WHEREAS, the parties hereto have bargained collectively and have reached agreement respecting the provisions to be included within the Collective Agreement pursuant to the Labour Relations Code,

NOW THEREFORE the Parties hereto agree as follows:

1. For each Employer affected by the registration certificate held by the Registered Employers' Organization that is a Party hereto, the terms and conditions of employment that are appended hereto shall have application to that work, and only to that work, that is described as being the scope for application of the said terms; and
2. From the effective date of this Collective Agreement until a lawful strike or lockout is permitted by the Labour Relations Code in respect of collective bargaining that may take place towards the renewal of this collective agreement, none of the parties hereto, nor persons bound hereby, shall consent to, authorize, cause, or threaten to cause, or engage in any strike or lockout in respect of any work affected by the operation of the registration certificate held by the Employers' Organization that is a Party hereto.

ARTICLE ONE - PURPOSE

- 1.01** The purpose of this Agreement is to promote harmony between the parties; to facilitate the peaceful adjustment of all disputes and grievances; and to prevent strikes, lockouts and any unnecessary expense or delay in the work involved.

ARTICLE TWO - SCOPE

- 2.01** The geographical scope of this Agreement, as it applies to each individual employer, shall be that established by voluntary recognition or certification as it applies to each of the employers within the Province of Alberta.

The geographical jurisdiction of Local 725 is that portion of the Province of Alberta south of a line drawn through the towns of Nordegg and Consort, Alberta; the balance of the geographical jurisdiction is that belonging to Local 720.

- 2.02** The Employer recognizes the Union(s) as the sole exclusive bargaining agent(s) for all field employees employed within the scope and geographical jurisdiction of this agreement.

This agreement applies to all hourly rated field employees employed by the Employers in the Province of Alberta. This does not apply to any field office staff, engineers, clerical workers or to any person above the rank of General Foreman nor to any persons acting on behalf of the Employers in a confidential capacity.

In consideration for this considerable financial support of their membership the Union agrees that, on work coming within the scope of this Agreement, to work only for and supply workers only to Employers who are bound by and to the terms and conditions as contained in this Agreement. ARTICLE ELEVEN - GRIEVANCE PROCEDURE

11.01 Definition of Parties or Party

"Party" or "Parties" for purposes of the grievance procedure and arbitration mean an Employer, or the Trade Division, and employee or the Union.

All differences between the Employer or the Trade Division and the Union regarding the interpretation, application, operation or an alleged violation of this Agreement

shall be settled without stoppage of work or lockout, by negotiations. Jurisdictional disputes shall not be settled by this Grievance Procedure as hereafter provided.

It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is generally understood that an employee has no grievance until he has first given to his Foreman or Supervisor an opportunity to adjust his complaint. Should the complaint or grievance of the employee not be satisfactorily adjusted, it shall be reduced to writing, with or without the aid of the Union Grievance Steward, and may then become a subject of discussion as provided in the following paragraph.

- 11.02** Either the Union, an employee, or the Employer or the Trade Division may institute a grievance under the terms of this Agreement. If they fail to settle same within thirty (30) calendar days, either of the parties may proceed under the arbitration provisions.
- 11.03** An aggrieved party shall submit the complaint in writing, within a period of seven (7) calendar days, to the Steward, or in the Steward's absence, the Business Agent of the Union, who shall endeavor to settle the complaint between the employee and his immediate supervisor.
- 11.04** If the complaint is not settled within two (2) days (excluding Saturdays, Sundays, and holidays) it may be referred to the Project Manager or a Company Labour Relations Representative and an official representative of the Union.

11.05 Pre-Arbitration Process;

- (a)** If a grievance has not been resolved following the preceding steps of the Grievance Procedure, the grievance shall be referred to a Joint Grievance Panel (JGP), unless one of the parties to the grievance serves notice of an intention to bypass the JGP in favour of referring the matter directly to arbitration.
- (b)** In the event a party serves notice of an intention to bypass the Joint Grievance Panel, the matter may be referred to arbitration within 10 days (excluding Saturdays, Sundays, and Statutory Holidays) of such notice being served.
- (c)** Such Joint Grievance Panel will consist of two appointees of the Employer and two appointees of the Union. No person shall be appointed who has a direct personal interest in the subject matter of the grievance, and/or has had a direct personal involvement in earlier attempts to settle the grievance. No representative of/spokesman for the Union or for the subject Registered Employers' Organization shall be appointed.
- (d)** The Joint Grievance Panel shall hold a hearing into the matter within ten days (excluding Saturdays, Sundays, and Statutory Holidays) of being appointed and shall issue their recommendation forthwith, but in any event within three days (excluding Saturdays, Sundays, and Statutory Holidays) of the date the hearing was held.

- (e) Each of the parties shall advise the other, within five days of receipt of the recommendation (excluding Saturdays, Sundays, and Statutory Holidays), as to whether they accept or reject the recommendation.
 - (f) In the event the parties to the grievance accept the recommendation of the JGP, the grievance shall accordingly be resolved, and the parties shall implement the recommendation within ten days (excluding Saturdays, Sundays, and Statutory Holidays), or in any event in accordance with such other implementation schedule as may be included in the JGP recommendations.
 - (g) In the event either Party determines that it is not prepared to accept the recommendation of the JGP, either Party may then refer the matter to Arbitration within 10 days (excluding Saturdays, Sundays, and Statutory Holidays) of receipt of the JGP recommendations.
 - (h) No lawyers shall be permitted to participate in the JGP proceedings
- 11.06** Where circumstances warrant, time limits may be extended by mutual agreement between both parties.
- 11.07** No matter may be submitted to arbitration which has not been properly carried through all previous steps of the grievance procedure. Grievances between the Union and an Employer or the Trade Division may commence at Article 11.05.
- 11.08** Discharge cases: A claim by an employee that he has been unjustly discharged from his employment shall be treated as a grievance if a written statement of such grievance is lodged with the Management within three working days after the employee ceases to work for the Employer.

ARTICLE TWELVE - ARBITRATION

- 12.01** If a grievance has not been settled as provided for in the preceding grievance procedure, the grievance shall be set in writing stating the nature of the complaint, the section or sections of the Agreement infringed upon or claimed to have been violated and the remedy or correction claimed and the matter may be submitted to Arbitration for final resolution within ten days following the completion of the preceding grievance procedure.. The Union or its representative may process the grievance at this point on behalf of the employee, and the Trade Division may process a grievance at this point on behalf of an Employer.
- 12.02** If a single Arbitrator is not the choice of the two parties each party shall appoint one member as its representative on the Arbitration Board within seven days of such

notices. The two members so appointed shall endeavor to select an independent chairman.

- 12.03** If the two members fail to select a chairman within five days after the day on which the last of the two members is appointed, they shall request the Minister of Employment and Immigration to select a chairman.
- 12.04** The Arbitrator/Arbitration Board may not change, modify or alter any of the terms of this Agreement. All differences submitted shall present an arbitrable issue under this Agreement, and shall not depend on or involve an issue or contention by either party that is contrary to any provision of this Agreement or that involves the determination of a subject matter not covered by, or arising during the term of this Agreement.
- 12.05** The Arbitrator/Arbitration Board shall give its decision not later than fourteen (14) days after the appointment of the chairman except that with the consent of both parties such limitation of time may be extended. The findings and decision of a majority of the members of a Grievance Board on all arbitrable questions shall be binding on all parties.
- 12.06** Each party to the difference shall bear the expenses of its respective nominee to the Arbitration Board and the two parties shall bear the expenses of the chairman equally.

ARTICLE THIRTEEN - SAVING CLAUSE

- 13.01** It is assumed by the parties hereto that each provision of this Agreement is in conformity with all applicable laws of the Province of Alberta and the Dominion of Canada. Should it later be determined that it would be a violation of any legally effective Provincial or Dominion Order or Statute to comply with any provision or provisions of this Agreement, the parties hereto may mutually agree to re-negotiate such provision or provisions of this Agreement for the purpose of making them conform to such Provincial or Dominion Order or Statute, and the other provisions of this Agreement shall not be affected thereby.

It is understood that the provisions of this Agreement will apply only in-so-far as the authority to bargain those provisions has not been exceeded.

ARTICLE FOURTEEN - HOURS OF WORK

- 14.01** When one shift is employed on a job a working day shall be composed of not more than eight (8) working hours. A workday shall commence at 7:30 a.m. and end at 4:00 p.m. (4:30 where a one hour lunch is scheduled) from Monday to Friday inclusive. The starting time of the day shift may be varied by up to one hour, earlier

or later, provided advance notice is given to affected employees. Variances in excess of one hour will require mutual consent between the Union and the Company Representative.

14.02 (a) Lunch Breaks:

The lunch break will consist of a one-half hour (or one hour where scheduled) unpaid break taken mid-way during regular work day.

In the event that an employee is required to work during his regular lunch period he shall be allowed a one-half hour lunch period between the hours of 11:30 a.m. and 1:00 p.m., otherwise he shall be paid double time for working through said lunch period.

(b) Overtime Meals:

Employees will not be required to work more than three (3) hours (unless the overtime was not scheduled at least one day in advance, in which case it will be two hours) after an eight hour shift, or one (1) hour after a ten hour shift, without a meal period intervening. If more than one meal occurs in the period worked by the employee the Employer shall provide the extra hot meal at no expense to the employee. The employee will be paid for the time spent consuming the meal at the applicable hourly rate of pay or alternatively the foreman can designate a one-half hour meal period at straight time rates. If no meal and time to consume it is provided, the Employer will provide a thirty (\$30.00) dollar meal allowance in lieu of both.

In the event of the employees bringing their meals, they will be allowed one-half hour to consume the meal and will be paid for the said time at the applicable hourly rate of pay.

Examples of the four options for overtime meal breaks:

1. workers are provided with an overtime meal and a break of less than one-half hour; workers are paid at overtime rates for meal break
2. workers are provided with an overtime meal and a full ½ hour break; workers are paid for ½ hour at straight time rates
3. workers are not provided with a meal or a break; workers are paid \$30.00
4. workers bring their own meal; workers are provided a ½ hour break at overtime rates.

(c) Where a supervisor is required to;

- (i) start up to one (1) hour earlier, or
- (ii) finish up to one (1) hour later, or
- (iii) start up to one half (½) hour earlier and finish up to one half (½) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions of 14.02 (b) will not apply unless those provisions are applicable to the rest of the crew

(d) Work Breaks:

All employees covered by this agreement shall be permitted ten (10) minutes in the first half and ten (10) minutes in the second half of a shift for a coffee break on the job during regular working hours. If extended overtime is required, additional coffee breaks shall be permitted during such overtime after each two (2) hours following the conclusion of each overtime meal break. However, for a compressed work week schedule, employees shall be permitted a break of fifteen (15) minutes in the first half and fifteen (15) minutes in the second half of such shifts.

14.03 All work performed after a regular shift in any one (1) day shall be considered overtime until a break of eight (8) hours occurs and shall be paid at the rate of double time, except for the first two hours of daily overtime Monday through Friday which shall be paid at the rate of time and one half. All hours worked on Saturday and Sunday shall be paid for at the rate of double time. If an employee is required to work before an eight (8) hour break occurs he will be paid double time rates until such time as an eight (8) hour break occurs. Required travel time shall not be included in calculating the said eight (8) hour break.

Notwithstanding the above, on that work which is commercial or institutional, the first ten (10) hours of overtime worked on a Saturday will be paid at time and one-half. It is agreed that commercial or institutional work shall include all work where commercial terms are applied by other Building Trades Unions or any work which the Parties to this Agreement mutually agree is commercial work.

14.04 Shift work is defined as a continuous operation outside of regular working hours and shall be worked for a minimum of two (2) consecutive working days, otherwise overtime rates shall be paid for all hours worked outside of the regular daily or weekly hours. Such shift work may be started between the hours of 12:00 noon and 4:00 a.m. except that no shift shall commence before midnight Sunday.

14.05 Employees working on other than day shift on a two (2) or three (3) shift operation, shall receive a premium of **three dollars (\$3.00)** per hour in addition to their wages for all hours worked on a second shift or a third shift. For the purpose of calculating overtime premiums applicable where shifts are being worked, the regular work week commences at 8:00 a.m. Monday and ends at 8:00 a.m. Saturday. Saturday and Sunday overtime premiums will apply from 8:00 a.m. Saturday until 8:00 a.m. Monday with the exception that a Friday night shift which is scheduled to end at 8:00 a.m. Saturday will have the first two hours of overtime payable at one and one half (1½x) times. The 8:00 a.m. times referred to in this clause are subject to the "deviation" referred to in clause 14.01. The same principle will apply to compressed work weeks with the regular work week starting at 7:00 a.m. Monday and ending at 7:00 a.m. on Friday. Friday overtime at time and one-half would apply to shifts falling between 7:00 a.m. Friday and 7:00 a.m. Saturday

14.06 The starting time and quitting time for an off shift shall be mutually agreed between the Union and the Employer.

14.07 In the event of staggered working hours of either shift work or overtime, beyond transit hours, suitable transportation will be supplied by the Employer.

14.08 .(a) The Employer may schedule the regular work week in four (4) consecutive ten (10) hour days, at straight time rates, provided only that the four (4) ten (10) hour days are scheduled during the Monday through Friday period. On a four (4) - ten (10) schedule, when the scheduled work week day off, (either Friday or Monday) is worked, the first ten hours shall be paid at one and one-half (1½x) times the applicable rate of pay. Double time rates will apply on hours worked after the regularly scheduled work day of the compressed work week and for work on Saturday and Sunday (except the first 10 hours worked on Saturday on commercial or institutional work as per 14.03).

(b) An Employer may alternate the work weeks from a Tuesday to Friday schedule one week followed by a Monday to Thursday schedule the next in order to provide a four day weekend every second week.. If this schedule is utilized, the straight time days will be Tuesday through Friday in one week followed by Monday through Thursday in the subsequent week. Should an Employee work on the scheduled days off, the Friday and Monday will be paid at time and one half (1½x) and the Saturday and Sunday will be paid at double time (2x).

(c) If ten consecutive work days are scheduled, working overtime on the Saturday and Sunday that fall in the middle of the schedule will be optional. Employees will be required to give seventy-two (72) hours' notice of their intention not to work such overtime. Failure to provide the required notice and report for work shall be considered absenteeism. Exercising this option will not preclude an Employee's opportunity to work other premium days when available.

14.09 In the event a Statutory Holiday falls on a regularly scheduled day off refer to Article 18.00.

14.10 The Parties understand and agree that on the remote jobsites or where special conditions apply, scheduling of extended work weeks/days off may be beneficial to the completion of the work and in those circumstances the Parties may mutually agree to a work schedule to meet job conditions. Special Project needs will be addressed by the Parties in concert with other stakeholders in accordance with the process established by the Alberta Building Trades Council and the Coordinating Committee of Registered Employers' Organizations.

Special Project Needs will be applied in accordance with the attached "Special Project Needs Agreements ('SPNA') Letter of Understanding

In addition to the work schedules included in the Special Project Needs Agreements it is agreed that an additional optional schedule will be available for Ironworker contractors consisting of twenty days of ten hours per day followed by an eight day furlough. Days one through nineteen will be paid on the basis of the first one and one half hours paid at time and one-half and the ninth and tenth hours of work paid at time and one-half with the six and one-half hours worked between them paid at

straight time. The 20th day of work will be paid on the basis of the first three hours paid at time and one-half and the last three hours paid at time and one-half with the four hours in between paid at straight time rates. When the final day of the shift cycle is reduced due to the timing of flights, overtime at time and one-half shall apply to the last hour worked on that day.

14.11 Overtime and Personal Time Off

- (a) It is accepted that a worker may, from time to time, require personal time off from work to deal with personal matters. In order to facilitate this, a worker will accumulate one-half shift (either four hours on an eight hour shift or five hours on a ten hour shift) of unpaid personal absence allowance for each month (30 calendar days) worked up to a maximum accumulation of two full shifts. An initial one-half shift allowance will be credited upon the start of employment with additional units of one-half shift credited in the months worked subsequently, up to the maximum allowance of two shifts. A worker may request that they be preauthorized to take a personal unpaid absence providing they give a minimum of seven calendar days advance notice of their request to their authorized company representative. Where it is not practical to provide seven calendar days notice the worker must provide as much notice as they are capable of, it being understood that less notice may make it more difficult to accommodate a request for time off. Requests for time off that meet the above conditions will not be unreasonably denied subject to operational requirements.
- (b) A worker that is preauthorized to take personal time off pursuant to the above procedure, and who has accumulated sufficient personal absence allowance to cover their absence, will qualify for overtime premiums for any work performed either preceding or following the normal scheduled hours of work on the day they take their personal absence regardless of whether or not they have worked the full eight or ten hours as scheduled for that shift. In the case of a worker on a compressed work week schedule they would also be paid normal overtime premiums for any hours worked on the compressed work week day off. It is also understood that, provided such absences conform to these conditions, the absence will not disqualify the worker from working overtime scheduled for that week.
- (c) Personal absence allowances will be earned on the basis of minimum units of one-half shift and will be utilized on the basis of units of a minimum of one-half shift. An authorized personal absence of up to one-half shift will reduce the accumulated personal absence allowance by one-half shift. If time off exceeds one-half shift, the worker's accumulated personal absence allowance will be reduced by additional one-half shift units.
- (d) Overtime premiums as specified in this Collective Agreement will be paid for all hours worked in excess of eight hours in a day. In the case of a compressed work week, overtime premiums will be paid for hours worked in excess of ten in a day or forty in a week. A worker that is absent from work without pre-authorization as per the above procedure, including late arrivals or early quits will be subject to discipline

in accordance with their employer's policies and may also be disqualified from working scheduled overtime in the week the absence occurs. Workers who are absent from work without pre-authorization, or workers that have been pre-authorized but who do not have sufficient personal absence allowance accumulated, must work the minimum normal hours as stipulated above prior to overtime premiums being paid. Saturdays, Sundays, and Statutory Holidays will be paid as per the Collective Agreement premiums for all hours worked on those days.

- (e) The Framework Bargaining Committees agree that they will meet to review the provisions of this Article during the months of March and April of 2013, or earlier should they both agree. The Parties to this Agreement agree that, should the Framework Bargaining Committees arrive at recommendations for changes, they will consider amending this article to conform to such recommendations.

ARTICLE FIFTEEN - REPORTING FOR WORK

- 15.01** An employee called out to work after he has completed his regular shift and gone home shall be given not less than two hours work, or if work is not available, shall be paid for two hours at the overtime rate plus any applicable transportation and travel allowance.
- 15.02** When an employee on a job or project reports as usual for work, but is unable to commence work because of circumstances within the control or responsibility of the Employer, he shall be given two (2) hours' pay plus travelling allowance if applicable, for reporting on the job, provided, however, that the employee remains on the job during the two (2) hour period if required by the Employer, and performs any work requested which, in the opinion or judgement of his foreman, after conferring with the job steward, can be accomplished. If reporting time occurs during Saturdays, Sundays, holidays, or overtime hours then overtime rates shall apply.

Upon receipt of such notice the Parties will have until 60 days prior to the closest date noted above to reach agreement, failing that the dispute will automatically be submitted to an Arbitration Panel consisting of Mr. Stan Lanyon (or an alternate agreed by the Parties prior to the submission to Arbitration) and one nominee appointed by each Party whose names shall be provided to the other respective Party within two weeks of the notice to renegotiate being received. It is understood that the only matter in dispute can be the wages contained in this Clause. The Arbitration Panel will conduct a hearing within 30 calendar days of having the dispute referred to them and will issue a decision prior to the closest of the two dates noted above. The Arbitration Panel will have the authority to determine the issues in dispute in the remaining term of the Collective Agreement only and cannot make any decision having retroactive effect. The Arbitration Panel shall be restricted to choosing from one of the following three options;

1. The final offer for settlement of the dispute as made by the Union to the Trade Division prior to submitting the matter to Arbitration (provided such offer is consistent with the conditions stipulated above and, if it is not, then the decision shall only relate to such portions of the offer that conform to the stipulated conditions above)

3. The Wage Schedule that is in the Collective Agreement continues unchanged for the balance of the term of the Collective Agreement.

A notice to renegotiate may only be made once for this Clause during the life of this Agreement therefore if Notice is provided by either Party to renegotiate this Clause on the May 5/13 the result of that will be final for the term of the Agreement and can not be reopened on May 4/14.

The hourly contribution rate of 5¢ can be amended or discontinued at any time by a motion duly made, seconded and approved by the Structural Ironworkers (Provincial) Trade Division. The Trade Division must also approve any variation in the use of such Funds from the purposes outlined in this Clause.
- 22.02** The parties agree that the Apprenticeship and Training Fund Committee, consisting of four representatives from the Employers and four representatives from the Union, will meet as required to review the Apprenticeship program and administer the Apprenticeship and Training Fund.

- 22.03** Employers shall, not later than the 15th day of the following month, remit such contributions to the Alberta Ironworkers Apprenticeship and Training Fund at;

Further, the parties to this Collective Bargaining Agreement agree that, solely for the purpose of the Employment Standards Code, the contributions due or accruing due by each Employer to the Alberta Ironworkers Apprenticeship and Training Trust Fund shall be, and are hereby deemed to be, a "wage" of the employees for whom contributions are made or to be made, as the term "wage" is used and defined in the Employment Standards Code.
- 22.07** A contractor may make contributions to this fund through an electronic transfer of funds if they choose to use that method of payment.

ARTICLE TWENTY-THREE - TRANSPORTATION AND ACCOMMODATION

23.01 Daily Travel

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) A forty-five (45) kilometer radius free zone from the center of the cities of Edmonton or Calgary (Geodetic Monument) or around any place in which employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower. No transportation or travel allowance shall be applicable within the free zone.
- (b) Notwithstanding Article 23.01 (a), on major construction projects located within the free zone, around the cities of Edmonton and Calgary but beyond the city bus transportation system of those cities, where it is projected that the total construction workforce will exceed 750 multi-trade construction employees, the affected Parties shall meet to discuss the viability of implementing a system of providing transportation to the site.
- (c) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
 - to provide transportation and pay travel allowance, or
 - reimburse the employees, as a vehicle allowance, at the rate of forty nine cents (\$0.49) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at 80 km per hour, at the employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

The Coordinating Committee and the Alberta Building Trades Council shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometres. The Coordinating Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle

allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Council.

E.G --A Journeyman member traveling to a project located 40 road kilometers from the edge of the free zone at 80km per hour each way would receive the following for each day worked:

Travel Allowance:

80 km @ 80 km/hr. = 1 hr. @ base rate of \$40.06/hr. = \$40.06

Vehicle Allowance:

80 km. @ \$0.49 per km. = \$39.20

for a daily total of \$79.26

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (d) Where the Employer supplies the transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. Where the employer is supplying transportation, and when the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon
- (e) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five test runs each way, conducted coincident with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty five minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.
- (f) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (g) When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the Employees shall be paid for all such time, providing the delay is in excess of 15 minutes, beyond the scheduled arrival time, up to a limit of two (2) hours at the applicable straight time rate.

- (h) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate determined under clause (c) above if the employee uses his own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (i) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.
- (j) Should an employee residing in camp accommodation be requested by the employer or the client's designated camp management personnel to move to another room or camp, they shall be paid two (2) hours at the applicable straight time rates to carry out the move.
- (k) When an employee is being paid subsistence allowance in accordance with Article 23.05(a) or (b), and when there is no accommodation available within 45 km. of the project on which the employee is engaged, the employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometres beyond a 45 kilometre radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation within a 45 kilometre radius of the project becomes available, the payment of the travel allowance will cease.

23.02 INITIAL AND RETURN TRANSPORTATION TO REMOTE SITES

- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under Article 23.01(c) would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (b) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:
 - (i) up to 200 kilometres - \$84.00 each way;
 - (ii) 200 kilometres to 300 kilometres - \$120.00 each way
 - (iii) 300 kilometres to 375 kilometres - \$144.00 each way
 - (iv) over 375 kilometres to 475 kilometres \$216.00 each way, or actual airfare if suitable proof of air transport is provided to the Employer.

- (v) over 475 kilometres - as mutually agreed between the Parties to this Agreement to a maximum of \$333.00 each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project/jobsite.
- (vi) The initial and return transportation Allowances and the Rotational Leave Allowances set out herein shall be subject to review in January 2013 and January 2014. In the event that there is an adjustment in the vehicle allowance, pursuant to article 23.01 (c) for 2013 and/or 2014 each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment effective the first pay period following May 1st of the respective year. For example, if for 2013 the vehicle allowance is increased by 4%, each allowance shall be increased by 4% rounded to the nearest dollar, and effective on the first pay period following the 1st of May 2013.

Notwithstanding the provisions above, when transportation is provided by the Employer, no travel allowance will be paid, subject to the provisions of Article **23.02(b)** below.

- (b) When transportation is provided by the employer by way of air, bus, or other acceptable surface transportation, prior to the commencement and following the conclusion of a work cycle (being scheduled days of work for which there is no more than one day of rest scheduled within consecutive scheduled days), an employee, at the time of dispatch, will be allowed to elect to use employer provided transportation or to receive collective agreement initial/return/rotation allowances. Buses must comply with Article **23.01(d)**.
 - An employee who has elected collective agreement initial/return/rotation allowances will no longer be paid any such payments not yet received if transportation is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.
 - An employee who has elected collective agreement initial/return/rotation allowances and who is found using employer provided transportation will become disentitled to further collective agreement initial/return/rotation allowances, as one consequence.
 - If a person who elects collective agreement initial/return/rotation allowances uses employer provided transportation for his initial trip that person will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
 - Regulations shall be established for the use of employer provided transportation governing behaviour and the use of, e.g., alcohol, tobacco and other substances.
 - Notwithstanding the foregoing, an employee who has elected to use employer provided transportation and who is hired, laid off, or terminated on a day when such transportation is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and

transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.

- (c) Employees will qualify for, and receive initial transportation allowance to the job site after being employed at the site for either fifteen (15) calendar days or completion of the job, whichever is the lesser.
Should the employee remain on the job until completion of thirty (30) calendar days, or until completion of the dispatched job requirement, whichever may be the lesser, they shall receive the return transportation allowance to be paid with his final pay cheque.
If the employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake Region, etc.), that employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the employee is transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an employee choose not to accept a transfer, he/she shall be paid all applicable travel allowances and be considered to be laid off.

23.03 ROTATIONAL LEAVE (TURNAROUNDS)

- (a) On jobs located beyond a Three Hundred (300) km radius to a maximum of Four Hundred and Seventy-five (475) km from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:
 - (i) Pay an allowance of one hundred sixty eight dollars (\$168.00) ,) after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

Where the employee accepts Employer supplied transportation he shall not be entitled to the above allowance.
 - (ii) Allow employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (b) On jobs located beyond a four hundred and seventy-five (475) kilometre radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:
 - (i) Provide a negotiated transportation allowance, not to exceed scheduled air line air fare where scheduled air service is available, or pay an allowance of three hundred dollars (\$300.00) ,) where airline service is not available, after thirty-five (35) calendar days of

employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

- (ii) Allow employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (c) It is further understood and agreed that the above described trips be on a rotation basis and at no time more than twenty-five percent (25%) of the working force shall be on such home leave.
- (d) Where the Employer supplies transportation the employee shall not be entitled to the above allowances, subject to the provisions of 23.02 (b) save and except that the Employee shall remain eligible for rotational leave as per clauses 23.03 (a)(ii), 23.03 (b)(ii), and 23.03 (c).
- (e) Time spent away from a jobsite due to a jobsite closure or scheduled vacation of one work week (5 days or 4 days as the case may be) or longer will not be credited towards the accumulation of calendar days for earning a turnaround leave.

23.04 LOCAL RESIDENTS

- (a) A local resident is an individual who resides within a seventy-five (75) kilometer radius of the centre of a job site which is beyond daily commuting distance from Edmonton or Calgary or other locations where a hiring hall is located, and has resided within such radius of the site for a period of not less than six months prior to being engaged on the project. It is understood that the hiring of local residents shall be subject to the hiring procedures and prerogatives set out in this agreement.
- (b) Local Residents residing within a forty-five (45) km. radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.
Local residents residing between a forty-five (45) km radius and a seventy-five (75) km radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of thirty-six dollars (\$36.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of nineteen dollars (\$19.00) will be paid for each day worked.

For the purposes of determining local residents in the Fort McMurray area, residents of Anzac and Saprae Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay will be considered to be residents of Fort McMurray for projects located south of Fort McMurray

- (c) Where a Camp Kitchen is established, and where all workers generally on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches a Local

Resident Employee shall be provided the same noon meal without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the jobsite, local residents shall be entitled to pick up hot soup as well.

- (d) Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.
- (e) The parties agree that the early participation of qualified local resident employees in work undertaken under this agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the parties.

(f) Process for Determining Local Status

Where a question arises as to whether a candidate for employment qualified as a local resident, the designated representatives of the Employer and the Union shall determine the individual's acceptability as to residency only. The Joint Conference Committee may provide direction in addition to the guidelines set out below to determine the "real residency" test for those people wishing to be designated as local residence.

Guidelines for determining "Real Residency"

In making the determination as to whether a person is a "Local Resident" for the purposes of the Collective Agreement, the following factors will be taken into consideration:

- the dwelling place of the person's spouse and dependents;
- personal property and social ties to the community;
- residential ties elsewhere;
- performance and purpose of residence in a particular community;
- documentation of;
 - (i) property tax and rent receipts, telephone, gas or other utility receipts;

23.05 ACCOMMODATION, ROOM & BOARD

- (a) Applicable within a 475 kilometer radius of the Cities of Edmonton and Calgary (excluding National Parks)

When an employee is directed or dispatched to work on an out-of-town job, the employer will provide:

- (i) camp accommodation, which shall be available seven days per week; or
- (ii) for each day worked, suitable board and room as set out in this agreement between the parties hereto; or
- (iii) for each day worked, reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten dollars (\$110.00) per day, except for:
 - the **Swan Hills** region where the rate will be one hundred fifteen dollars (\$115.00)
 - the **Athabasca, Hardisty, Hanna, Stettler, Camrose, Wainwright and Cold Lake** regions where the rate will be one hundred twenty dollars (\$120.00).

 - the **Peace River** region where the rate will be one hundred and fifty dollars (\$150.00)
 - the **Grande Prairie and Drumheller** regions where the rate will be one hundred thirty dollars (\$130.00).
 - the **Hinton and Bonneyville** region where the rate will be one hundred thirty-five dollars (\$135.00).

 - the **Lloydminster** region where the rate will be one hundred forty-five dollars (\$145.00).
 - the **Canmore Exshaw** region where the rate will be one hundred and fifty-five dollars (\$155.00)

Should the above subsistence rates be amended, due to a review of subsistence rates for the majority of other trades, those amended rates shall be effective in this agreement as well. (see www.clra.org for updated rates)

Subsistence allowance for regular days worked in an employee's first week of work, will not be held back and will be paid in the week the allowance was

earned. Subsistence allowance for subsequent weeks of work will be held back one week. If this results in an overpayment of subsistence allowance such overpayment may be deducted from the final pay. New hires must provide payroll information to the Employer on Monday morning of the first week they are employed in order to receive their subsistence on the next pay day.

- (iv) On a project / jobsite located over two hundred and fifty (250) radius kilometers from the geographic centers of either the City of Edmonton or Calgary (as applicable) one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.
 - (v) Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a first or last day of a scheduled shift provided the employee reports for work on the work day immediately preceding and following the Statutory Holiday.
- (b) Applicable beyond a 475 kilometer radius of the Cities of Edmonton and Calgary (excluding National Parks and Northwest Territories)

When an employee is directed or dispatched to work on an out-of-town job which will last at least five days, the employer will provide, on a seven (7) days per week basis:

- (i) camp accommodation; or
- (ii) suitable board and room as set out in this agreement between the parties hereto; or
- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten dollars (\$110.00) per day.

Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 23.05(a)(ii) or 23.05(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of registered employers' organizations, which committee shall make a final and binding decision within five days from the date of referral. In cases where the decision applies only to

Ironworkers the decision will be made by the Joint Conference Committee within five (5) days from the date of referral.

- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the employer's obligations pursuant to this article.
- (e) (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one of the following options:
- provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Alberta Building Trades Council issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively, an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Alberta Building trades Council that a Subsistence review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Alberta Building Trades Council and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually

agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article 12.00. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.
- (v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;
 - In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
 - Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at
 - The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
 - Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.

(f) Applicable to all Regions

- (i)** Employees unable to work due to legitimate illness, material shortage, job site conditions, or inclement weather shall receive their board and room or daily allowance during the period such circumstances where an employee cannot leave his temporary accommodation continue up to a maximum of three (3) days.

If an employee who is being provided with subsistence allowance chooses to leave a jobsite prior to the normal quitting time without receiving consent from his employer, the employee will receive a prorated amount of subsistence based upon the number of hours the employee worked in the work day, compared to the regularly scheduled hours of work for the day.

If the employee leaves prior to the normal quitting time with the consent of the employer they will receive the normal daily subsistence allowance for that day.

- (ii)** All camps must meet the specifications as negotiated by Building Trades of Alberta and Construction Labour Relations, an Alberta Association **2010 - 2018** camp rules and regulations, or any successor thereto.
- (iii)** All grievances concerning a camp will be resolved through the grievance procedure provided in the BTA/CLRa Camp Rules and Regulations.
- (iv)** Where workers are required to check out of camp accommodations for days off at the end of a work cycle it is expected that check in procedures will be optimized to reduce wait times on checking back into camp. Where a problem arises in respect to these procedures the union may request that the matter be dealt with at the next joint union / management liaison committee meeting in respect to that site.

ARTICLE TWENTY-FOUR - PAY DAY

- 24.01** The regular pay day shall be once a week on such days as agreed upon between the Employer and the Local Union, and wages shall be paid before quitting time. Not more than one week's pay may be held back, to enable employers to prepare their payroll. All cheques drawn on out-of-province banks must be certified. Exchange on pay cheques, where applicable, will be paid by the Employer to the employee, on pay day. Employers shall have the option to pay by payroll cheque or to pay by

direct deposit to the bank account of the employee's choice. Where direct deposit is used, employees will be provided with pay summaries on payday which can be sent by fax to out of town jobs if necessary.

24.02

- (a) When Employees are laid off or discharged they shall be paid the wages due to them at the time of layoff or discharge and given their Record of Employment, if applicable, except in the case where the Employer has not established a pay office at the jobsite, payment will be mailed within two (2) working days.

Employees must advise the payroll department of their employer if they believe their final pay is late. The Employer will then have two working days following notification to get the final pay cheque to the employee. Failure to do so will result in a penalty of four (4) hours at the applicable basic hourly rate of pay for each 24 hour period of delay beyond the two working days within which the pay should have been postmarked. Such intervals shall only be deemed to include working days and shall remain exclusive of week-ends and holidays. It is understood, however, that extenuating circumstances can arise, and that despite all good faith efforts and for reasons beyond the control of the Employer, payments may be delayed. In such cases the onus shall be on the Employer to notify the Union, prior to the time by which the cheque is required to be available or required to be post marked, of the details of such circumstances. In such cases the payment of the late remittance amount shall be waived."

- (b) When an Employee voluntarily terminates their employment, the Employer will mail their wages to their last known address without undue delay but no later than two (2) working days after termination.
- (c) Any Employee who terminates their employment while away from the project will notify the payroll office immediately and will receive their pay cheque in accordance with this Article. Employees who quit or are terminated for cause while away from the project will have their personal belongings collected by the Union Steward and a representative of their employer who will remove them to the nearest union hall.
- (d) Where the Employer lays off an Employee while the Employee is away from the project, any personal belongings will be shipped prepaid to their last known address unless alternate arrangements have been made.
- (e) The Employer shall make arrangements for the Employees to cash their pay cheques without exchange cost.
- (f) For the purposes of this Article, where an Employer is utilizing electronic banking, the above clauses will apply to the Employees of that Employer with the exception of those Employees who have selected to be paid by direct deposit. In this case the final pay will be paid on the next regular pay day when the time owing would have been normally payable. If this pay is late the four (4) hour late remittance language as set out in 24.03 (a) above will be applicable.

Appendix “B” Example Calculations

The following are examples only, for the purposes of explaining the formulae in the Wage Determination in Article 16.01 and are not to be used for determining compensation.

Example 1: January 2012 Calculation for Trade X:

Hypothetically:

- Gross Wage Rate for Trade X = \$54.00
- CPI Change December 2010 - December 2011 = 1.5% (under the 2% minimum).
- Group 4 Average Wage = \$55.00
(Assume the Total of the Industrial Gross Rates Effective on April 1st, 2012 for Boilermaker, Bricklayer Refractory, Carpenter, Electrician, Millwright, and Pipefitter, divided by 6 = \$55.00)

May 2012 increase for Trade X: $(2\% \div 2) \times \$55.00 = 55¢$

November 2012 increase for Trade X: $(2\% \div 2) \times \$54.00 = 54¢$

Example 2: January 2013 Calculation for Trade X:

Hypothetically:

- Oil Price Average, July – December 2012 = \$96.66
- CPI Change December 2011 – December 2012 = 1.5%.
- Group 4 Average Wage April 1st, 2013 = \$55.00

May 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$55.00 = \$0.55¢$

Example 3: July 2013 Calculation for Trade X:

Hypothetically:

- April 1st, 2013 Gross Wage Rate for Trade X = \$54.00
- Oil Price Average, January – June, 2013 = \$91.55
- CPI Change June 2012 – June 2013 = 1.5%.

November 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$54.00 = 54¢$

Check against 2013 annual 5% limit:

$55¢ + 54¢ = \$1.09$, which is less than the 2013 limit of $\$54.00 \times 5\% = \2.70

WHEREAS:

- 1) The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting this objective will correlate to a reduction in workplace incidents.
- 2) The Parties intend to reduce redundant substance testing and related costs and to expedite access to participating worksites.
- 3) Alcohol and other drug work rules, such as the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the 'Canadian Model'), are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 4) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information.
- 5) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers.
- 6) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and, if necessary, accommodation strategies. Professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the *Canadian Model* and, if necessary, recovering from an addiction and/or dependency to alcohol or other drugs.

- 7) In 2004, the Department of Health and Human Services Substance Abuse and Mental Health Services Administration and, in 2008, leading experts in direct consultation, confirmed that laboratory oral fluid testing is accurate, reliable and appropriate for unannounced testing. Due to the shorter detection windows than found in urine testing, it was found oral fluid testing is not appropriate for follow-up testing and not appropriate for testing where prior notice of the test is given.
- 8) Several arbitration cases have accepted the validity of laboratory oral fluid testing but in none of those cases was the laboratory oral fluid testing itself the subject of challenge. Accordingly, at the time of signing this agreement the validity of laboratory oral fluid testing has yet to be established in Canadian law.

NOW THEREFORE, IT IS AGREED between the Parties hereto that:

- (a) Subject to (b) and (c) below, the Parties support the implementation of the Rapid Site Access Program and the Union and Employer agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time.
- (b) The Union's agreement in (a) above is subject to the adoption of laboratory based oral fluid testing for the random component of drug testing administered by the Rapid Site Access Program. However, in the event laboratory oral fluid testing is successfully challenged in law the Union agrees urine based testing shall apply.
- (c) Subject to (b) above, where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the registered employers' organization and the Rapid Site Access Administrative Committee.
- (d) For Industrial work, the employer contributions shall be established by the CLR and may be changed by the Board of Directors of Construction Labour Relations - An Alberta Association, and notice to an Employer and the Union from the Association respecting such amendment shall be sufficient. RSAP contributions shall be forwarded to Construction Labour Relations at #207, 2725 - 12th Street NE, Calgary Alberta T2E 7J2. These contributions shall be used by CLR to provide the funding, among other things, for the third party providers who are responsible for delivering the services in respect to the Rapid Site Access Program.
- (e) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

All of which is Agreed this 11th day of October, 2011
