- 9.02** The regular working week shall consist of forty (40) hours of employment divided into five (5), eight (8) hour working days, Monday to Friday inclusive.
- 9.03** A compressed work week of four (4) ten (10) hour days may be worked at straight time rates. The four (4) ten (10) hour days must be worked consecutively. The first two (2) hours of overtime on four (4) ten (10) hour day schedule shall be paid at 1 ½ times the regular rate of pay. All others to be paid at double (2x) the regular rate.
- 9.04**
- (a)** If the four (4) ten (10) hour days are being worked and one (1) or more days of work are lost during that week due to inclement weather, the Employer may schedule Friday as a make-up day. Hours worked on the Friday to be paid at straight time rates up to ten (10) hours in the day or until the forty (40) hours (reduced appropriately when a statutory holiday occurs during that week) in the week have been worked after which overtime provisions apply. Where it is not practical to provide seven (7) calendar days notice the worker must provide as much notice as they are capable of, it being understood that less notice may make it more difficult to accommodate a request for time off. Requests for time off that meet the above conditions will not be unreasonably denied subject to operational requirements. Except in exceptional circumstances personal unpaid absence allowance under this article shall not exceed a half shift (1/2) per month or (1) shift every two (2) months.
- (ii) A worker that is preauthorized to take personal time off pursuant to the above procedure, will qualify for overtime premiums for any work performed either preceding or following the normal scheduled hours of work on the day they take their personal absence regardless of whether or not they have worked the full eight (8) or ten (10) hours as scheduled for that shift. In the case of a worker on a compressed work week schedule they would also be paid normal overtime premiums for any hours worked on the compressed work week day off. It is also understood that, provided such absences conform to these conditions, the absence will not disqualify the worker from working overtime, scheduled or unscheduled for that week.
- (iii) A worker that is absent from work without pre-authorization as per the above procedure, including late arrivals or early quits will be subject to discipline in accordance with their employer's policies and may also be disqualified from working scheduled overtime in the week the absence occurs. Workers who are absent from work without pre-authorization, or workers that have been pre-authorized but have exceeded their unpaid personal allowance (see 9.07(b)(i)) must work the minimum normal hours as stipulated in 9.07(a) prior to overtime premiums being paid.

9.08 Overtime Meals

Meals are to be provided by the Employer on company time at no cost to the employee.
- (b) Where it is not practical for the Employer to provide a meal as set out in 9.08(a) the Employer shall pay a meal allowance of twenty - five dollars (\$25.00) in lieu of the meal.

ARTICLE TEN - SHOW-UP

- 10.01**
- (a) When an employee reports to work at the regular starting time and such employee is not put to work the employee so affected shall be entitled to a minimum of two (2) hours pay at the applicable rate of pay.
 - (b) In order to qualify for show up time employees must remain on the job site, unless otherwise directed by the Employer. Where the employee(s) are directed to remain on the job site for more than two (2) hours they shall be paid for such time at the applicable rate.
 - (c) Employee(s) affected shall be paid daily travel, transportation, subsistence or receive camp accommodation as is applicable.
 - (d) An employee is not entitled to show up time if the Employer notifies the employee that no work is available at least two (2) hours prior to the commencement of the normal work day. Employees working on a job site where they are accommodated in a camp facility will not be entitled to show up time if they are notified that no work is available at breakfast time and notices are posted on the bulletin boards in the camp kitchen.

ARTICLE ELEVEN - LOCAL RESIDENTS, TRANSPORTATION, AND ACCOMMODATION

PROVISIONS FOR INDUSTRIAL WORK

Articles 11.01 through 11.05 apply only to work which falls within the definition of "Industrial" work as set out in Addendum I - Industrial Work.

11.01 LOCAL RESIDENTS

- (a) A local resident is an individual who resides within a seventy-five kilometer (75 km) radius of the centre of a job site which is beyond daily commuting distance from Edmonton or Calgary or other locations where a hiring hall is located, and has resided within such radius of the site for a period of not less than six (6) months prior to being engaged on the project. It is understood that the hiring of local residents shall be subject to the hiring procedures and prerogatives set out in this agreement.

(b) Process for Determining Local Status

Where a question arises as to whether a candidate for employment qualified as a local resident, the designated representatives of the Employer and the Union shall determine the individual's acceptability as to residency only. The Consultative Committee may provide direction in addition to the guidelines set out below to determine the "real residency" test for those people wishing to be designated as a Local Resident.

(c) Guidelines for determining "Real Residency"

In making the determination as to whether a person is a "Local Resident" for the purposes of the Collective Agreement, the following factors will be taken into consideration:

- the dwelling place of the person's spouse and dependents;
- personal property and social ties to the community;
- residential ties elsewhere;
- permanence and purpose of residence in a particular community;
- documentation of;
 - (i) property tax and rent receipts, telephone, gas or other utility receipts;
 - (ii) driver's license
 - (iii) vehicle registration or pink card;
 - (iv) income tax;
 - (v) unemployment insurance documents;
 - (vi) voters' list registration;
 - (vii) employee benefit fund administration registrations.

- (d) Local Residents residing within a forty-five kilometer (45 km) radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.

Local residents residing between a forty-five kilometer (45 km) radius and a seventy-five kilometer (75 km) radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of thirty-six dollars (\$36.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of nineteen dollars (\$19.00) will be paid for each day worked. For the purposes of determining local residents in the Fort McMurray area, residents of Anzac and Saprae Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay will be considered to be residents of Fort McMurray for projects located south of Fort McMurray.

- (e) Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to themselves. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the jobsite, local residents shall be entitled to receive hot soup.
- (f) Where a Local Resident Employee is required to work overtime, they shall be entitled to overtime meals in accordance with this Agreement.
- (g) The parties agree that the early participation of qualified local resident employees in work undertaken under this agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesperson will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the parties.

The Parties to the Collective Agreement agree that they will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Agreement. If it is determined that there is an underutilization of Local Resident Members the Parties will meet and address the issue.

11.02 DAILY COMMUTING

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) (i) A forty-five kilometer (45 km) radius free zone from the center of the cities of Edmonton or Calgary (Geodetic Monument) or around any place in which employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower.

No transportation or travel allowance shall be applicable within the free zone. (Subject to 11.02(a)(ii) and 11.02(a)(iii))

- (ii) Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed five hundred (500), the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.
- (iii) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five (5) test runs each way, conducted coincident with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty - five (45) minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.

- (iv) It is agreed that if a major petroleum/petro-chemical project is undertaken in the area south of Redwater but north of the free zone such project will be deemed to be included within the free zone.
- (b) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
 - to provide transportation and pay travel allowance, or
 - reimburse the employees, as a vehicle allowance, at the rate of forty-nine cents (\$0.49) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The Coordinating Committee and the Building Trades of Alberta shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Building Trades of Alberta shall determine a rate that is midway between those two (2) rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Building Trades of Alberta

The travel allowance shall be calculated based on traveling at eighty (80 km) kilometers per hour, at the employee's applicable base rate, from the point where the edge of the forty – five kilometer (45 km) radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

Example:

A Journeyperson member traveling to a project located forty (40) road kilometers from the edge of the free zone at eighty kilometers (80 km) per hour each way would receive the following for each day worked:

Travel Allowance: 80 km @ 80 km per hour
1 hour at base rate of \$40.10 = \$40.10

+

Vehicle Allowance:
80 km.@ \$0.49 cents per km. = \$39.20

For a daily total of: \$79.30

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (c) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. When the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- (d) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (e) When the transportation provided by the Employer for the conveyance of employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the employees shall be paid for all such time in excess of fifteen (15) minutes beyond the scheduled departure time, up to a limit of two (2) hours at the applicable straight time rate.
- (f) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of forty-nine cents (\$0.49) per kilometer traveled if the employee uses their own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (g) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.

- (h) When an employee is being paid subsistence allowance in accordance with Article 11.05 (a)(iii) or 11.05(b)(iii), and when there is no accommodation available within forty – five kilometers (45 km) of the project on which the employee is engaged, the employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometers beyond a forty - five kilometer (45 km) radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation within a forty - five kilometer (45 km) radius of the project becomes available, the payment of the travel allowance will cease.

11.03 INITIAL AND RETURN TRANSPORTATION TO REMOTE SITES

- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under 11.02 (b) would apply shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (c) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:
 - (i) up to 200 kilometers - \$84.00 each way;
 - (ii) 200 kilometers to 300 kilometers - \$120.00 each way
 - (iii) 300 kilometers to 375 kilometers - \$144.00 each way;
 - (iv) over 375 kilometers to 475 kilometers \$216.00 each way or actual airfare if suitable proof of air transport is provided to the employer.
 - (v) over 475 kilometers - as mutually agreed between the parties to this Agreement to a maximum of \$330.00 each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project/jobsite.
- (b) The Initial and Return Transportation Allowances set out herein shall be subject to review in January 2013 and January 2014. In the event that there is an adjustment in the vehicle allowance, pursuant to article 11.02(b) for 2013 and / or 2014, each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2013, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2013.

- (c) When transportation is provided by the employer by way of air, bus, or other acceptable surface transportation, prior to the commencement and following the conclusion of a work cycle (being scheduled days of work for which there is no more than a one (1) day of rest scheduled within consecutive scheduled days), an employee, at the time of dispatch, will be allowed to elect to use the such employer provided transportation or to receive collective agreement initial/return/rotation allowances. Buses must comply with Article 11.02 (c).
- An employee who has elected collective agreement initial/return/rotation allowances will no longer be paid any such payments not yet received if transportation is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.
 - An employee who has elected collective agreement initial/return/rotation allowances and who is found using employer provided transportation will become disentitled to further collective agreement initial/return/rotation allowances, as one consequence.
 - If a person who elects collective agreement initial/return/rotation allowances uses employer provided transportation for their initial trip that person will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
 - Regulations shall be established for the use of employer provided transportation governing behaviour and the use of, e.g., alcohol, tobacco and other substances.
 - Notwithstanding the foregoing, an employee who has elected to use employer provided transportation and who is hired, laid off, or terminated on a day when such transportation is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.
- (d) An Employee will qualify for, and receive with the next regular pay, transportation allowance to the job site after being employed at the site for fifteen (15) calendar days.

If the employee remains on the job until completion of thirty (30) calendar days, the employee shall qualify for return transportation allowance to be paid with their final pay at the subject site.

If, prior to having qualified for either transportation allowance, the employee is laid off, or the job is completed, or the employee is transferred to a different work site which is outside the area for which the transportation allowance was to apply, that employee will be paid any outstanding transportation allowance(s) with their next regular pay.

If the employee is transferred to a different work site that is within the area to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational leave.

11.04 ROTATIONAL LEAVE (TURNAROUNDS)

- (a) On jobs located beyond a three hundred (300) km radius to a maximum of four hundred and seventy-five (475) km from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

 - (i) Pay an allowance of one hundred and sixty-eight dollars (\$168.00) after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job. Where the Employee accepts Employer supplied transportation they shall not be entitled to the above allowance.
 - (ii) Allow Employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (b) On jobs located beyond a four hundred and seventy-five (475) km radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:

 - (i) Provide a negotiated transportation allowance, not to exceed scheduled air line air fare where scheduled air service is available, or pay an allowance of three hundred dollars (\$300.00) where airline service is not available, after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

- (ii) Allow Employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (c) The Rotational Leave Allowances set out herein shall be subject to review in January 2013 and January 2014. In the event that there is an adjustment in the vehicle allowance, pursuant to article 11.02(b) for 2013 and / or 2014, each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2013, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2013.
- (d) It is further understood and agreed that the above described trips be on a rotation basis at a time authorized in advance by the Employer and at no time more that twenty-five percent (25%) of the working force shall be on such home leave.
- (e) Where the Employer supplies transportation the Employee shall not be entitled to the above provisions, subject to the provisions of 11.03 (c) save and except that the Employee shall remain eligible for rotational leave as per clauses 11.04 (a) (ii), 11.04 (b) (ii), and 11.04 (d).
- (f) Time spent away from a jobsite due to a jobsite closure or scheduled vacation of one (1) work week (five (5) days or four (4) days as the case may be) or longer will not be credited towards the accumulation of calendar days for earning a turnaround leave.

11.05 ACCOMMODATION, ROOM & BOARD

- (a) Applicable within a four hundred and seventy - five (475) kilometer radius of the centre of Edmonton or Calgary or other hiring hall location (but excluding National Parks)

When an employee is directed or dispatched to work on an out-of-town job, the employer will provide:

- (i) camp accommodation, which shall be available seven (7) days per week; or
- (ii) mutually agreed room and board; or

- (iii) for each day worked, reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten dollars (\$110.00) per day throughout the Province of Alberta except for subsistence rates established for specific communities and regions as posted at www.clra.org.
- (iv) On a project / jobsite located over two hundred and fifty (250) radius kilometers from the geographic centre of Edmonton or Calgary or other hiring hall location (as applicable) one (1) additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to their Employer for each occasion the accommodation is used. Where the Employer or the Employer's client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.

Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a first or last day of a scheduled shift provided the employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (b) Applicable beyond a four hundred and seventy - five (475) kilometer radius of the centre of Edmonton or Calgary or other hiring hall location (excluding National Parks and Northwest Territories)

When an employee is directed or dispatched to work on an out-of-town job which will last at least five (5) days, the employer will provide, on a seven (7) days per week basis:

- (i) camp accommodation; or
- (ii) mutually agreed room and board; or
- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten dollars (\$110.00) per day.

Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.

- (c) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 11.05(a)(ii) or 11.05(b)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades of Alberta and the Coordinating Committee of Registered Employers' Organizations, which committee shall make a final and binding decision within five (5) days from the date of referral.
- (d) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the employer's obligations pursuant to this article.
- (e) (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one (1) of the following options:
 - provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Building Trades of Alberta issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively, an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Building Trades of

Alberta that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.

- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Building Trades of Alberta and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades of Alberta.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article 18.01. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades of Alberta. The decision of the Umpire

shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.

(v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;

- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
- To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
- Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at.
- The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
- Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one (1) reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.

- (i)** Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those work days that they were scheduled to work.

To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to their primary Alberta residence due to the medical, work, site or weather conditions.

In the event return to the employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease. It is expected that circumstances to which this provision applies will be of short duration.

For the purposes of this Article, for an employee who does not maintain a primary residence in Alberta, that employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.

If an Employee chooses to leave before the completion of the shift with the consent of the Employer they will be paid a full day's subsistence if at least half the shift is worked and half a day's subsistence if less than half a shift is worked.
- (iii)** All camps must meet the specifications as set out in the Building Trades of Alberta and Construction Labour Relations, an Alberta Association 2010 - 2018 Camp Rules and Regulations, or any successor thereto.

the straight time basic hourly rate as full compensation for the time to move belongings.

PROVISIONS FOR COMMERCIAL / INSTITUTIONAL WORK

Articles 11.06 through 11.14 apply to that work which is not encompassed by the definition of "Industrial" set out in Addendum 1, being that work which shall be referred to as "Commercial / Institutional".

11.06 A seventy five (75) kilometer free zone shall be established around the center of every city, town or village in which employees reside and around every place where accommodation is provided and/or paid for by the Employer. This zone shall apply to all persons covered by this Agreement except local residents.

The following conditions shall apply to all employees engaged in work that is not industrial work, except local residents, within the following radial zones:

Zone 1 Within the Free Zones as noted above, all employees shall be responsible for their own transportation to and from the work site except that where, on remote job sites, conditions are such that private and public transportation is not available and the work area is beyond reasonable walking distance, then the Employer shall provide transportation.

Zone 2 The area lying within the next one hundred (100) kilometers beyond the boundary of the free zones established above, is Zone 2. For any job site situated within this area the Employer shall supply transportation to and from the work site to the place of accommodation or established central pick-up points, or, at their option, expressed by the Employer in writing, pay vehicle allowance at the rate of forty-nine cents (\$0.49) per kilometer from the edge of the free zone, to the job and back, to each employee who, by arrangement with the Employer uses their own vehicle to provide transportation outside the free zone.

At the Employer's option, camp or other board and room accommodations as provided for in Zone 3, may be provided in this zone for each day worked.

Zone 3

The area lying within the next one hundred (100) kilometers beyond the boundary of Zone 2 as established above, is Zone 3. For any job site situated within this area, the Employer shall provide at their option for each day worked:

- (i) camp accommodation which conforms with the C.L.R.A/B.T.A Camp Rules and Regulations or successor standards;

or

- (ii) reasonable room and board;

or

- (iii) agreed subsistence allowance.

- (i) camp accommodation as noted above;

or

- (ii) reasonable room and board;

or

- (iii) agreed subsistence allowance.

Zone 5

The area lying beyond the outer boundary of Zone 4, or areas within the above noted zones which are inaccessible by automobile, is Zone 5. On jobs within Zone 5 only, the Employer will allow a return trip to the city in which the Local Union is centered (whichever is closer) after each sixty (60) days of employment on the project and shall grant leave from work for a maximum period of five (5) calendar days. Such trips shall be paid one way upon leaving the job site and reimbursed for the return upon reporting to the job. Rate of reimbursement shall be the equivalent train, bus or air fare only as appropriate.

In the event the Employer and the Union cannot quickly come to an agreement respecting the amount of subsistence that is appropriate for any given project or area, the subsistence allowance shall be based on an analysis by a joint committee of representatives of the Employer and representatives of the employees, using average room costs in the subject area (on the basis of two (2) men per room), and average costs of meals using predetermined example menu items.

11.07

- (a) Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those work days that they were scheduled to work.

To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to their primary Alberta residence due to the medical, work, site or weather conditions.

In the event return to the employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.

It is expected that circumstances to which this provision applies will be of short duration.

For the purposes of this Article, for an employee who does not maintain a primary residence in Alberta, that employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.

- (b) If an Employee chooses to leave before the completion of the shift without the consent of the Employer they will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). When Sunday is not a working day and an employee fails to report to work on Monday when work is available, the employee shall forfeit room and board for Sunday and for Monday. An employee shall also forfeit room and board for absenteeism on any working day for other than unavoidable causes.
2. Unavoidable cause shall be deemed any illness or injury other than caused by consumption of liquor and/or illicit drugs. The Employer may request proof of illness or injury by way of a letter from a medical doctor.
3. Where the Employer's costs are fixed (as for Camp accommodation or long term room leases) the employee shall not be back-charged for such fixed costs, but, where subsistence allowance is paid then the employee shall not be paid for days missed as detailed above.

11.08 Where the transportation prescribed in Article 11.06 is not provided by the Employer to an employee employed pursuant to this Collective Agreement, the Employer shall pay to the employee a daily vehicle allowance, being the product of twice the distance in kilometers from the edge of the relevant free zone to the subject project times forty-nine cents (\$0.49) per kilometer.

The Apprentice book is to be utilized to document all hours worked. These hours are to be verified by a contractor's representative and the apprentice. It shall be the responsibility of the JATC to implement the program.

Re: Wage Determination

Whereas the Parties have entered into a Collective Agreement pursuant to Registration Certificate No. 64, and

Whereas, together with other parties in the sector, the Parties have determined processes by which wages will be adjusted during the term of the Collective Agreement,

Now Therefore it is Agreed as follows:

1 Definitions and Application

- (a) **“CPI Change”** shall be the percentage change in the Alberta All Items Consumer Price Index over a twelve month period. For a January calculation, the CPI Change shall be difference between the index for December of the year just ended, and December of the previous year. For a July calculation, the CPI Change shall be the difference between the index for June of that year and June of the previous year. The Index shall be that published at <http://www40.statcan.gc.ca/l01/cst01/cpis01j-eng.htm>.
- (b) **“Oil Price”** shall be the average of the prices posted for West Texas Intermediate Oil, in current \$US, over the six months prior to the month of a calculation. The prices to be used shall be those published at <http://www.eia.doe.gov/dnav/pet/hist/LeafHandler.ashx?n=PET&s=RWTC&f=D>
- (c) **“Group 4 Average Wage”** shall, with reference to the Consolidation Order issued in respect to the 2011 round of collective bargaining, be the simple average of the gross wages applicable to journeypersons in Industrial work in the Boilermakers, Bricklayers – Refractory, Carpenters, Electricians, Millwrights, and Plumbers & Pipefitters trade jurisdictions, effective on the first day of the month April prior to a calculation.

(d) Wage adjustments calculated pursuant to this Letter of Understanding shall be the adjustments to be applied to the gross rates for journeypersons, with the gross rates for other classifications calculated from the journeyperson rate accordingly.

(e) A wage adjustment shall not be less than zero.

2 2012

(a) A calculation shall be performed in January of 2012. The wage adjustment for 2012 shall be the greater of CPI Change and 2%, to a maximum adjustment of 4%.

(b) The adjustment to take effect in May shall be one half the amount determined in (a) above, multiplied by the Group 4 Average Wage.

(c) The adjustment to take effect in November shall be one half of the amount determined in (a) above, multiplied by the journeyperson gross wage rate stipulated in the Collective Agreement effective April 1st, 2012.

3 2013 and 2014

(a) The wage adjustment to be effective in May of each year shall be calculated in January of that year, and the wage adjustment to be effective in November of each year shall be calculated in July of that year.

(b) The wage adjustment for May shall be:

(i) If Oil Price is less than \$60, zero.

(ii) If Oil Price is \$60 or greater, but less than \$90, one half of CPI Change multiplied by Group 4 Average Wage.

(iii) If Oil Price is \$90 or greater, but less than \$110, one half of the total of CPI Change and 0.5%, multiplied by Group 4 Average Wage.

(iv) If Oil Price is \$110 or greater, but less than \$125, one half of the total of CPI Change and 1.0%, multiplied by Group 4 Average Wage.

(v) If Oil Price is \$125 or greater, one half of the total of CPI Change and 1.5%, multiplied by Group 4 Average Wage.

(c) The wage adjustment for November shall be:

(i) If Oil Price is less than \$60, zero.

- (ii) If Oil Price is \$60 or greater, but less than \$90, one half of CPI Change multiplied by the journeyperson gross wage rate stipulated in the Collective Agreement effective April 1st of the year of the adjustment.
 - (iii) If Oil Price is \$90 or greater, but less than \$110, one half of the total of CPI Change and 0.5%, multiplied by the journeyperson gross wage rate stipulated in the Collective Agreement effective April 1st of the year of the adjustment.
 - (iv) If Oil Price is \$110 or greater, but less than \$125, one half of the total of CPI Change and 1.0%, multiplied by the journeyperson gross wage rate stipulated in the Collective Agreement effective April 1st of the year of the adjustment.
 - (v) If Oil Price is \$125 or greater, one half of the total of CPI Change and 1.5%, multiplied by the journeyperson gross wage rate stipulated in the Collective Agreement effective April 1st of the year of the adjustment.
- (d) In no case shall the total of the May and November wage adjustments in each year exceed 5%.

4 Wage Schedules

The Parties shall, upon completing a wage adjustment calculation, forthwith prepare, publish, post and distribute a wage schedule resulting therefrom.

5 Effective Dates

The effective date for a wage adjustment shall be the first Sunday of the month in which the adjustment is to be applicable.

6 This Letter of Understanding shall be attached to and form part of the Collective Agreement.

Schedule 1: Example Calculations

The following are examples only, for the purposes of explaining the formulae in the Letter of Understanding re Wage Determination, and are not to be used for determining compensation.

Example 1: January 2012 Calculation for Trade X:

Hypothetically:

- Gross Wage Rate for Trade X = \$54.00
- CPI Change December 2010 – December 2011 = 1.5% (under the 2% minimum).
- Group 4 Average Wage = \$55.00
(Assume the Total of the Industrial Gross Rates Effective on April 1st, 2012 for Boilermaker, Bricklayer Refractory, Carpenter, Electrician, Millwright, and Pipefitter, divided by 6 = \$55.00)

May 2012 increase for Trade X: $(2\% \div 2) \times \$55.00 = \0.55

November 2012 increase for Trade X: $(2\% \div 2) \times \$54.00 = \0.54

Example 2: January 2013 Calculation for Trade X:

Hypothetically:

- Oil Price Average, July – December 2012 = \$96.66
- CPI Change December 2011 – December 2012 = 1.5%.
- Group 4 Average Wage April 1st, 2013 = \$55.00

May 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$55.00 = \$0.55$

Example 3: July 2013 Calculation for Trade X:

Hypothetically:

- April 1st, 2013 Gross Wage Rate for Trade X = \$54.00
- Oil Price Average, January – June, 2013 = \$91.55
- CPI Change June 2012 – June 2013 = 1.5%.

November 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$54.00 = \$0.54$

Check against 2013 annual 5% limit:

$\$0.55 + \$0.54 = \$1.09$, which is less than the 2013 limit of $\$54.00 \times 5\% = \2.70

Re: Rapid Site Access Program

Whereas:

- 1) The Parties are committed to creating a safer, healthier workplace free of risks associated with alcohol and/or other drug use. Historical trends suggest meeting this objective will correlate to a reduction in workplace incidents.
- 2) The Parties intend to reduce redundant substance testing and related costs and to expedite access to participating worksites.
- 3) Alcohol and other drug work rules, such as the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the “*Canadian Model*”), are more effective if they are implemented in such a way as to preserve the dignity and privacy of participant workers.
- 4) Coordinating the exchange of sensitive information through a centralized third party provides greater control over the collection, use, disclosure, safeguards and storage of personal information.
- 5) Retaining the continuity of information through a centralized third party is necessary in order to reduce redundant testing, expedite access to worksites and provide seamless after-care support to affected workers.
- 6) Comprehensive professional third party case administration provides for the effective delivery of education, compliance and, if necessary, accommodation strategies. Professional treatment, education, follow-up and after-care frameworks support affected workers in maintaining compliance with the *Canadian Model* and, if necessary, recovering from an addiction and/or dependency to alcohol or other drugs.

- 7) In 2004, the Department of Health and Human Services Substance Abuse and Mental Health Services Administration and, in 2008, leading experts in direct consultation, confirmed that laboratory oral fluid testing is accurate, reliable and appropriate for unannounced testing. Due to the shorter detection windows than found in urine testing, it was found oral fluid testing is not appropriate for follow-up testing and not appropriate for testing where prior notice of the test is given.
- 8) Several arbitration cases have accepted the validity of laboratory oral fluid testing but in none of those cases was the laboratory oral fluid testing itself the subject of challenge. Accordingly, at the time of signing this agreement the validity of laboratory oral fluid testing has yet to be established in Canadian law.

Now therefore, it is Agreed between the Parties hereto that:

- (a) Subject to (b) and (c) below, the Parties support the implementation of the Rapid Site Access Program and the Union and Employer agree to be bound by and comply with the *Rapid Site Access Program Procedural Rules*, as amended from time to time.
- (b) The Union's agreement in (a) above is subject to the adoption of laboratory based oral fluid testing for the random component of drug testing administered by the Rapid Site Access Program. However, in the event laboratory oral fluid testing is successfully challenged in law the Union agrees urine based testing shall apply.
- (c) Subject to (b) above, where the Union does not agree to an amendment to the *Rapid Site Access Program Procedural Rules*, the Union may opt out of agreeing to said amendment by giving notice in writing to the registered employers' organization and the Rapid Site Access Administrative Committee.
- (d) The Plasterers Trade Division retains the sole right to review its participation in the Rapid Site Access Program eighteen months (18) after the Union has established the ability to upload its dispatch information to RSAP.ca. Subsequent to this review the Plasterers Trade Division, at its sole discretion shall determine if the Trade Division will continue to participate or cease participating in the Rapid Site Access Program. If the Trade Division determines it will no longer be participating in the Rapid Site Access Program it must file 60 day written notice with the Rapid Site Access Program Administrator and Union.
- (e) For Industrial work, the employer contributions shall be established by the

CLR and may be changed by the Board of Directors of Construction Labour Relations – An Alberta Association, and notice to an Employer and the Union from the Association respecting such amendment shall be sufficient. RSAP contributions shall be forwarded to Construction Labour Relations at #207, 2725 – 12th Street N.E., Calgary Alberta T2E 7J2. These contributions shall be used by CLR to provide the funding, among other things, for the third party providers who are responsible for delivering the services in respect to the Rapid Site Access Program.

- (f) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

All of which is agreed this 2nd day of June, 2011:

Re: Referral for Case Managed Aftercare

Whereas:

An individual must be referred to a substance abuse expert following a failure to comply with the *Canadian Model for Providing a Safe Workplace: Alcohol and Drug Guidelines and Work Rule* (the “Canadian Model”). Once the individual is assessed by a substance abuse expert, recommendations are prepared and disclosed for the purpose of establishing expectations in accordance with the substance abuse expert’s recommendations, entering into a post assessment agreement and supporting compliance with prescribed aftercare.

Pursuant to the Union’s bylaws, after the Union becomes aware a member has violated the Canadian Model or tested non-negative on a site-access A&D test, the member must be assessed by a substance abuse expert and comply with the resulting recommendations as a condition of being eligible for future dispatches.

There are advantages to referring substance abuse expert recommendations to qualified third party professionals for administration on behalf of the Parties. Third party professionals are positioned to offer a higher level of:

- a) confidentiality,
- b) consistency, and
- c) expertise.

Contracting the administration of substance abuse expert recommendations to third party professionals is expected to be more effective in meeting the safety objectives contained in the Canadian Model and increase the quality of service afforded to affected individuals.

Now therefore, it is Agreed between the Parties hereto that:

- 1) Substance abuse expert recommendations arising from contractor administered A&D tests conducted pursuant to the Canadian Model and arising from those who violate Article 3 of the Canadian Model shall be

referred to and administered by the RSAP Third Party Administrator (currently, Organizational Health Incorporated). Such substance abuse expert recommendations shall apply to employment and prospective employment in respect to any collective agreement for which the Union is signatory. Substance abuse expert recommendations shall be shared with a contractor only if they are in respect to a current employee, one that has contravened article 3 of the Canadian Model¹ while in the employ of that employer.

- 2) Service providers including Organizational Health Incorporated will keep all information in accordance with applicable privacy laws.
- 3) The Association will provide the funding to the third party providers who are responsible for administering substance abuse expert recommendations.
- 4) This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

[1] 3. Alcohol and Drug Work Rule

3.1 An Employee shall not

- (a) use, possess or offer for sale alcohol and drugs or any product or device that may be used to attempt to tamper with any sample for a drug or alcohol test while on company property or at a company workplace,
- (b) report to work or work
 - (i) with an alcohol level equal to or in excess of 0.040 grams per 210 litres of breath.
 - (ii) with a drug level for the drugs set out...[in the Canadian Model]...equal to or in excess of the concentrations set out ...[in the Canadian Model],or
- (iii) while unfit for work on account of the use of a prescription or nonprescription drug,
- (c) refuse to
 - (i) comply with a request made by a representative of the company under 4.3 [of the Canadian Model],
 - (ii) comply with a request to submit to an alcohol and drug test made under 4.4, 4.5, 4.6, or 4.7 [of the Canadian Model], or
 - (iii) provide a sample for an alcohol and drug test under 4.8 [of the Canadian Model],
- (d) tamper with a sample for an alcohol and drug test given under 4.8 [of the Canadian Model].

Re: Special Project Needs Agreements

Whereas the Parties have entered into a Collective Agreement which shall remain in effect from May 22, 2011 through April 30 2015 as set out in the said Collective Agreement, and

Whereas the Parties hereto understand that certain of the provisions of the said Collective Agreement may not be appropriate in the competition for certain projects, and

Whereas the Parties are jointly committed to the enhancement and retention of the share of the market performed by Employers and employees who are bound by the said Collective Agreement,

Now Therefore it is Agreed as Follows:

1. A SPNA shall be established upon completion of the process set out in this Letter of Understanding and shall be effective for the term set out in the SPNA.
2. An Owner is an organization developing an Industrial Construction project in Alberta.

A Contractor shall be a General Contractor on the date of application bound by at least four (4) Registration Collective Agreements.

The Building Trades shall mean the affiliated Unions of the Building Trades of Alberta.

3. An Owner, a Contractor or the Building Trades may apply for a SPNA. The application shall be filed in writing with the Chair of the Coordinating Committee of Registered Employers’ Organizations (the “Coordinating Committee”) and shall specify the location of the project and the scope of the work to be performed.
4. If the project gate is beyond daily commuting distance (beyond 125 km of the city

centre of either Calgary or Edmonton) the SPNA for the project shall be in the form Template A posted at www.clra.org.

5. If the project gate is within daily commuting distance (within 125 km. of the city centre of either Calgary, or Edmonton or within 45 km. of the city centre of Red Deer) the SPNA for the project shall be in the form Template B posted at www.clra.org
6. Within 20 days of the receipt of any application, the Chair of the Coordinating Committee shall deliver to the Parties to this Collective Agreement a proposed form of SPNA. The only change to the applicable Template shall be the location of the project, the scope of the work and the effective date.
7. Either Party to this Collective Agreement, who challenges that an applicant owner or contractor meets the requirements in 2 above or that the project meets the requirements of 4 or 5 above, shall file a grievance outlining their challenge within 10 days of receipt of the proposed form of SPNA.
8. Upon the filing of a grievance under clause 7, all other grievances steps and timelines shall be waived and the grievance shall be heard and a decision rendered by an Arbitration Panel under this Collective Agreement within 60 calendar days. Their decision shall be final and binding upon the Parties.
9. Upon completion of the process set out herein, unless the Arbitration Panel rules otherwise, the SPNA shall become effective on the 31st day after the SPNA is received from the Chair of the Coordinating Committee.
10. This Letter of Understanding shall terminate with the expiry of this Collective Agreement, provided, however, that any SPNA established under this Letter of Understanding shall continue for the term provided therein.
11. Special Project needs may also be addressed by the parties, on their own or in concert with others by agreement.
12. If an employer has bid, secured or is performing work under the Provincial Plasterers Collective Agreement and said work subsequently becomes covered by a Special Project Needs Agreement, the employer may elect to continue to have the terms and conditions of the Provincial Plasterers Collective Agreement remain in full force and effect.

This election shall only occur if the adoption of the Project Agreement would result in increased cost or hardship to the employer. Upon the request of the union, the employer will provide the union with evidence of such.

Re: Transition to New Commercial / Institutional Spray Fireproofing Schedule “C”

Whereas the Parties have entered into a Collective Agreement which shall remain in effect from May 22, 2011 to April 30, 2015,

Whereas the Parties recognize that commercial/institutional spray fireproofing work requires a specialized wage schedule,

Whereas the Parties desire to have all employees performing commercial/institutional spray fireproofing work be classified and compensated as per the new Commercial / Institutional Spray Fireproofing Schedule “C”

Now Therefore it is Agreed as Follows:

- 1) All employees employed in commercial/institutional spray fireproofing subsequent to this Letter of Understanding coming into effect, shall be classified and compensated as per the new Commercial/Institutional Spray Fireproofing Schedule “C”.
- 2)
 - (a) Employees working in commercial/institutional spray fireproofing at the time this Letter of Understanding comes into effect, which are classified and compensated as per Commercial Schedule “B” shall continue to be classified and compensated as per Commercial Schedule “B”.
 - (b) Employees identified in 2(a) shall be moved into the new Commercial/Institutional Spray Fireproofing Schedule “C” once they have completed working on the project in which they were employed at the time this Letter of Understanding came into effect.
- 3) Notwithstanding the above all employees working in commercial/institutional spray fireproofing after the first Sunday of May 2012 shall be classified and compensated under the new Commercial/Institutional Spray Fireproofing Schedule “C”.
