be appropriate in the competition for certain projects, and

Whereas the Parties are jointly committed to the enhancement and retention of the share of the market performed by Employers and employees who are bound by the said Collective Agreement,

Now Therefore It Is Agreed As Follows:

1 A SPNA shall be established upon completion of the process set out in this Letter of Understanding and shall be effective for the term set out in the SPNA.

2 An Owner is an organization developing an Industrial Construction project in Alberta.

A Contractor shall be a General Contractor on the date of application bound by at least four (4) Registration Collective Agreements.

The Building Trades shall mean the affiliated Unions of the Building Trades of Alberta.

- 5 If the project gate is within daily commuting distance (within 125 km. of the city centre of either Calgary, or Edmonton or within 45 km. of the city centre of Red Deer) the SPNA for the project shall be in the form Template B posted on www.clra.org
- 6 Within 20 days of the receipt of any application, the Chair of the Coordinating Committee shall deliver to the Parties to this Collective Agreement a proposed form of SPNA. The only change to the applicable Template shall be the location of the project, the scope of the work and the effective date.
- 7 Either Party to this Collective Agreement, who challenges that an applicant owner or contractor meets the requirements in 2 above or that the project meets the requirements of 4 or 5 above, shall file a grievance outlining their challenge within 10 days of receipt of the proposed form of SPNA.

Their decision shall be final and binding upon the Parties.
- 9 Upon completion of the process set out herein, unless the Arbitration Panel rules otherwise, the SPNA shall become effective on the 31st day after the SPNA is received from the Chair of the Coordinating Committee.
- 10 This Letter of Understanding shall terminate with the expiry of this Collective Agreement, provided, however, that any SPNA established under this Letter of Understanding shall continue for the term provided therein.

Re: Rapid Site Access Program

Whereas:

- 1) The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting this objective will correlate to a reduction in workplace incidents.
- 2) The Parties intend to reduce redundant substance testing and related costs and to expedite access to participating worksites.
- 3) Alcohol and other drug work rules, such as the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the “*Canadian Model*”), are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 4) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information.
- 5) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers.
- 6) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and, if necessary, accommodation strategies. Professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the *Canadian Model* and, if necessary, recovering from an addiction and/or dependency to alcohol or other drugs.
- 7) In 2004, the Department of Health and Human Services Substance Abuse and Mental Health Services Administration and, in 2008, leading experts in direct consultation,

confirmed that laboratory oral fluid testing is accurate, reliable and appropriate for unannounced testing. Due to the shorter detection windows than found in urine testing, it was found oral fluid testing is not appropriate for follow-up testing and not appropriate for testing where prior notice of the test is given.

- 8) Several arbitration cases have accepted the validity of laboratory oral fluid testing but in none of those cases was the laboratory oral fluid testing itself the subject of challenge. Accordingly, at the time of signing this agreement the validity of laboratory oral fluid testing has yet to be established in Canadian law.

Now therefore, it is Agreed between the Parties hereto that:

- (a) Subject to (b) and (c) below, the Parties support the implementation of the Rapid Site Access Program and the Union and Employer agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time.
- (b) The Union's agreement in (a) above is subject to the adoption of laboratory based oral fluid testing for the random component of drug testing administered by the Rapid Site Access Program. However, in the event laboratory oral fluid testing is successfully challenged in law the Union agrees urine based testing shall apply.
- (c) Subject to (b) above, where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the registered employers' organization and the Rapid Site Access Administrative Committee.
- (d) For Industrial work, the employer contributions shall be established by the CLR and may be changed by the Board of Directors of Construction Labour Relations – An Alberta Association, and notice to an Employer and the Union from the Association respecting such amendment shall be sufficient. RSAP contributions shall be forwarded to Construction Labour Relations at #207, 2725 – 12th Street N.E., Calgary Alberta T2E 7J2. These contributions shall be used by CLR to provide the funding, among other things, for the third party providers who are responsible for delivering the services in respect to the Rapid Site Access Program.
- (e) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

Re: Referral for Case Managed Aftercare

Whereas:

An individual must be referred to a substance abuse expert following a failure to comply with the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the “Canadian Model”). Once the individual is assessed by a substance abuse expert, recommendations are prepared and disclosed for the purpose of establishing expectations in accordance with the substance abuse expert’s recommendations, entering into a post assessment agreement and supporting compliance with prescribed aftercare.

Pursuant to the Union’s bylaws, after the Union becomes aware a member has violated the Canadian Model or tested non-negative on a site-access A&D test, the member must be assessed by a substance abuse expert and comply with the resulting recommendations as a condition of being eligible for future dispatches.

There are advantages to referring substance abuse expert recommendations to qualified third party professionals for administration on behalf of the Parties. Third party professionals are positioned to offer a higher level of:

- a) confidentiality,
- b) consistency, and
- c) expertise.

Contracting the administration of substance abuse expert recommendations to third party professionals is expected to be more effective in meeting the safety objectives contained in the Canadian Model and increase the quality of service afforded to affected individuals.

Now therefore, it is Agreed between the Parties hereto that:

- 1) Substance abuse expert recommendations arising from contractor administered A&D tests conducted pursuant to the Canadian Model and arising from those who violate Article 3 of the Canadian Model shall be referred to and administered by the RSAP

Third Party Administrator (currently, Organizational Health Incorporated). Such substance abuse expert recommendations shall apply to employment and prospective employment in respect to any collective agreement for which the Union is signatory.

Substance abuse expert recommendations shall be shared with a contractor only if they are in respect to a current employee, one that has contravened article 3 of the Canadian Model while in the employ of that employer.

- 2) Service providers including Organizational Health Incorporated will keep all information in accordance with applicable privacy laws.
- 3) The Association will provide the funding to the third party providers who are responsible for administering substance abuse expert recommendations.
- 4) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

Re: Canadian Model for Providing a Safe Workplace

Whereas the Parties have entered into a Collective Agreement pursuant to Registration Certificate #43, which Collective Agreement is in effect from May 1, 2015, to April 30, 2019 as set out in the said Collective Agreement (the "Collective Agreement"), and

Whereas there is a reference in the Collective Agreement in Article 14.03 (c) to the Canadian Model for Providing a Safe Workplace – Alcohol and Drug Guidelines and Work Rule, October 2005 Edition, as updated by the 2010 Addendum [the "Canadian Model"], and

Whereas the Parties hereto desire to set out the provisions of the Canadian Model dated October 8, 2014, will be applied by agreement under the provisions of Article 14.03 (c) in the Parties' Collective Agreement, and to identify the provisions that, if applied, will be applied unilaterally by the employer,

Now Therefore It is Agreed between the Parties hereto and on behalf of those represented by each of them,

1 Concurrence

Except for the matters set out in articles 2 and 3 below, the *Canadian Model* dated October 8, 2014, Version 5.0, will be implemented by agreement under this Collective Agreement for the purposes set out in section 1.1 of the *Canadian Model*, and the Parties will co-operate with each other in achieving those purposes.

2 Random Testing

Notwithstanding any provisions of the Collective Agreement or any special agreements appended thereto, section 4.6 of the *Canadian Model* will not be applied by agreement. If applied to a worker dispatched by the Union, it will be applied or deemed to be applied unilaterally by the Employer. The Union retains the right to grieve the legality of any imposition of random testing in accordance with the Grievance Procedure set out in this Collective Agreement.

grieve the legality of any imposition of random testing in accordance with the Grievance Procedure set out in this Collective Agreement.

3 Site Access Testing and Dispatch Conditions

Notwithstanding any provisions of the Collective Agreement or any special agreements appended thereto, section 4.7 of the *Canadian Model* will not be applied by agreement. If applied to a worker dispatched by the Union, it will be applied or deemed to be applied unilaterally by the Employer. The Union retains the right to grieve the legality of any imposition of site access testing in accordance with the Grievance Procedure set out in this Collective Agreement.

If the Employer acting independently or as agent of the owner or if the owner itself imposes site access testing, section 5.5 of the *Canadian Model* will not be applicable to testing pursuant to section 4.7. In addition, neither the Union nor the individual will be under any obligation under the *Canadian Model* with respect to such a positive test.

4 Test Results

The employer, upon request from an employee or former employee, will provide the confidential written report issued pursuant to 4.9 of the *Canadian Model* in respect to that employee or former employee.

5 Collection Site Documentation

In the event that an individual's collection is determined to be incomplete or a refusal, with the consent and authorization of the individual, the Union shall, upon request, be promptly provided with the information documented pursuant to sections II (10) and/or III (11) of Appendix A of the *Canadian Model*.

6 Reasonable Cause and Post Incident Testing

Any drug testing required by the employer pursuant to 4.4, 4.5 or 4.6 of the *Canadian Model* shall be conducted by oral fluid testing in accordance with 4.8.2 of the *Canadian Model*.

7 Collection Site Documentation

In the event that an individual's collection is determined to be incomplete or a refusal, with the consent and authorization of the individual, the Union shall, upon request, be promptly provided with the information documented pursuant to sections II (10) and/or III (11) of Appendix A of the *Canadian Model*.

8 Point of Collection Testing (POCT)

If an employer requests a worker to participate in a POCT risk assessment pursuant to 4.8.5 of the *Canadian Model* v. 5.0, and the worker provides the urine sample, and the laboratory drug test is negative, the worker shall be paid for any time the worker would have otherwise worked while waiting for the laboratory result, except for such discipline that was justified by the worker's conduct in respect to the incident or reasons for the test request. If the worker declines to provide the sample for the POCT

risk assessment and the laboratory drug test result is negative, the worker shall not be entitled to any pay for time the worker would have otherwise worked while waiting for the laboratory result.
