Re: Process to Address Non Payment of Employer Contributions to Funds

Whereas

The Parties are committed to ensuring compliance with Employer Fund Contributions in a timely fashion,

Now therefore, it is Agreed between the Parties hereto that:

In the event of a failure by an Employer to make the contributions required, in a timely manner to any trusteed fund constituted under this collective agreement, the trustees of such a fund may, on their behalf either in their joint names or by way of the union as their agent, take legal action before a court of competent jurisdiction notwithstanding the Grievance and Arbitration provision of this Collective Agreement. Such recourse to a competent court shall and shall be deemed to extend to the determination and to the collection of contributions, any interest or penalties for failure to remit, enforcement of obligations arising under the applicable trust deed or any other such matter.

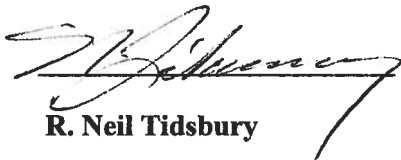

The parties are mindful of the Grievance and Arbitration provisions of the Collective Agreement and agree that the time limits set out to deal with “normal labour relations issues” when considered in the context of the collection of contributions to trust funds are inadequate and inappropriate. As such they mutually agree that those time limits do not apply to the collection of any contributions to trust funds and

in the place and stead of such time limits agree that the time limitations set out to deal with issues addressed in this provision shall be six (6) months.

Re: Wage Schedule for Temporary Foreign Workers for Industrial Work

Whereas the Parties have entered into a Collective Agreement which shall remain in effect from July 15, 2007 to April 30, 2011 as set out in the said Collective Agreement, and

Whereas, the Parties mutually desire to have the Employer’s contributions to the Asbestos Workers’ Pension Plan of Alberta (hereinafter referred to the “Pension Plan”) ceased for Temporary Foreign Workers when they are employed under the terms of the Collective Agreement for the General Construction Sector and diverted into wages in accordance with the provisions of this Letter of Understanding.

Now Therefore It Is Agreed between the Parties hereto that:

Notwithstanding any provision of this Collective Agreement, if a Temporary Foreign Worker is engaged in employment for which the Employer’s contributions would otherwise be made to the Pension Plan, those contributions will be paid as wages (including Holiday and Vacation Pay) directly to the Employee by the Employer. This Letter of Understanding applies only to the wage rates for the Journeyman and those rates referenced in this Letter of Understanding will apply. These rates will be amended when necessary as a consequence of any change to the base rates, CPP, EI or WCB rates.

In no event will this create a greater gross hourly rate of compensation for the Employee paid by the Employer nor will it increase the Employer’s total payroll burden due to changes in the wages which would result in greater Employer statutory contributions (C.P.P., E.I., W.C.B.). Accordingly any future increases in statutory contributions will be offset by reducing the amounts paid in wages.

It is understood that either the Association or the Union may terminate this Letter of Understanding by giving written notice to the Party and the wage rates for the affected Employees will revert to those referenced in Article 9.00 of the Collective Agreement within thirty days of the notice being given.

The provisions of this Letter of Understanding shall create no responsibility or liability on the Employer or the Union to the Pension Plan or to the Employee in respect of any actions taken in accordance with this Letter of Understanding including giving notice to terminate it.

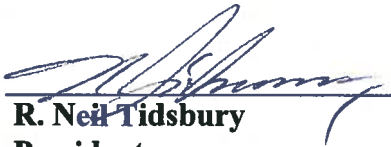

The effective date of this Letter of Understanding is the date of signing.

**IMPORTANT NOTICE TO THE
CLR INSULATORS (PROVINCIAL) TRADE DIVISION**

Please pass this message along to your payroll personnel.

Dear Sir or Madam:

Please accept this as formal notice that the Insulator members, on the recommendation the Business Manager, Executive and Union officers, **have voted in favour of freezing wages for both commercial and industrial work. Wage increases contemplated in the collective agreement are thus deferred until at least December 31, 2009.** In November and December there will be a further review of current economic and market factors to determine what course of action would be appropriate for the health and promotion of the unionized Insulation Industry at that time.

Accordingly, the May 2009 scheduled wage increases do not apply and the current collective agreement rates continue until further notice. There is no need to adjust your payroll rates for Insulators at this time.

Over the last few months, a number of contractors have written letters to Bill Spring expressing concerns with the May increases. In those letters and in follow-up discussions, it was suggested relief from the scheduled May increases would assist contractors secure work. Also, such a move would send a message to owners/clients that the Insulators Union Local 110 is a true partner in addressing the economic and investment climate we are currently facing.

(Attached: email from Bill communicating the results of his membership meeting, and letter from Trade Division to Bill requesting the deferral).

Please contact the CLR office for further clarification.

Subject: Frozen deferred insulator wages

Sam:

As discussed between you and I last week, the general membership of Local 110 at a general membership meeting held on Saturday April 4, 2009 passed a motion at the recommendation of myself, all of the other Local 110 Business Agents and Officers, to freeze our union's commercial and industrial wage rates for construction and maintenance work in the Province of Alberta, deferring the upcoming May 3, 2009 6.5% increase at least until December 31, 2009 and reviewing key economic factors at another general membership meeting on December 12, 2009 to decide on a going forward basis what increases in accordance with the Collective Agreement will be required thereafter.

Except as specifically modified by the terms of this Agreement the Employer reserves all of the historic or traditional rights of management.
- 3.02** The Union agrees that any Agreement signed with an independent Employer or company shall be identical with this Agreement. Exceptions to this Agreement will be Local Maintenance Agreements, International Maintenance Agreements, or Asbestos Removal Agreements.

- 4.03** The Employers shall recognize the Union as the bargaining agent for all employees coming within the scope of this Agreement.

ARTICLE 5.00 - HOURS OF WORK

Articles 5.01 through 5.08 shall apply to Commercial / Institutional work only.

5.01

- (a) The regular work week shall consist of forty (40) hours per week between 8:00 a.m. Monday and 4:30 p.m. Friday. Regular daily hours shall be eight (8) hours per day from 8:00 a.m. to 4:30 p.m. The Employer may vary the start/quit times by changing the scheduled starting time up to two (2) hours at his option. Variances beyond two (2) hours shall only occur if mutually agreed to by the Employer and Business Manager and/or Business Agent of the Union and the consent to variance will not be unreasonably withheld.
- (b) As an option the Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Friday period.
- (c) On projects where terms and conditions indicate the need for special overtime provisions, the Union and the Employers' Bargaining Agent may mutually agree to provisions that allow for straight time off for overtime hours worked. It is understood that any such provisions agreed to will apply to all contractors covered by this agreement who are bidding on the project in question.

5.02

Lunch period shall be one-half (½) hour unless otherwise agreed to by the Business Manager and/or Business Agent and the Employer. There shall

be two (2) coffee breaks; one in the first half and one in the second half of each shift or shifts and, after each two (2) hours of overtime.

5.03 If an employee is required to return to work before an eight (8) hour break occurs he shall be paid one and one half (1½) times the basic rate of pay. If an eight (8) hour break does not occur before the employees' regular daily hours of work commence then one and one half (1½) times the basic rate of pay shall apply for that entire shift of hours.

5.04 Employees, when asked to work extended daily hours in excess of eleven (11) hours, shall be supplied with a hot meal (where possible) following the tenth (10th) hour, and every four (4) hours thereafter until the shift is ended, at the company's expense. There shall be a half (½) hour rest period for eating and where it is necessary for the employee on the project to leave to procure a hot meal the Employer shall allow travel time to and from the restaurant or place where a meal can be obtained. The Employer shall be responsible for all time consumed while fulfilling these conditions and the employees shall be paid at the prevailing straight time rates for such meal breaks. Where no meal is provided, pay of one half hour at the applicable rate of pay (time and one half) will be paid in lieu of the meal and the time spent to consume it.

Where a supervisor is required to:

- (i) start up to one (1) hour earlier, or
- (ii) finish up to one (1) hour later, or
- (iii) start up to one half (½) hour earlier and finish up to one half (½) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions in the paragraph above will not apply unless those provisions are applicable to the rest of the crew.

5.05 All overtime shall be paid at the rate of time and one-half (1.5x) except for Statutory Holidays which shall be paid at the rate of double time (2x).

5.06 For those employees who so elect, regular hours lost during the week due to inclement weather may be rescheduled by the Employer to be made up on Saturday at straight time rates, up to a maximum of forty (40) hours per week (reduced appropriately when a general holiday occurs during that week).

5.07 The parties understand and agree that on remote job sites or where special conditions apply, scheduling of extended work days / days off may be beneficial to the completion of the work, and in those circumstances the Employer and the Union will mutually agree to a work schedule to meet job conditions. Special Project needs will be addressed by the Parties in

concert with other stakeholders in accordance with the process established by the Alberta Building Trades Council and the Coordinating Committee of Registered Employers' Organizations.

5.08 Work In Occupied Premises

Notwithstanding the above, where conditions are such that work must be carried out on occupied premises, then the work may be done at regular straight time rates during any hours which may constitute a regular shift for that job provided only that overtime rates will apply for all hours over the weekly limits elsewhere specified.

5.09 The paragraphs of Article 5.00 are designed to identify the regular hours of work, shift hours, and overtime hours, and are not to be construed as a guarantee of hours of work per day, per week, or with respect to days in any week.

Articles 5.10 through 5.14 shall apply to Industrial work only.

5.10

- (b) As an option the Employer may schedule ten (10) hours per day Monday through Thursday if notice has been given to all the employees involved on a day during the previous work week. The Employer may revert back to the five (5) day work week by giving the same notice. Where this option is implemented the start time will normally be 7:00 a.m. which may be varied by up to one hour in either direction to meet site scheduling needs. Any variance to the Monday through Thursday schedule will require mutual agreement.
- (c) Overtime rates shall be as follows:
 - (i) time and one-half ($1\frac{1}{2} \times$) for the first two hours of overtime worked on a week day, being Monday through Friday inclusive,

- (ii) when compressed work weeks are scheduled pursuant to Article 5.10(b) on a Monday through Thursday basis, time and one-half (1½ x) shall apply to the first ten (10) hours worked on the Friday,
- (iii) double time (2x) shall apply to all overtime hours that are not included in (i) and (ii) above.

5.11 Lunch period shall be one-half (½) hour unless otherwise agreed to by the Business Manager and/or Business Agent and the Employer. There shall be two (2) coffee breaks; one in the first half and one in the second half of each shift or shifts, and after each two (2) hours of overtime.

5.12 If an employee is required to return to work before an eight (8) hour break occurs he shall be paid double time the rate of pay. If an eight (8) hour break does not occur before the employee's regular daily hours of work commence then double time shall apply for that entire shift of hours.

5.13 Employees, when asked to work overtime after the regular work day has finished, shall be supplied with a hot full course meal (where possible) (excluding T.V. dinners) and every four (4) hours thereafter until the shift is ended at the company's expense. There shall be a half (½) hour rest period for eating and where it is necessary for the employee on the project to leave to procure a hot meal the Employer shall allow travel time to and from the restaurant or place where a meal can be obtained. The Employer shall be responsible for all time consumed while fulfilling these conditions and the employees shall be paid at the prevailing overtime rates. Where no meal is provided, pay of one half hour at the applicable rate of pay (double time) will be paid in lieu of the meal and the time spent to consume it.

Where a supervisor is required to:

- (i) start up to one (1) hour earlier, or
- (ii) finish up to one (1) hour later, or
- (iii) start up to one half (½) hour earlier and finish up to one half (½) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions in the paragraph above will not apply unless those provisions are applicable to the rest of the crew.

This section will only apply when employees are asked to work in excess of ten (10) hours and shall also apply to shift work.

5.14 (a) The parties understand and agree that on remote job sites or where special conditions apply, scheduling of extended work days / days off may be beneficial to the completion of the work, and in those

circumstances the Employer and the Union will mutually agree to a work schedule to meet job conditions.

- (b) Special Project needs may be addressed by the Parties in concert with other stakeholders in accordance with the process established by the Alberta Building Trades Council and the Coordinating Committee of Registered Employers' Organizations.

Wage Re-opener

With the understanding that circumstances in the industry could change over the course of a four year agreement it is hereby agreed that between 90 and 120 days prior to either May 3/09 or May 2/10, but not both, either Party may give to the other Party notice that they wish to renegotiate the wage rates applicable to this Clause only, for the balance of the term of the Collective Agreement. Upon receipt of such notice the Parties will have until 60 days prior to the closest date noted above to reach agreement, failing that the dispute will automatically be submitted to an Arbitration Panel consisting of Mr. Stan Lanyon (or if he is not mutually agreed to at the time, an alternate agreed by the Parties prior to the submission to Arbitration) and one nominee appointed by each Party whose names shall be provided to the other respective Party within two weeks of the notice to renegotiate being received. It is understood that the only matter in dispute can be the wages contained in this Clause and the wages contained in any of the other Wage Clauses which have this Provision attached to them. The Arbitration Panel will conduct a hearing within 30 calendar days of having the dispute referred to them and will issue a decision prior to the closest of the two dates noted above. The Arbitration Panel will have the authority to determine the issues in dispute in the remaining term of the Collective Agreement only and can not make any decision having retroactive effect. The Arbitration Panel shall be restricted to choosing from one of the following three options;

1. The final offer for settlement of the dispute as made by the Union to the Trade Division prior to submitting the matter to Arbitration (provided such offer is consistent with the conditions stipulated above and, if it is not, then the decision shall only relate to such portions of the offer that conform to the stipulated conditions above)
2. The final offer for settlement of the dispute as made by the Trade Division to the Union prior to submitting the matter to Arbitration (provided such offer is consistent with the conditions stipulated above and, if it is not, then the decision shall only relate to such portions of the offer that conform to the stipulated conditions above)
3. The Wage Schedule that is in the Collective Agreement produced by the calculations contained in this Memorandum of Agreement continues unchanged for the balance of the term of the Collective Agreement.

A notice to renegotiate may only be made once for this Clause during the life of this Agreement therefore if Notice is provided by either Party to renegotiate this Clause on the May 3/09 the result of that will be final for the term of the Agreement and can not be reopened on May 2/10.

9.02 Apprentices shall be paid in accordance with the Insulator Trade Regulation (Alberta Regulation 19-96) as amended from time to time.

In the event of an amendment to existing or new regulations taking effect the term of Apprenticeship and Rate of Wages for apprentices indentured prior to any such changes will be as per the apprentices' existing contract.

9.03 There shall be a minimum of one (1) foreman for the first three (3) employees who can supervise upwards to fifteen (15) employees, and one (1) foreman for every fifteen (15) employees thereafter. Foremen shall be journeymen members of Local 110 and shall receive five dollars and nine cents (\$5.09) over the journeyman's base rate for industrial work and three dollars and eighty five cents (\$3.85) for commercial work. No foreman shall supervise more than fifteen (15) employees at any time.

9.04 Pay day shall be weekly for industrial work and weekly or biweekly for commercial / institutional work and not more than one (1) week's pay may be held back unless other arrangements are made between the Employer and the Union. Payment may be by cheque or direct deposit at the option of the Employer.

If full payment for hours worked is not received on a regularly scheduled payday one of the following shall apply:

- (a) If more than one full day of pay is owed, the outstanding hours will be paid within four (4) calendar days.

In the event the employee's pay is not received within the time frame set out above the employee will be paid four (4) hours for each regularly scheduled working day until said outstanding pay is received.

(b) If one full day's pay or less is owed, the outstanding hours will be paid on the next payday.

- 9.05** A complete statement of the employee's earnings and deductions shall be shown on each pay cheque or on a separate statement if direct deposit is used. The statement shall include: the number of hours worked at regular rates; overtime rates; shift work; travel time; amount of weekly vacation pay and recognized holiday pay; plus all other deductions such as Employment Insurance, C.P.P., union dues, income tax allowances, etc.
- 9.06** Employees shall receive face value for their pay cheques and the exchange shall be the responsibility of the Employer.
- 9.07** Except for valid reasons agreed to by the Joint Trade Board, employees shall receive their pay prior to quitting time on payday or be paid four (4) hours for each regularly scheduled working day until their cheque arrives.
- 9.08** The Union will only classify workers as having Journeyman C status if they have been provided with proof that at least 7200 hours have been worked in the insulation trade in accordance with the Apprenticeship and Industry Training Act and the Union deem that the individual has Journeyman skills. While having Journeyman C status the worker will be considered a Journeyman for the purposes of this agreement except that he will not be eligible to be appointed as a foreman and the Employer will accept a Journeyman C being dispatched. Prior to dispatching a Journeyman C the Union will notify the Employer.

In order to gain Journeyman B status the Employer will evaluate the skills of the Journeyman C within 30 days after the completion of 400 hours worked as a Journeyman C for 1 or more employers. That employer(s) will determine if he /she has the requisite Journeyman skills and if not determine what apprentice level of skill they have. Representatives of the Training Trust Fund will provide input into this assessment, provide upgrading if required and will determine the outcome if the employer does not participate in the assessment in accordance with this clause The worker can either accept that assignment and corresponding wage rate and benefits or accept a layoff for "other reasons" being not sufficient skills to perform the job that they were dispatched to do. If the employee elects a layoff, that employee shall not be entitled to any travel provisions outlined in Article 10.02. The Employer will provide the Union with the worker evaluation in writing. Each of any of those employers involved while

those 400 hours being worked will provide an assessment upon termination. The last employer involved will do the final assessment.

In order to gain Journeyman B status the worker must have three such written evaluations from different Employers indicating that the worker is at the Journeyman B level. Alternately the worker could gain Journeyman B status with two such Employer evaluations covering at least 800 hours worked.

Such evaluations and resulting classification assignments shall not be subject to the grievance procedure.

This method to acquire Journeyman B status is not intended to detract from the formal means to acquire Journeyman status by completing an apprenticeship through in accordance with the Apprenticeship and Industry Training Act but rather to recognize those individuals who have been working in the insulation trade for a considerable time and have acquired all the skills expected of an experienced journeyman.

ARTICLE 10.00 - TRAVEL, TRAVEL ALLOWANCE, TRANSPORTATION AND ACCOMMODATION

Articles 10.01 through 10.04 shall apply to industrial work only.

10.01 DAILY COMMUTING

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a)** A forty-five (45) kilometer radius free zone from the centers of the cities in which Local Unions are centered (Geodetic Monument), or around any place in which employees are temporarily domiciled by the Employer, shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower.

No transportation or travel allowance shall be applicable within the free zone.

- (b)** Notwithstanding Article 10.01 (a), on major construction projects located within the free zone, around the cities of Edmonton and Calgary but beyond the city bus transportation system of those

cities, where it is projected that the total construction workforce will exceed 750 multi-trade construction employees, the affected Parties shall meet to discuss the viability of implementing a system of providing transportation to the site.

- (c) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
 - (i) to provide transportation and pay travel allowance, or
 - (ii) reimburse the employees, as a vehicle allowance, at the rate of forty seven cents (\$0.47) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The Coordinating Committee and the Alberta Building Trades Council shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Council.

The travel allowance shall be calculated based on traveling at eighty (80) km per hour, at the employee's applicable base rate, from the point where the edge of the forty-five (45) km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

e.g.: A Journeyman member traveling to a project located forty (40) road kilometers from the edge of the free zone at eighty (80) km per hour each way would receive the following for each day worked (effective on May 04-08):

Travel Allowance:

80 km @ 80 km per hour = 1 hour at base rate of \$ = \$36.49

Vehicle Allowance: 80 km. @ \$0.49 cents per km. = \$39.20

For a daily total of = \$75.69

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (d) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. When the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- (e) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid any transportation allowance for that day.
- (f) When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the Employees shall be paid for all such time in excess of 15 minutes beyond the scheduled departure time, up to a limit of two (2) hours at the applicable straight time rate.
- (g) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of forty seven cents (47 ¢) (49 cents effective May 04-08) per kilometer traveled if the employee uses his own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (h) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.
- (i) When an employee is being paid subsistence allowance in accordance with Article 10.04 (a) or (b), and when there is no accommodation available within 45 km. of the project on which the employee is engaged, the employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometres beyond a 45 kilometre radius of the project that would be required to travel each way

from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation within a 45 kilometre radius of the project becomes available, the payment of the travel allowance will cease.

10.02 INITIAL AND RETURN TRANSPORTATION TO REMOTE SITES

- (a)** Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under 10.01(c) would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (b) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:
 - (i)** up to 200 kilometers - \$77.00 (Note \$84.00 on May 3, 2009) each way;
 - (ii)** 201 kilometers to 300 kilometers - \$110.00 (Note \$120.00 on May 3, 2009) each way
 - (iii)** 301 kilometers to 375 kilometers, and the Empress area - \$132.00 (Note \$144.00 on May 3, 2009) each way
 - (iv)** over 375 kilometers to 475 kilometers - \$198.00 (Note \$216 on May 3, 2009) each way, or actual Airfare if suitable proof of air transport is provided to the employer.
 - (v)** over 475 kilometers - as mutually agreed between the Parties to this Agreement to a maximum of \$302.50 (Note \$330.00 on May 3, 2009) each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project / jobsite.
- (b)** Notwithstanding the provisions of (a) above, when transportation is provided by the Employer, no travel allowance will be paid.
 - (i)** When transportation is provided by the employer by way of air, bus, or other acceptable surface transportation, prior to the commencement and following the conclusion of a work cycle (being scheduled days of work for which there is no more than a one day of rest scheduled within consecutive scheduled days) an employee, at the time of dispatch, will be allowed to elect to use the employer supplied transportation or to receive collective agreement initial/return/rotation allowances. Buses must comply with Article 10.01(d).
 - (ii)** An employee who has elected collective agreement initial / return / rotation allowances will no longer be paid any such

payments not yet received if transportation is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.

- (iii) An employee who has elected collective agreement initial / return / rotation allowances and who is found using employer supplied transportation will become disentitled to further collective agreement initial / return / rotation allowances, as one consequence.
- (iv) If an employee who elects collective agreement initial / return / rotation allowances uses employer supplied transportation for his initial trip that employee will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
- (v) Regulations shall be established for the use of employer supplied transportation governing behaviour and the use of, e.g., alcohol, tobacco and other substances.
- (vi) Notwithstanding the foregoing, an employee who has elected to use employer supplied transportation and who is hired, laid off, or terminated on a day when such transportation is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation to or from the site to the nearest commercial bus terminal, or equivalent taxi fare.

- (c) Employees will qualify for, and receive initial transportation allowance to the job site after being employed at the site for either fifteen (15) calendar days or completion of the job, whichever is the lesser.

Should the employee remain on the job until completion of thirty (30) calendar days, or until completion of the dispatched job requirement, whichever may be the lesser, they shall receive the return transportation allowance to be paid with his final pay cheque.

If the employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake Region, etc.), that employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the employee is transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an employee choose not to accept a transfer,

he/she shall be paid all applicable travel allowances and be considered to be laid off.

10.03 ROTATIONAL LEAVE (TURNAROUNDS)

- (a)** On jobs located beyond a three hundred (300) km radius to a maximum of four hundred and seventy-five (475) km from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

- (i)** Pay an allowance of one hundred and fifty-four dollars (\$154.00) (effective May 3, 2009, one hundred sixty-eight dollars (\$168.00)) after thirty-five (35) calendar days of employment on the job and every thirty five (35) calendar days of employment following return from a rotational leave.

Where the Employee accepts Employer supplied transportation he shall not be entitled to the above allowance.

- (ii)** Allow Employees Five (5) working days leave after the first thirty-five (35) calendar days of employment on the job and every thirty five (35) calendar days of employment following return from a rotational leave.

- (b)** On jobs located beyond a four hundred and seventy-five (475) km radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

- (i)** Provide a negotiated transportation allowance, not to exceed scheduled air line air fare where scheduled air service is available, or pay an allowance of two hundred and seventy-five dollars (\$275.00) (effective May 3, 2009, three hundred dollars (\$300.00)) where airline service is not available, after thirty-five (35) calendar days of employment on the job and every thirty five (35) calendar days of employment following return from a rotational leave.
 - (ii)** Allow Employees Five (5) working days leave after each thirty-five (35) calendar days of employment on the job and every thirty five (35) calendar days of employment following return from a rotational leave..

- (c) It is further understood and agreed that the above described trips be on a rotation basis and at no time more than twenty-five percent (25%) of the working force shall be on such home leave.
- (d) Where the Employer supplies transportation the employee shall not be entitled to the above allowances, subject to the provisions of 10.02 (b) save and except that the Employee shall remain eligible for rotational leave as per clauses 10.03 (a)(ii), 10.03 (b)(ii), and 10.03 (c).
- (e) Time spent away from a jobsite due to a jobsite closure or scheduled vacation of one work week (5 days or 4 days as the case may be) or longer will not be credited towards the accumulation of calendar days for earning a turnaround leave.

On a project located over two hundred and fifty (250) radius kilometers from the centre of Edmonton or Calgary or other hiring hall location, one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.

Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a Monday or Friday (Thursday where a compressed work week schedule is in effect) provided the employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (b) Applicable beyond a 475 kilometer radius of the centre of Edmonton or Calgary or other hiring hall location (excluding National Parks and Northwest Territories)

When an employee is directed or dispatched to work on an out-of-town job which will last at least five days, the employer will provide, on a seven (7) days per week basis:

- (i) camp accommodation; or
- (ii) mutually agreed room and board; or

- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred dollars (\$100.00) per day.

Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 10.04(a)(ii) or 10.04(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of Registered Employers' Organizations, which committee shall make a final and binding decision within five days from the date of referral.
- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the employer's obligations pursuant to this article.
- (e)
 - (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one of the following options:
 - provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
 - (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the

Executive Director of the Alberta Building Trades Council issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Alberta Building Trades Council that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.

- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Alberta Building Trades Council and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of section 135 of the Alberta Labour Relations Code. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or

communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.

- (v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;
- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
 - Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at.
 - The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
 - Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the

calendar year may be made by either the Employer or the Union.

(f) Applicable to all Regions

- (i)** Employees unable to work due to legitimate illness, material shortage, job site conditions, or inclement weather and for whom it is not practical to return to their respective primary Alberta residence shall receive their board and room or daily allowance for those work days they were scheduled to work during the period such circumstances continue where an employee does not leave his temporary accommodation up to a maximum of three (3) days.

If an employee who is being provided with subsistence allowance chooses to leave a jobsite prior to the normal quitting time without receiving consent from his employer, the employee will receive a prorated amount of subsistence based upon the number of hours the employee worked in the work day, compared to the regularly scheduled hours of work for the day.

If the employee leaves prior to the normal quitting time with the consent of the employer they will receive the normal daily subsistence allowance for that day.

- (ii)** All camps must meet the specifications as negotiated by Alberta Provincial Building Trades Council and Alberta Construction Labour Relations Association –1999 - 2008 camp rules and regulations, or any successor thereto.
- (iii)** All grievances concerning a camp will be resolved through the grievance procedure provided in the A.B.T.C. / C.L.R.A. Camp Rules and Regulations.
- (iv)** If an employee, who is housed in a camp, is required by the Employer to transfer from one camp room to another, the employee shall be paid two hour's pay at the straight time basic hourly rate as full compensation for the time to move belongings. Should the request to move from one room to another come from authorized persons employed by the Camp Manager or the Client, the employee must inform the Employer of the move by the following work day to be eligible for this payment.

Articles 10.05 and 10.06 shall apply only to commercial / institutional work.

10.05 A seventy (70) kilometer free zone shall be established around the center of every city, town or village in which employees reside and around every place where accommodation is provided and/or paid for by the employer. This zone shall apply to all persons covered by this Agreement except local residents.

The following conditions shall apply to all employees except local residents, within the following radial zones:

Zone 1 Within the Free Zones as noted above, all employees shall be responsible for their own transportation to and from the work site except that where, on remote job sites, conditions are such that private and public transportation is not available and the work area is beyond reasonable walking distance, then the Employer shall provide transportation.

Zone 2 The area lying within the next one hundred (100) kilometers beyond the boundary of the free zones established above, is Zone 2. For any job site situated within this area the Employer shall supply transportation to and from the work site to the place of accommodation or established central pick-up points, or, at his option, expressed by the employer in writing, pay vehicle allowance at the rate of thirty-nine cents (39¢) per kilometer from the edge of the free zone, to the job and back, to each employee who, by arrangement with the Employer uses his own vehicle to provide transportation outside the free zone.

At the Employer's option, camp or other board and room accommodations as provided for in Zone 3, may be provided in this zone for each day worked.

Zone 3 The area lying within the next one hundred (100) kilometers beyond the boundary of Zone 2 as established above, is Zone 3. For any job site situated within this area, the Employer shall provide at this option for each day worked:

- (i) camp accommodation which conforms with the CLRA/ABTC Camp Rules and Regulations or successor standards; or
- (ii) mutually agreed room and board; or

- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of seventy-five dollars (\$75.00) per day except for:
 - the **Fort McMurray** region where the rate will be Ninety dollars (\$90.00);

Zone 4 The area lying within the next one hundred (100) kilometers beyond the boundary of Zone 3, is Zone 4. For any job situated within this area, the Employer shall provide at his option on the seven (7) day a week basis:

- (i) camp accommodation as noted above; or
- (ii) mutually agreed room and board; or
- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of seventy-five dollars (\$75.00) per day except for:
 - the **Fort McMurray** region where the rate will be Ninety dollars (\$90.00)

Zone 5 The area lying beyond the outer boundary of Zone 4, or areas within the above noted zones which are inaccessible by automobile, is Zone 5. On jobs within Zone 5 only, the Employer will allow a return trip to the city in which the Local Union is centered (whichever is closer) after each sixty (60) days of employment on the project and shall grant leave from work for a maximum period of five (5) calendar days. Such trips shall be paid one way upon leaving the job site and reimbursed for the return upon reporting back to the job. Rate of reimbursement shall be the equivalent of train, bus or air fare only as appropriate.

On remote job sites (i.e. those within Zone 5) and when requested by the employee due to having insufficient funds to return to point of hire, the Employer shall arrange transportation for the employee to point of hire or supply him with an advance on wages due to him.

In any case where the subsistence allowance prescribed herein is insufficient for the subject area, the adjustment of the subsistence allowance shall be based on an analysis by a joint committee of representatives of the employer and of the employees, using average room costs in the subject area (on the basis of two (2) men per room), and average costs of meals using predetermined example menu items.

10.06 Effect of unauthorized absence on Room and Board Entitlement.

- (a) When an employee fails to report when work is available on the working day immediately preceding or following bad weather or recognized holidays other than for unavoidable causes, he shall forfeit room and board for such absenteeism and for the bad weather days or recognized holidays. When Saturday is not a working day and an employee fails to report to work on Friday when work is available, he shall forfeit room and board for Friday, Saturday and Sunday. When Sunday is not a working day and an employee fails to report to work on Monday when work is available, he shall forfeit room and board for Sunday and for Monday. An employee shall also forfeit room and board for absenteeism on any working day for other than unavoidable causes.
- (b) The Employer may request proof of illness or injury by way of a letter from a medical doctor.
- (c) In cases of illness or injury the Employer may choose to provide transportation expenses to point of hire rather than provide room and board entitlements.
- (d) Where the Employer's costs are fixed (as for Camp accommodation or long term room leases) the employee shall not be back-charged for such fixed costs, but, where subsistence allowance is paid then the employee shall not be paid for days missed as detailed above.

11.02 When an employee is dismissed for just cause, no notice need be given by the Employer. If the employee quits, no notice need be given.

11.03 When an employee is laid off, the employee shall receive forthwith, in full, his wages, holiday pay and vacation pay, if possible. The employee's final cheque will be either available at the Employer's office, if requested by the employee, or post-marked within twenty-four (24) hours. In the event the final pay cheque

his pay cheque (excluding Saturdays, Sundays, or observed holidays).

- (c) The time constraints and penalties in 11.03 will also apply when payment is by direct deposit. When payment has been by direct deposit the Employer may, at his option, process the final pay by cheque. The Employer may use direct deposit for the final pay to occur on the regular payday for the applicable pay period and thereby waive the time constraints and penalties in 11.03. Should the Employee not get the direct deposit on the regular pay day for the applicable pay period, in such a case, the provisions of Article 9.07 will apply.

11.04 Termination slips shall be forwarded by all Employers to the Union office within five (5) days for all employees who are laid off, quit, or discharged.

The Union shall supply the termination slips to be completed by the Employer.

Notwithstanding the forgoing, the Union may dispatch apprentices beyond this ratio to be utilized for material handling only. The ratio shall exclude fourth year apprentices from the equation in accordance with Alberta Apprenticeship and Industry Training Regulations.

15.03 An Apprentice in his final year of apprenticeship may execute work unaccompanied by a journeyman when a journeyman is not readily available and the Business Manager and/or Business Agent is notified, but under no circumstances shall an apprentice be classified as a Journeyman.

desire to appoint a grievance board within five (5) working days. The Union and the Employer shall each appoint one (1) member to represent the respective parties, and the two (2) members so appointed shall endeavor to select an independent chairman within five (5) working days.

- 16.03** Failing to agree within five (5) working days on the selection of an independent chairman, the two (2) appointees shall request the Minister of Labour to select a chairman.
- 16.04** The grievance board so established shall have the authority to interpret this Agreement and apply the provisions of this Agreement and it shall not alter or direct an alteration to this Agreement or make any deletions or additions hereto.

- 24.04** The Health and Safety Representative employed by the Union may have access to all job sites covered by this Agreement provided the consent of the Owner or his representative is obtained and the Employer or his representative is notified. The Health and Safety Representative may conduct an inspection of the job site, as he deems necessary, provided the work of any employee is not interfered with. He shall make any recommendations to the Employer he deems necessary to improve the health and safety conditions on the job site.
- 24.05** The Employer shall supply all necessary safety equipment including approved respirators and/or face masks at no cost to the employee. Respirators and/or face masks shall be stored in a convenient, clean, and sanitary location on the job site. Respirators and/or face masks shall be

selected on the basis of hazards to which the employee is exposed. They shall be selected from the latest listing of N.I.O.S.H. The Employer further agrees to provide all protective clothing or equipment according to the Occupational Health and Safety Act at no cost to the employee. The Employer shall have a first aid kit on all projects. The employees must, at all times, preserve the safety equipment they use and not abuse or willfully destroy the equipment supplied by the Employer.

- 24.06** On work sites where twenty (20) or more employees are employed, there shall be a Joint Work Site Health and Safety Committee established to ensure, as far as it is reasonably practicable for them to do so, the health and safety of all employees. There shall be equal representation from the Employer and the Union. The Union Health and Safety Representative shall be considered a committee member, if so desired, by the employees. The Union and the Employer shall alternate as Chairman and the Committee shall meet weekly.

This clause shall not apply where the employees are represented on a government designated Work site Health and Safety Committee.

- 24.07** Prior to the Union dispatching employees, the Employer will have those who have less than thirty (30) days left on their pulmonary function test card go to a Provincial Board of Health designated Official who will conduct such examinations. Any fee payable for the examination will be paid for and be the responsibility of the Employer with whom the employee is next employed by.

ARTICLE 25.00 - SUBCONTRACTING

- 25.01** The Employer agrees not to sublet or contract any work within the scope of this agreement, and within the scope and operation of Registration Certificate No. 9, unless the contractor to whom the work is sublet, is bound, or becomes bound by this collective agreement, unless an exception is made by an agreement between the Business Manager of the Union and the Employer.

ARTICLE 26.00 - SAVING CLAUSE

- 26.01** Should any article, any provision or any part of this Agreement be void by reason of being contrary to law, the remainder of this Agreement shall not be affected thereby. It is understood that the provisions of this Agreement

will apply only in-so-far as the authority to bargain those provisions have not been exceeded.

ARTICLE 27.00 - GENERAL

- 27.01** A Joint Trades Board shall be established consisting of three (3) members from Local 110 and three (3) members from the Construction Labour Relations Insulators (Provincial) Trade Division. Both parties may have one (1) additional guest at meetings of the Joint Trade Board, but such guests shall not be official members of the Board.

ARTICLE 28.00 - ENABLING

- 28.01** Where a particular Article or Articles of this Collective Agreement is or are found to work a hardship for a particular project or specific geographical area the terms and conditions in this Agreement, for that project or specific geographical area, may be modified by the mutual consent of the Business Manager of the Union and the Registered Bargaining Agent for Employers signatory to this Agreement when they deem it prudent.
- 28.02** It is understood and agreed that where mutual agreement for such change cannot be achieved the request shall not be subject to either Grievance or Arbitration.
- 28.03** It is understood and agreed that any Article or Articles of this Agreement which are modified through enabling will only apply to that Employer or Employers which were initially bidding on the specific project which has been mutually agreed to for enabling. Any Employer which is certified or gives the Union voluntary recognition after the closing of a bid, on that specific enabled project or projects, will not be entitled to the benefit of any enabled provisions but will, instead, abide by all of the terms and conditions of this Agreement.
- 28.04** Under 28.01 above, terms, conditions and wages contained herein may be varied, altered, amended or modified by the mutual agreement of the parties.
- 28.05** The parties agree that where it can be determined that an Employer has sub-contracted work within the jurisdiction of Local Union #110 to an Employer who is not party to this Collective Agreement then that

Employer shall not be entitled to utilize the enabled terms and conditions for any project for which enabled terms are agreed to.

28.06 "Blanket Enabling" for Commercial / Institutional Projects: Notwithstanding the foregoing, any Employer who wishes to apply a rate to a commercial / institutional project that is less than the rate set out in this Agreement respecting such a project shall so advise the Registered Bargaining Agent for the Employers (the Association) of the minimum journeyman base rate necessary to be competitive in the tendering of the identified project. In the event only one such contractor so contacts the Association respecting the project identified, the Association shall advise the Union of the project and of the rate determined for that project prior to the tendering respecting the said project, and the rate so identified shall be the minimum rate for the journeyman employees of the said Employer who are engaged on the said project and the minimum rates for other employees of the said Employer on the said project shall be calculated on the said minimum journeyman rate.

In the event more than one Employer advises the Association of an intent to apply a lesser minimum journeyman base rate to a particular project, then the Association shall convene a meeting of the Employers who so advise the Association of such intent, and the minimum journeyman base rate to be applied to such project shall be decided by the meeting of such Employers. The Association shall advise the Union of the project and of the rate so determined for that project prior to the tendering respecting the said project, and the rate so identified shall be the minimum rate for the journeyman employees of the said Employers and only of the said Employers who are engaged on the said project and the minimum rates for other employees of the said Employers on the said project shall be calculated on the said minimum journeyman rate.

ARTICLE 29.00 - PRODUCTIVITY

29.01 There shall be no limit on the production by employees or restriction on the full use of machinery, appliances, or tools used in connection with the application of materials.

ARTICLE 30.00 - TERM OF AGREEMENT

30.01 The Agreement shall be in full force and effect from the 15th day of July, 2007, up to and including the 30th day of April, 2011, and thereafter it

shall be renewed from year to year unless notice for change is given as set forth below.

Should either party wish to change this Agreement they shall give notice of such desire to the other party not less than sixty (60) days or more than one hundred twenty (120) days prior to the 30th day of April 2011, or any subsequent anniversary date. Notice shall be given in writing, by registered mail, to either party.

When notice to negotiate has been given by either party, this Agreement shall continue in full force and effect during any period of negotiations until termination. This Agreement shall terminate upon the following event(s):

- (i) legal strike; or
- (ii) legal lockout; or
- (iii) the mutual agreement of the Parties.

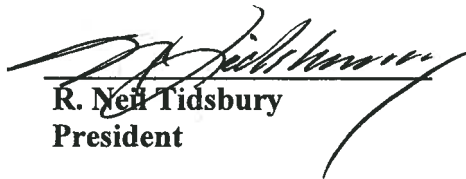

It is mutually agreed by both the Employer and the Union that every effort shall be made by both parties to this Agreement to conclude negotiations for a renewal of the Agreement prior to the first day of May, 2007 should changes be desired by either party.

Re: Grandfathering of Current Projects

Whereas the Parties have entered into a Collective Agreement for a term from July 15, 2007 to April 30, 2011, and thereafter as set out in the said Collective Agreement; and

Whereas, at the time the Collective Agreement came into effect, there were projects on-going on which the minimum terms and conditions of employment were as set out in the commercial / institutional provisions of the prior Collective Agreement, or were put into place pursuant to the agreement of the Parties under the "MERF" or "Enabling" provisions of the prior Collective Agreement;

Now Therefore It Is Agreed between the Parties hereto that:

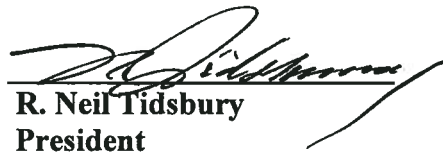

1. On all Commercial / Institutional projects which were tendered prior to the effective date of the Collective Agreement, the minimum "MERF" or "Enabled" terms and conditions of employment that were in effect immediately prior to the July 15, 2007 effective date of the Collective Agreement shall continue to be the minimum terms and conditions for the duration of the projects for which they were intended; and
2. On all Industrial projects which were tendered prior to the effective date of the Collective Agreement and for which the minimum terms and conditions of employment were set by agreement pursuant to the "MERF" or "Enabling" provisions of the prior Collective Agreement, the said agreed enabled minimum terms and conditions of employment shall continue to be the minimum terms and conditions for the duration of the projects for which they were intended.

Re: Limitation on Discharge

Whereas the Parties have entered into a Collective Agreement for a term from July 15, 2007 to April 30, 2011, and thereafter as set out in the said Collective Agreement; and

Whereas the Parties have included in Article 3.01 of the "Management Rights" provisions of the said Collective Agreement the word highlighted and underlined in the quote of the article below:

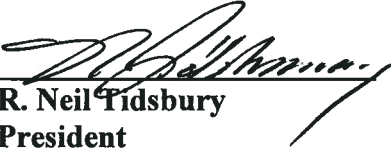

3.01 *Without restricting the generality of the following, the Union recognizes the right of the Employer to manage his company, direct the work forces, assign work, transfer employees from job to job within the Province of Alberta as required, select, hire, promote, discharge any employee for just cause only, reject applications for work, manage the business in all respects in accordance with his commitments and responsibilities and the right to determine methods, processes, means of application, handling and staffing of all jobs. The Employer shall have exclusive rights to decide and enforce all matters pertaining to the operation of his business, provided it does not conflict or discriminate against individual Union rights as agreed herein. Except as specifically modified by the terms of this Agreement the Employer reserves all of the historic or traditional rights of management.*

Now Therefore It Is Agreed between the Parties hereto that, in respect to grievances processed to arbitration in respect of allegations that there was not just cause for dismissals ("discharges"), if the number of arbitration awards dismissing such grievances exceeds by two or more the number of arbitration awards allowing such grievances (i.e., finding in favour of the Union's or grievor's allegation), the word "only" as highlighted and underlined above will be deleted from the said article, effective on the date of the first award on which such condition is met.

Re: Local Resident Hiring Preference

Whereas the Parties have entered into a Collective Agreement which prescribes prerogatives and procedures for hiring employees, and

Whereas the Parties agree that, notwithstanding those prerogatives and procedures, their shared interests may be best served by providing for the employment of qualified apprentices and journeymen in the area of a project that is not within the free zones applicable to Edmonton or Calgary,

Now Therefore It Is Agreed as follows:

1. In the event an Employer does not avail himself of his "name hiring" prerogatives, the Union shall dispatch to the Employer those "local resident" members, as defined in article 14.01 of the Collective Agreement, and then non-member "local residents", in preference to other members of the Union, all in accordance with and subject to the conditions and procedures set forth below. The dispatch of these local residents shall be in response to the Employer's requests pursuant to article 13.05.
2. It is recognized that the prerogatives set out herein are experimental in nature, and accordingly this Letter of Understanding may be terminated on notice by either of the Parties. Such notice must be in writing and must be served by registered mail, giving at least thirty (30) days notice. It is further agreed that in the event this Letter of Understanding is terminated pursuant to such notice, the continued employment of employees engaged pursuant to this Letter of Understanding shall not be affected by the termination of this Letter of Understanding, nor shall either party then rely on the operation of and experience pursuant to this Letter of Understanding in subsequent negotiations.

3. Preference of dispatching pursuant to this Letter of Understanding shall first be given to those "local residents" who are members of the Union and who are available for dispatch. Preference will then be given to "local residents" who are not members of the Union, but who apply to join the Union at the time of dispatch. However, the employment of any such "non-member local resident" will be terminated in the event he does not pay the applicable membership fees and join the Union if his application for membership is accepted, and pay his union dues in timely manner. It is further understood that, in the event a "local resident non-member" fails to join the Union upon acceptance of his application for membership or to pay the required membership fees and dues, that person will not again be given preference of dispatch to any Employer pursuant to this Understanding. It is agreed that, irrespective of the termination of this Letter of Understanding pursuant to clause 2 above, the employment of a person engaged as a "local resident non-member" shall be terminated if he fails to pay the required membership dues and fees.
4. "Local resident non-members" who seek dispatch preference pursuant to this Letter of Understanding shall be responsible for contacting the Union, establishing to the satisfaction of the Union that they have resided within seventy five (75) km. of the job site for at least six (6) months, and that they are "qualified" as a journeymen or apprentices registered through the Alberta apprenticeship legislation and regulations.
5. It is further agreed that the Union may refuse dispatch preference to any "local resident non-member" if such candidate has persistently worked against the better interests of the Union, and that the Employer shall have the prerogative of rejecting any such applicant for employment dispatched to him, in accordance with article 3.00.

This Letter of Understanding shall be attached to and become part of the Collective Agreement entered into between the Parties pursuant to Registration Certificate No. 9.

Whereas the Parties are jointly committed to the enhancement and retention of the share of the market performed by employers and employees who are bound by the said Collective Agreement,

Re: Promoting Performance and addressing issues such as absenteeism and turnover

Whereas

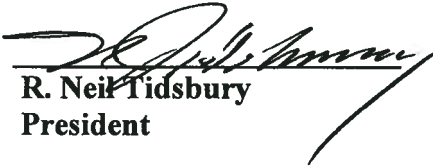

The Parties are committed to creating an effective, productive, workplace by reducing absenteeism in our workplaces,

Now therefore, it is Agreed between the Parties hereto that:

- 1) The Parties intend to work together to reduce absences in our workplaces by monitoring, reporting and recording those absences.
- 2) It will be the Employer’s responsibility to report all absences to the Union as either approved or unapproved absences. Absences will include late starts and early quits as well as days absent.
- 3) This reporting to the Union will occur by the 15th day of the month following the occurrence of the absence.
- 4) It will be the Union’s responsibility to record the absences reported from each employer with respect to all workers and provide the Joint Trade Board with all data on a generic basis without indentifying individuals. It is expected that the Union will discuss and address any excessive absences with individuals in an attempt to remedy the situation and if possible reduce the absences.
- 5) Information exchanged pursuant to this Letter of Understanding shall only be collected, used and disclosed for the purposes outlined above. Re: Pulmonary Function Testing and Payments

Whereas the Parties Agree with the intent to attempt to ensure that workers are having pulmonary function testing performed in a timely fashion the Parties have agreed on the following process for pulmonary function testing and payment for the testing.

Payment will be the responsibility of the Employer who is hiring a worker being dispatched to that Employer if he has less than thirty days remaining on his pulmonary function test card. The Employer will be responsible for the payment should an Employee's pulmonary function test card expire during the course of his employment with that Employer. Should an Employee's employment be terminated with less than 30 days on his card the Employer from which the Employee is terminating will be responsible for the payment.

If none of the above should happen during a period of employment, the cycle will repeat itself with the next Employer.

Although workers are encouraged to take timely pulmonary function tests, they may refuse to take the test. Such refusals must be in writing to the Employer responsible for the payment should the test have taken place. In the case of refusal, the Employer is no longer responsible for any cost.

None of the above disentitles any eligible Employer from being reimbursed by the Thermal Insulation Association of Alberta for the cost of the pulmonary function test that they have paid for.

Re: Rapid Site Access Program

Whereas

The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting the aforementioned objective will correlate to a reduction in workplace incidents,

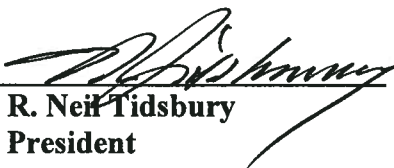

- 1) The Parties intend to reduce redundant substance testing and related costs, and to expedite access to participating worksites,
- 2) Alcohol and other drug work rules are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 3) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information, and
- 4) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers,
- 5) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and if necessary, accommodation strategies. Investment in professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the Canadian Model and if necessary recovering from an addiction and or dependency to alcohol or other drugs.

Now therefore, it is Agreed between the Parties hereto that:

- (a) The Parties support the implementation of the Rapid Site Access Program,
- (b) Subject to (c) below, the Union, Employer and participant workers agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time,
- (c) Where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the registered employers' organization and the Rapid Site Access Administrative Committee
- (d) For Industrial work, \$0.10 per hour (in accordance with article 23.04) worked shall be contributed by the employer to Construction Labour Relations at #207, 2725 – 12th Street N.E., Calgary Alberta T2E 7J2. These contributions also shall be used by CLR to provide the funding for the third party service providers who are responsible for delivering the services in respect to the Rapid Site Access Program,
- (e) The Association may, by notice in writing to the Union and Employers, change the amount of cents per hour worked in clause (d) above, and

Re: Canadian Model for Providing a Safe Workplace

Whereas there are references in the Collective Agreement to the *Canadian Model for Providing a Safe Workplace – Alcohol and Drug Guidelines and Work Rules* [the "Canadian Model"], and

Whereas the Canadian Model has been extensively reviewed and amended, resulting in the publication of an edition dated October 2005; and

Whereas the Parties hereto desire to set out the provisions of the Canadian Model dated October 2005 that will be applied by agreement in the Parties' Collective Agreement, and to identify the provisions that, if applied, will be applied unilaterally by the employer,

Now Therefore It is Agreed between the Parties hereto and on behalf of those represented by each of them,

1 Concurrence

Except for the matters set out in paragraphs 2 and 3 below, the Canadian Model dated October 2005 will be implemented by agreement under the Collective Agreement for the purposes set out in section 1.1 of the Canadian Model, and the Parties will co-operate with each other in achieving those purposes.

2 Random Testing

Notwithstanding any provision of the Collective Agreement or any special agreements appended thereto, section 4.6 of the Canadian Model dated October 2005 will not be applied by agreement. If applied to a worker dispatched by the Union, it will be applied or deemed to be applied unilaterally by the Employer. The Union retains the right to grieve any imposition of random testing in accordance with the Grievance Procedure set out in the Collective Agreement.

3 **Mandatory Assessment and Dispatch Conditions**

Notwithstanding any provision of the Collective Agreement or any special agreements appended thereto, section 4.7 of the Canadian Model dated October 2005 will not be applied by agreement. If applied to a worker dispatched by the Union, it will be applied or deemed to be applied unilaterally by the Employer. The Union retains the right to grieve any imposition of site access testing in accordance with the Grievance Procedures set out in the Collective Agreement.

If the Employer acting independently or as agent of the owner or if the owner itself imposes site access testing, section 5.5 of the Canadian Model dated October 2005 will not be applicable to testing pursuant to section 4.7. In addition, neither the Union nor the individual will be under any obligation under the Canadian Model dated October 2005 with respect to such a positive test.

Re: Referral for Case Managed Aftercare

Whereas

An individual must be referred to a substance abuse expert following a failure to comply with the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the “Canadian Model”). Once the individual is assessed by a substance abuse expert, recommendations are prepared and disclosed for the purpose of establishing expectations in accordance with the substance abuse expert’s recommendations, entering in to a post assessment agreement, and supporting compliance with prescribed aftercare.

Pursuant to the Union’s bylaws, after the Union becomes aware a member has violated the Canadian Model or tested non-negative on a site-access A&D test; the member must be assessed by a substance abuse expert and comply with the resulting recommendations as a condition of being eligible for future dispatches.

There are advantages to referring substance abuse expert recommendations to qualified third party professionals for administration on behalf of the Parties. Third party professionals are positioned to offer a higher level of:

- a) confidentiality,
- b) consistency, and
- c) expertise.

Re: Wage Review - Adjustments

Whereas the Parties have entered into a Collective Agreement pursuant to Registration Certificate #9, and

Whereas, as a result of further developments in respect to collective bargaining in respect to certain trade jurisdictions for which settlements and CIDRT awards were dated on or after August 10th, 2007, including the activation of cost of living protection included in the collective agreements in those other trade jurisdictions in 2008, the Trade Division has offered and the Union has accepted that the Collective Agreement shall be further amended to be consistent with industrial wage adjustments in those other trade jurisdictions,

Now Therefore it is Agreed between the Parties that the Collective Agreement shall be amended as follows:

1 Article 9.01 shall be amended as follows:

During the term of the Agreement, the Parties may meet to review the Employer contributions to the Health and Welfare Trust Fund Plan. In the event the Parties agree on a required increase of the Employer contributions, the amount of the increase shall be funded from the existing gross wage. The wage schedules shall be adjusted accordingly.

2 The following shall be added to Article 9.01:

9.01 Inflation Protection for Industrial Work:

Industrial Rates are calculated using negotiated increases in the second, third, and fourth years of the contract as follows:

May 4, 2008 the gross rate will be increased by 5% of the gross rate in effect at the expiry of the 2003 to 2007 Agreement

May 3, 2009 the gross rate will be increased by 6.5% of the gross rate in effect on May 4, 2008

May 2, 2010 the gross rate will be increased by 5% of the gross rate in effect on May 4, 2008

The net effect of the above is that the previously negotiated November increments in 2009 and 2010 will be brought forward to the May increment dates in 2009 and 2010

Should the CPI Alberta (all items) Rate, as defined in the paragraph below with one percentage point added to it, amount to a higher percentage than the percentage increase negotiated for the next following wage adjustment date, then the above wage schedule will be recalculated to reflect an increase equivalent to such higher percentage.

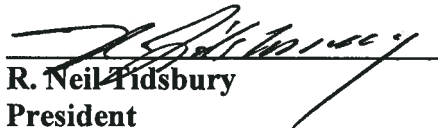

Where the "CPI Alberta Rate" is used in this Agreement, it shall mean the percentage rate of change between the Consumer Price Index published for December of the year immediately prior to the effective date of the wage adjustment, and that for December of the year before that. The indices referenced shall be those published by Statistics Canada on the web page "Consumer Price Index (monthly) (Alberta)" (e.g. <http://www40.statcan.ca/101/cst01/cpis01j.htm>) "All Items" index.

The agreed language in Article 9.01 regarding the Wage Reopener will remain and be applicable only to Commercial work.

As a consequence of this amendment the wage schedules may need to be amended from time to time to reflect any appropriate changes

(hereafter referred to as the “Union”)

In light of changes made to the *Alberta Labour Relations Code* effective September 15, 2008, the Trade Division and the Union have agreed to amend the current General Construction Registration Collective Agreement between them retroactively to September 15, 2008.

The amendments are subject to the following conditions. The Union and the Association agree to fully cooperate with each other to achieve the accomplishment of these conditions.

- (1) All contributions to the Promotion of the Insulation Trade Trust (hereafter referred to as “PITT”) that employers are obliged to make under the retroactive amendments for the period September 16, 2008 to May 1, 2009 shall, with such bank interest that each employer has received on the contributions, be paid into a Trust Fund established by the Association for this purpose.
- (2) For each pay period from May 1, 2009 until 14 calendar days after the Court of Queen’s Bench Order is filed on the application of PITT to have the Court confirm that PITT does not violate the provisions of the *Code* and that contributions paid to PITT under the terms of the Collective Agreement between the Union and the Association do not violate the *Code*, all contributions to PITT shall be paid into the Association Trust Fund.

Agreement to Blanket Enable Commercial/Institutional Work (Health & Welfare and Pension Contributions)

Whereas the Parties have entered into a Collective Agreement pursuant to Registration Certificate #9, and

Whereas it is the understanding of the Parties that non-signatory contractors operating in the commercial/institutional sector do not often offer Health & Welfare and Pension benefit packages to their workforce equivalent to those contained in the Collective Agreement.

Whereas the added cost of maintaining the complement of Health & Welfare and Pension benefits has a negative impact on the ability of signatory contractors to compete, secure work, and offer gainful employment opportunities to members of the Union.

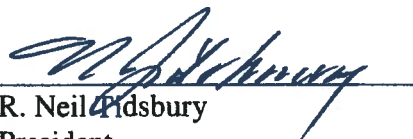

Now therefore it is agreed between the Parties that notwithstanding Article 28.03 and without limiting the prerogatives of individual Employers set out in Article 28.06, all current and future commercial/institutional work may at the Employer's discretion be enabled by waiving the Employer's obligation to contribute on behalf of its employees to the Health & Welfare Plan and the Pension Plan.

The above shall form part of the Collective Agreement negotiated pursuant to Registration Certificate #9.

Agreement to Amend the Collective Agreement

Whereas the Parties have entered into a Collective Agreement pursuant to Registration Certificate #9, and

Whereas Bill 26 The Labour Relations Amendment Act has had the effect of making some of the previous operations of the Market Enhancement and Recovery Fund (MERF) contrary to the provisions of the Labour Relations Code, and contributions to the Fund as required by the Collective Agreement may have been contrary to the law based upon the previous mode of operation of the Fund, and

Whereas the Trustees of the Market Enhancement and Recovery Fund have wound up operations of the Fund in accordance with the wind up provisions in the Trust Agreement and have transferred the assets to a newly created Trust Fund known as the Promotion of the Insulation Trade Trust (PITT) that does not have as one of its purposes the providing of subsidies to construction contractors.

Now Therefore, the Parties to this Collective Agreement have agreed to make the following amendments to the Collective Agreement, which once executed by the Parties are to be effective September 16, 2008.

Table of Contents

Update consequential changes to the table of contents as applicable.

Article 9.00 (Wage Schedule)

**Re: Deferral of industrial and commercial/institutional 2009 Collective Agreement wage
 increases until at least the end of 2009**

Whereas the economic, financial and capital investment climate has taken a profound shift since the conclusion of the 2007 round of general construction sector collective agreement negotiations. There is less work on the horizon, and securing the new work that is available is becoming more of a challenge.

Whereas these conditions have raised concern for the Union, the Association, contractors and individual members of the Union and their families.

Whereas the Union and the Association believe that with some relief from the scheduled Collective Agreement increases, contractors will be more likely to secure more work and better positioned to provide employment opportunities in the years to come.

Whereas the Union offered a forum to engage in a dialogue about these concerns with the membership at a meeting held April 4, 2009. At said meeting a motion was made that included the provision for deferring industrial and commercial/institutional wage increases until at least the end of 2009. The membership voted in favour of the for-mentioned motion.

Now therefore it is agreed:

- 1) The Parties declare that all current and future industrial and commercial/institutional work in the province of Alberta are enabled in accordance with Article 28.01 of the Collective Agreement negotiated pursuant to Registration Certificate #9, for the duration of 2009. This is agreed notwithstanding 28.03 of the Collective Agreement.
- 2) The above enabling will consist of the Union and the Trade Division agreeing to freeze commercial / institutional and industrial wages, deferring interim wage increases in the Collective Agreement to at least January 1, 2010.

3) The Trade Division and Union will meet prior to the end of 2009 to review economic and market factors such as the following, and consider on a go forward basis what course of action would be best suited for health and success of the Alberta Unionized Insulation Industry.

- i. Alberta Major Projects List,
- ii. Members employed versus members not employed through the local,
- iii. Construction Sector Council Workforce Demand data and graphs,
- iv. Signatory contractor secured work relative to capacity,
- v. Signatory contractor market share,
- vi. Client contracting strategies,
- vii. Key commodity prices including oil,
- viii. Alberta all index items Consumer Price Index, and
- ix. Contractor contractual obligations

The Union reserves the sole discretion of deciding what collective agreement wage increases will or will not be implemented.

- 4) It is the Union's intent that any cost savings caused by this enabling will be passed on to the purchasers of construction and insulation services.
- 5) The above does not restrict either Party's prerogatives they would otherwise be entitled to in Article 28.00 save and except for 28.03.
- 6) This Letter of Understanding shall be attached to and become part of the Collective Agreement entered into between the Parties pursuant to Registration Certificate No. #9.
