ARTICLE TWENTY-THREE - TRANSPORTATION AND ACCOMMODATION

23.01 Daily Travel

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) A forty-five (45) kilometer radius free zone from the center of the cities of Edmonton or Calgary (Geodetic Monument) or around any place in which employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower. No transportation or travel allowance shall be applicable within the free zone.
- (b) Notwithstanding Article 23.01 (a), on major construction projects located within the free zone, around the cities of Edmonton and Calgary but beyond the city bus transportation system of those cities, where it is projected that the total construction workforce will exceed 750 multi-trade construction employees, the affected Parties shall meet to discuss the viability of implementing a system of providing transportation to the site.
- (c) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
 - to provide transportation and pay travel allowance, or
 - reimburse the employees, as a vehicle allowance, at the rate of thirty nine cents (\$0.39) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at 80 km per hour, at the employee's applicable base rate, from the point where the edge of

the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

E.G --A Journeyman member traveling to a project located 40 road kilometers from the edge of the free zone at 80km per hour each way would receive the following for each day worked:

Travel Allowance:

80 km @ 80 km/hr. = 1 hr. @ base rate of \$28.15/hr. = \$28.15

Vehicle Allowance:

80 km. @ \$0.39 per km. = \$31.20

for a daily total of \$59.35

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (d) Where the Employer supplies the transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. Where the employer is supplying transportation, and when the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon
- (e) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (f) When the transportation provided by the Employer for the conveyance of employees is delayed by circumstances beyond the control of the employees, the employees shall be paid for all such time, up to a limit of two (2) hours at the applicable straight time rate.
- (g) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of of thirty-nine cents (39¢) per kilometer traveled if the employee uses his own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (h) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.
- (i) An inconvenience allowance of fifteen dollars (\$15.00) per day worked shall be paid to employees who are required to travel between the Muskeg River Camp or the PTI camp and the Suncor site, or between the Suncor camps and the Aurora 1 or 2 or

MRC sites. (This is a “pure” allowance and is not to be considered part of earnings for the purposes of any calculations.) Similar situations not expressly mentioned in this clause which may arise in the future will be subject to discussion by the Parties to determine if the situation warrants consideration for similar treatment.

- (j) Should an employee residing in camp accommodation be requested by the employer or the client’s designated camp management personnel to move to another room or camp, they shall be paid two (2) hours at the applicable straight time rates to carry out the move.
- (k) When an employee is being paid subsistence allowance in accordance with Article 23.05(a) or (b), and when there is no accommodation available within 45 km. of the project on which the employee is engaged, the employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometres beyond a 45 kilometre radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation within a 45 kilometre radius of the project becomes available, the payment of the travel allowance will cease.

23.02 INITIAL AND RETURN TRANSPORTATION TO REMOTE SITES

- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under 23.01(c) would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (b) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:
 - (i) up to 200 kilometers - \$70.00 each way;
 - (ii) 201 kilometers to 300 kilometers - \$100.00 each way
 - (iii) 301 kilometers to 375 kilometers, and the Empress area - \$120.00 each way
 - (iv) over 375 kilometers to 475 kilometers \$180.00 each way, or actual Airfare if suitable proof of air transport is provided to the employer.
 - (v) over 475 kilometers - as mutually agreed between the Parties to this Agreement to a maximum of \$275.00 each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project / jobsite.
- (b) Notwithstanding the provisions of (a) above, when transportation is provided by the Employer, no travel allowance will be paid.
 - i. When transportation is provided by means of weekly bussing, an employee, at the time of dispatch, will be allowed to elect to use the bus

- or to receive collective agreement initial / return / rotation provisions. Buses must comply with 23.01 (d).
- ii. An employee who has elected collective agreement initial / return / rotation provisions will no longer be paid any such payments not yet received if a new bus route is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.
 - iii. An employee who has elected collective agreement initial / return / rotation provisions and who is found using bus transportation will become disentitled to further collective agreement initial / return / rotation allowances, as one consequence.
 - iv. If an employee who elects collective agreement initial / return / rotation provisions uses bus transportation for his initial trip that employee will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
 - v. Regulations shall be established for the use of bus transportation governing behaviour and the use of, e.g., alcohol, tobacco and other substances.
 - vi. Notwithstanding the foregoing, an employee who has elected to use provided busses, and who is hired, laid off, or terminated on a day when weekly bussing is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation to or from the site to the nearest commercial bus terminal, or equivalent taxi fare.
- (c) Employees will qualify for, and receive initial transportation allowance to the job site after being employed at the site for either fifteen (15) calendar days or completion of the job, whichever is the lesser.
- Should the employee remain on the job until completion of thirty (30) calendar days, or until completion of the dispatched job requirement, whichever may be the lesser, they shall receive the return transportation allowance to be paid with his final pay cheque.
- If the employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake Region, etc.), that employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the employee is transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an employee choose not to accept a transfer, he/she shall be paid all applicable travel allowances and be considered to be laid off.

23.03 ROTATIONAL LEAVE (TURNAROUNDS)

(a) On jobs located beyond a Three Hundred (300) km radius to a maximum of Four Hundred and Seventy-five (475) km from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

(i) Pay an allowance of One Hundred and Forty Dollars (\$140.00) after Thirty-Five (35) calendar days of employment on the job and thereafter for each subsequent Thirty-Five (35) calendar days of employment on the job.

(ii) Allow Employees Five (5) working days leave after each Thirty-Five (35) calendar days of employment on the job.

(b) On jobs located beyond a Four Hundred and Seventy-five (475) km radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

(i) Provide a negotiated transportation allowance, not to exceed scheduled air line air fare where scheduled air service is available, or pay an allowance of Two Hundred and Fifty Dollars (\$250.00) where airline service is not available, after Thirty-Five (35) calendar days of employment on the job and thereafter for each subsequent Thirty-Five (35) calendar days of employment on the job.

(ii) Allow Employees Five (5) working days leave after each Thirty-Five (35) calendar days of employment on the job.

(c) It is further understood and agreed that the above described trips be on a rotation basis and at no time more that twenty-five percent (25%) of the working force shall be on such home leave.

(d) Where the Employer supplies transportation the employee shall not be entitled to the above allowances, subject to the provisions of 23.02 (b) save and except that the Employee shall remain eligible for rotational leave as per clauses 23.03 (a)(ii), 23.03 (b)(ii), and 23.03 (c).

23.04 LOCAL RESIDENTS

(a) A local resident is an individual who resides within a seventy-five (75) kilometer radius of the centre of a job site which is beyond daily commuting distance from Edmonton or Calgary or other locations where a hiring hall is located, and has resided within such radius of the site for a period of not less than six months prior to being engaged on the project. - (b) Local Residents residing within a forty-five (45) km. radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.

Local residents residing between a forty-five (45) km radius and a seventy-five (75) km radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of thirty dollars (\$30.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of fifteen dollars (\$15.00) will be paid for each day worked.

- (c) Where a Camp Kitchen is established, and where all workers generally on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches a Local Resident Employee shall be provided the same noon meal without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the jobsite, local residents shall be entitled to pick up hot soup as well.
- (d) Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.
- (e) The parties agree that the early participation of qualified local resident employees in work undertaken under this agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the parties.

23.05 ACCOMMODATION, ROOM & BOARD

- (a) Applicable within a 475 kilometer radius of the Cities of Edmonton and Calgary (excluding National Parks)

When an employee is directed or dispatched to work on an out-of-town job, the employer will provide:

- (i) camp accommodation, which shall be available seven days per week; or
- (ii) for each day worked, suitable board and room as set out in this agreement between the parties hereto; or
- (iii) for each day worked, reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount eighty-five dollars (\$85.00) per day with the following exception:

- Fort McMurray - \$100.00** per day

Should the above subsistence rates be amended, due to a review of subsistence rates for the majority of other trades, those amended rates shall be effective in this agreement as well.

Subsistence allowance for regular days worked in an employee's first week of work, will not be held back and will be paid in the week the allowance was earned. Subsistence allowance for subsequent weeks of work will be held back one week. If this results in an overpayment of subsistence allowance such overpayment may be deducted from the final pay. New hires must provide payroll information to the Employer on Monday morning of the first week they are employed in order to receive their subsistence on the next pay day.

- (iv) On a project / jobsite located over two hundred and fifty (250) radius kilometers from the geographic centers of either the City of Edmonton or Calgary (as applicable) one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.

Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a Monday or Friday (Thursday where a compressed work week schedule is in effect) provided the employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (b) Applicable beyond a 475 kilometer radius of the Cities of Edmonton and Calgary (excluding National Parks and Northwest Territories)

When an employee is directed or dispatched to work on an out-of-town job which will last at least five days, the employer will provide, on a seven (7) days per week basis:

- (i) camp accommodation; or
- (ii) suitable board and room as set out in this agreement between the parties hereto; or
- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of eighty-five dollars (\$85.00) per day.

** Pursuant to the completion of a subsistence review process as outlined in this Article of this agreement, effective May 28, 2001, the subsistence allowance rate for Fort McMurray as indicated in this Article, has been adjusted to \$115.

Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 23.05(a)(ii) or 23.05(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of registered employers' organizations, which committee shall make a final and binding decision within five days from the date of referral. In cases where the decision applies only to Ironworkers the decision will be made by the Joint Conference Committee within five (5) days from the date of referral.
- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the employer's obligations pursuant to this article.
- (e) (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one of the following options:
- provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Alberta Building Trades Council issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Alberta Building Trades Council and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the

community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article 12.00. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings.
