It is understood that the 15% minimum participation by aboriginal workers will be maintained provided sufficient numbers of qualified and competent aboriginal workers are available to work on the project on a full time basis. The contractor will process the apprenticeship of qualified aboriginal tradesmen if requested.

5.10 The parties recognize that it is in their mutual best interest to include significant involvement of women, aboriginal peoples and Registered Apprenticeship Program (RAP) students in the workforce. The Employer and the Union agree to cooperate in initiatives to this end.

ARTICLE SEVEN - HOURS OF WORK

7.01 Hours of Work and Overtime Applicable to Industrial Projects:

The regular hours of work shall be eight (8) hours per day/five days per week or ten (10) hours per day/four days per week, to a maximum of forty (40) hours per week.

excess of ten hours per day or on a Saturday or Sunday will be paid at double the applicable base wage rate.

Hours lost due to inclement weather may be made up at straight time rates as agreed between the Foreman and the crew.

- (c) When work is performed on out of town projects and where the ten (10) hour day straight time provisions are implemented (as referenced in (a)) and the crew is required by the Employer to stay in the area over the weekend then, if the crew requests the right to work on Saturday and work is available, that work will be made available even if Saturday is deemed to be an overtime day.
- (d) In the event that the Employer requires the Employees to work on a Saturday, and forty-four (44) hours straight time has already been achieved, then mandatory work on a Saturday will be paid at one and one-half times (1.5x) the basic hourly rate, however if five eight hour days is the established work practice, then mandatory overtime starts after forty-four (44) hours.

One-half (1/2) hour at the straight time rate of pay shall be allowed for the consumption of the meal. Should an Employee be requested to continue work, then an additional hot meal shall be provided every additional four (4) hours under the same conditions as above.

On projects when is it impractical for the contractor to provide a meal the Employee shall be paid a fifteen (15) minute paid break at the applicable rate of pay and the Employer shall pay a meal allowance of forty (40) dollars in lieu of the meal and

time spent to consume the meal. This shall not apply in a circumstance where the overtime is projected to extend the work day beyond twelve (12) hours.

Where a supervisor is required to:

- (i) start up to one (1) hour earlier, or
- (ii) finish up to one (1) hour later, or
- (iii) start up to one half (½) hour earlier and finish up to one half (½) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions in the paragraph above will not apply unless those provisions are applicable to the rest of the crew.

7.06 When an Employee reports to work at the regular starting time and such employee is directed to remain on the work site, but not put to work, the Employee shall be entitled to a minimum of two (2) hours pay at the applicable rate of pay or any longer period that they are directed to remain on the work site. These conditions shall also apply to employees put to work and later sent home prior to the end of the regular shift.

7.07 The parties understand and agree that on remote job sites or where special conditions apply, scheduling of extended work days / days off may be beneficial to the completion of the work, and in those circumstances the Employer and the Union will mutually agree to a work schedule to meet job conditions. Special Project needs will be addressed by the Parties in concert with other stakeholders in accordance with the process established by the Alberta Building Trades Council and the Coordinating Committee of Registered Employers' Organizations.

When Christmas falls on Saturday or Sunday, the following Monday and Tuesday shall be observed as the holidays.

Where a General Holiday falls on a day for which the Collective Agreement requires, but for the General Holiday, that overtime rates be paid for all hours worked, the General Holiday will be observed on the next day for which the

Collective Agreement prescribes straight time rates for the regular working day as set out in Article 7.01 or 7.02. Under these circumstances, work performed on the date on which the General Holiday falls will be paid at the overtime rates otherwise required by the Collective Agreement, and work performed on the day on which the General Holiday is then observed will be paid at double time.

(b) No work shall be performed on Labour Day except in an emergency situation.

It is understood that the hiring of local residents shall be subject to the hiring procedures and prerogatives set out in this agreement.

(b) Local Residents residing within a forty-five (45) km. radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.

Local residents residing between a forty-five (45) km radius and a seventy-five (75) km radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of thirty six dollars (\$36.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of nineteen dollars (\$19.00) will be paid for each day worked. For the purposes of determining local residents in the Fort McMurray area, residents of Anzac and Saprae Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay

will be considered to be residents of Fort McMurray for projects located south of Fort McMurray

- (c) Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the job site, Local Residents shall also be entitled to receive hot soup.
- (d) Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.
- (e) The parties agree that the early participation of qualified local resident employees in work undertaken under this agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the parties. The Parties to the Collective Agreement agree that they will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Agreement. If it is determined that there is an underutilization of Local Resident Members the Parties will meet and address the issue.

A/ TRAVEL AND ACCOMMODATION FOR INDUSTRIAL PROJECTS

9.02 The following conditions as listed in clauses 9.02 to 9.04 will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) (i) A forty-five (45) kilometer radius free zone from the center of the cities of Edmonton or Calgary; (Geodetic Monument) or around any place in which employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument for Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower. No transportation or travel allowance shall be applicable within the free zone.
- (ii) No transportation or travel allowance shall be applicable within the free zone (subject to **9.02(a)(iii)** and **9.02(b)**)
- (iii) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five test runs each way, conducted coincident with the times when workers are in transit. This

determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty five minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.

- (b) Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the bus transportation system of those cities, where it is expected that the total construction workforce will exceed 500, the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.

INDUSTRIAL

- 9.03 (a) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
- to provide transportation and pay travel allowance, or
 - reimburse the employees, as a vehicle allowance, at the rate of forty nine cents (\$0.49) per kilometer traveled each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at 80 km per hour, at the employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

The Coordinating Committee and the Building Trades of Alberta shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Building Trades of Alberta.

- (b) Where the Employer supplies the transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. Where the employer is supplying transportation, and when the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- (c) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (d) When the transportation provided by the Employer for the conveyance of employees is delayed by circumstances beyond the control of the employees, the employees shall be paid for all such time, up to a limit of two (2) hours at the applicable straight time rate.
- (e) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of forty seven nine cents (\$0.49) per kilometer traveled if the employee uses his own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (f) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.

Whitecourt	\$130.00

Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 9.04(a)(ii) or 9.04(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades of Alberta and the Coordinating Committee of registered employers' organizations, which committee shall make a final and binding decision within five days from the date of referral.

- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the employer's obligations pursuant to this article.
- (e) (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one of the following options:
- provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Building Trades of Alberta issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively, an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Building Trades of Alberta that a Subsistence review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Building Trades of Alberta and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as

may be agreed by the Coordinating Committee and the Building Trades of Alberta.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article 14.00. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades of Alberta. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.
- (v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;
- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
 - Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at
 - The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.

- Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.

- To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to medical, work site, or weather conditions.
- In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
- It is expected the circumstances to which this provision applies will be of short duration.

(ii) If an Employee chooses to leave before the completion of the shift without the consent of the Employer he will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). If an Employee chooses to leave before the completion of the shift with the consent of the Employer he will be paid a full day's subsistence if less than half a shift is worked.

 - (ii) If Oil Price is \$60 or greater, but less than \$90, one half of CPI Change multiplied by Group 4 Average Wage.

Schedule 1: Example Calculations

The following are examples only, for the purposes of explaining the formulae in the Letter of Understanding re Wage Determination, and are not to be used for determining compensation.

Example 1: January 2012 Calculation for Trade X:

Hypothetically:

- Gross Wage Rate for Trade X = \$54.00
- CPI Change December 2010 – December 2011 = 1.5% (under the 2% minimum).
- Group 4 Average Wage = \$55.00
(Assume the Total of the Industrial Gross Rates Effective on April 1st, 2012 for Boilermaker, Bricklayer Refractory, Carpenter, Electrician, Millwright, and Pipefitter, divided by 6 = \$55.00)

May 2012 increase for Trade X: $(2\% \div 2) \times \$55.00 = \0.55

November 2012 increase for Trade X: $(2\% \div 2) \times \$54.00 = \0.54

Example 2: January 2013 Calculation for Trade X:

Hypothetically:

- Oil Price Average, July – December 2012 = \$96.66
- CPI Change December 2011 – December 2012 = 1.5%.
- Group 4 Average Wage April 1st, 2013 = \$55.00

May 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$55.00 = \$0.55$

Example 3: July 2013 Calculation for Trade X:

Hypothetically:

- April 1st, 2013 Gross Wage Rate for Trade X = \$54.00
- Oil Price Average, January – June, 2013 = \$91.55
- CPI Change June 2012 – June 2013 = 1.5%.

November 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$54.00 = \$0.54$

Check against 2013 annual 5% limit:

$\$0.55 + \$0.54 = \$0.99$, which is less than the 2013 limit of $\$54.00 \times 5\% = \2.70
