ARTICLE SIX - UNION RIGHTS AND MEMBERSHIP RIGHTS

- 6.01** For those employees falling within the scope of this Agreement the Contractor agrees to employ only members or applicant members of the Sheet Metal Workers' International Association, Local Union No. 8, providing the Union can supply workmen acceptable to the Contractor in sufficient numbers to take care of the Employer's needs. In such cases, the employees so hired shall make application to become members of the Union within thirty (30) days from commencement of employment.

Such clearance will not be unreasonably withheld. Employers shall not engage any person until clearance is provided by the union or a referral slip from the union is presented. - 9.02**
- The Union and/or its members and the Employers agree that they will not sanction any strike, lock-out, stoppage of work, slow down or other collective action that interferes with work procedures except as may be provided by the Labour Relations Code, Province of Alberta.

 - (b) When job conditions dictate, the normal starting and quitting times may be scheduled to vary by up to two (2) hours from those noted above. The Employer shall advise the Employees of the schedule for a given week prior to the commencement of that week. The starting times for this week do not necessarily have to be the same each day. 10.04 Make-up Time

- (a) Make-up time, at the regular or straight time rate, may be worked in lieu of the normal hours of work provided that:

 - (2) The make-up time provides up to a maximum of forty (40) hours at regular or straight time hours in a week and is worked in the same week as the time has been lost.

- (c) Two (2) breaks of ten (10) minutes each shall be allowed each shift and scheduled by the Contractor. Such breaks shall be taken at the specific work area of the Employee or the area designated by the Contractor. (c) double time (2x) shall apply to all overtime hours that are not included in (a) and (b) above.

- (4) This Article shall not apply to additional hours of work as provided for by Article 10.03(b).

10.06 When an employee is required to work overtime or shift work, he shall not be required to return to work until a full uninterrupted eight (8) hour break occurs. If the employee is required to return to work the overtime and/or shift payment shall continue until such time as the full uninterrupted eight (8) hour break occurs.

10.07 For the purpose of Article 10, a "week" shall be defined as that period from 12:01 a.m. Monday to midnight (12:00 p.m.) Sunday.

This Article is not to be confused with the work week as defined in Article 10.02.

10.08 No provisions herein shall be construed as establishing a guaranteed number of hours work either per day or per week.

10.09 The Contractor shall not compel an employee to work overtime or make-up time or take any disciplinary action against any employee refusing to work same.

ARTICLE ELEVEN - SHIFT WORK

11.01 Shift work may be performed at the option of the Employer, however, when shift work is performed at least two (2) full shifts must be worked in any twenty-four (24) hour period and each of these shifts must continue for at least three (3) consecutive working days. Should each of the shifts outlined above not continue for a period of three (3) consecutive working days, all hours worked shall be deemed overtime and paid at the applicable rates contained in this Agreement.

- 11.02** (a) When a shift is commenced and has run for at least the three (3) consecutive days referred to above, should the shift terminate in the middle of the week, or any employee hires on in a week in which a shift ends, affected employee(s) shall only be entitled to shift premium on regular hours of work.
- (b) By mutual agreement, shifts may be established for periods of less than three (3) consecutive regular working days and in such event, the deemed overtime that would otherwise be payable shall not apply.

11.03 The first shift shall work a normal shift as set out in Article 10.01 of this Agreement, with the applicable overtime rate after eight (8) hours of work.

11.04 Industrial Only

Shift work other than the normal shift as outlined in clause 10.01 may be utilized provided such shift(s) commence between 3.00 PM and 6.00 AM. The hourly rate for employees on any alternate shift(s) as outlined above shall be \$2.00 per hour greater than the applicable day time rate of pay. In no event shall this hourly rate be greater than the applicable overtime rate plus shift differential.

11.05 Work Covered by the Commercial and Institutional Conditions

Shift work on the second (2nd) and third(3rd) shift on commercial and institutional work shall be in accordance with Article 11.04 except that the shift premium shall be one dollar (\$1.00) per hour greater than their applicable day time rate of pay and for the life of the Agreement.

11.06 No employee shall work more than one (1) straight time shift in each consecutive twenty-four (24) hour period. An employee shall continue to receive the overtime rate, plus shift differential, after each shift until a break of eight (8) consecutive hours occurs, exclusive of travel allowance.

11.07 When an employee loses a regular day, through implementation or termination of shift work, then the Employee shall be paid a regular days pay for the day lost.

11.08 Where the owner/client may require work to be done on a single shift basis at start/quit times that may be at variance with the start/quit for a regular shift, single shift operations shall be permitted subject to the payment of shift differential. The shift differential shall be paid on all hours worked and at the highest rate that the employee would have been entitled to if the operation would consist of more than one (1) shift. Overtime shall be payable on all hours in excess of eight (8) hours per day and forty (40) hours per week and on Saturdays, Sundays or Statutory Holidays.

ARTICLE TWELVE - SHOW UP AND TERMINATION

12.01 Unless the employee has been notified prior to his normal starting time not to report for work, an employee who reports for work at his scheduled starting time and no work is available due to circumstances within the control of the Employer, the employee shall be given two (2) hours pay. The employee must remain on the job, if requested, for the two (2) hour period and perform any work requested by the foreman.

- 12.02** Employee(s) affected shall be paid daily travel, transportation, subsistence or receive camp accommodation as is applicable.
- 12.03** When an employee is laid off or leaves work of his own accord, one (1) hour's notice shall be given by either party.
- 12.04**
- (a) Employees who are laid off or terminated by the employer shall normally receive their final wages, vacation pay due, and E.I. record of employment/termination slip, before they leave the jobsite.
 - (b) It is recognized that there will be certain occasions when the above procedure is not possible. In these cases final wages, vacation pay due, and E.I. record of employment/termination slip, will be mailed to the employees within three (3) working days exclusive of Saturday, Sunday, and Statutory holidays.
 - (c) Upon discharge for cause or quit the final pay cheque, record of employment and any vacation pay and statutory holiday pay owing shall be given or mailed to the employee within five (5) working days, excluding Saturdays, Sundays and Statutory Holidays.
 - (d) The time constraints in 12.04 will also apply when payment is by direct deposit. When payment has been by direct deposit the Employer may, at his option, process the final pay by cheque. With the written agreement of the Employee, the Employer may use direct deposit for the final pay to occur on the regular payday.

ARTICLE THIRTEEN - TRAVEL, TRAVEL ALLOWANCE, TRANSPORTATION & ACCOMMODATION

- 13.01** For the purpose of this Collective Agreement travel and transportation provisions, the radius referred to shall be taken from:

Calgary Calgary Tower
Edmonton 101 Street & Jasper Avenue
Lethbridge Canadian Government Grain
Elevator, North of Highway 3
Red Deer Gaetz & Ross
Fort McMurray Main Post Office

DAILY TRAVEL

- 13.02** The following conditions as listed in clauses 13.02 to 13.04 will apply on jobs within daily commuting distance of those locations as noted in 13.01 above, or any location with a hiring hall, and on jobs from which employees commute daily from temporary accommodation provided or paid for by the Employer.

A forty-five (45) kilometer radius free zone from the center of the cities listed above or around any place in which employees are temporarily domiciled by the Employer shall be established. The location of the Geodetic Monument for Edmonton is 101 Street

and Jasper Avenue and for Calgary, the Calgary Tower. No transportation or travel allowance shall be applicable within the free zone

- (a) For projects beyond the forty-five kilometer (45 km) free zone for which daily travel is required, the Employer will have the following options;
- to provide transportation and pay travel allowance, or
 - reimburse the employees, as a vehicle allowance, at the rate of thirty nine cents (\$0.39) per kilometer traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at 80 km per hour, at the employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

Example Only -- A Journeyman member traveling to a project located 40 road kilometers from the edge of the free zone at 80km per hour each way would receive the following for each day worked:

Travel Allowance:	
80 km @ 80 km/hr = 1 hr. @ base rate of	\$28.68
Vehicle Allowance:	
80 km. @ \$0.39 per km. =	\$31.20
for a daily total of	\$59.88

Where the employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (a.1)** Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed 750, the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.
- (b.1)** When an employee is being paid subsistence allowance in accordance with Article 10.09(a)(iii) or (b)(iii), and when there is no accommodation available within 45 km. of the project on which the employee is engaged, the employer shall determine the location of the nearest available suitable accommodation, and shall determine the number of road kilometres beyond a 45 kilometre radius of the project that would be required to travel each way from the nearest available suitable accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event suitable accommodation

within a 45 kilometre radius of the project becomes available, the payment of the travel allowance will cease.

- (b) Where the Employer supplies the transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. Where the employer is supplying transportation, and when the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- (c) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid transportation or travel allowance for that day.
- (d) When the transportation provided by the Employer for the conveyance of employees is delayed by circumstances beyond the control of the employees, the employees shall be paid for all such time, up to a limit of two (2) hours at the applicable straight time rate.
- (e) If an employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of thirty nine cents (\$0.39) per kilometre traveled if the employee uses his own vehicle. The employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (f) Employees required to travel out of a city or town to another job after working a shift, and before an eight (8) hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the employee shall be paid the normal rate for time traveled during the regular working day only.

ACCOMMODATION, ROOM & BOARD INDUSTRIAL

- 13.04** (a) Applicable within a 475 kilometre radius of the Cities of Edmonton and Calgary (excluding National Parks)

When an employee is directed or dispatched to work on an out-of-town job, the employer will provide:

- (i) camp accommodation, which shall be available seven days per week; or
- (ii) mutually agreed room and board; or
- (iii) for each day worked, reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of eighty five dollars (\$85.00) per day except for:

- the Fort McMurray region where the rate will be One Hundred dollars (\$100.00);
- (iv) On a project / jobsite located over two hundred and fifty (250) radius kilometers from the geographic centers of either the City of Edmonton or Calgary (as applicable) one additional day's subsistence shall be paid for the use of accommodation for the night following the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.
- (b) Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a Monday or Friday (Thursday where a compressed work week schedule is in effect) provided the employee reports for work on the work day immediately preceding and following the Statutory Holiday.
- (c) Applicable beyond a 475 kilometer radius of the Cities of Edmonton and Calgary

When an employee is directed or dispatched to work on an out-of-town job which will last at least five days, the employer will provide, on a seven (7) days per week basis:

- (i) camp accommodation; or
- (ii) Mutually agreed room and board, or subsistence allowance as follows.
- (iii) reimbursement toward the expense of the employee's board and lodging, and any goods and services tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of eighty five dollars (\$85.00) per day.
- (d) Employees failing to report for work on the work day immediately preceding and following a week-end or Statutory Holiday will receive the above for days worked only.
- (e) In the event that any difference arises respecting the adequacy of accommodation provided by the employer pursuant to clauses 13.04(a)(ii) or 13.04(c)(ii) above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of registered employers' organizations, which committee shall make a final and binding decision within five days from the date of referral.
- (f) The parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the employer's obligations pursuant to this article.

- (g) (i) In certain situations, employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the employer shall provide one of the following options:
- provide suitable room and board; or
 - directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
 - the subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
- (ii) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Alberta Building Trades Council issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within five (5) working days of such request.
- (iii) The Subsistence Review Committee will consist of one (1) representative appointed by the Alberta Building Trades Council and one (1) representative appointed by the Employers' Coordinating Committee. Neither appointee shall be directly involved with the issue at hand.

The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and three (3) meals per day in the community or communities where Employees will be domiciled. In the event that the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that both appointees mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within five (5) days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.

- (iv) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other relevant evidence and argument as may be submitted by the parties, to an Umpire who shall be appointed within five (5) days in accordance with the provisions of Article 13.03. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be

rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.

(v) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;

- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
- To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
- Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at
- The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
- Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.

There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.

(h) Applicable to all Regions

(i)

- Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta

- To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to the medical, work, site or weather conditions.
- In the event return to the employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
- It is expected that circumstances to which this provision applies will be of short duration.
- For the purposes of this Article, for an employee who does not maintain a primary residence in Alberta, that employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.

- (i.1) If an Employee chooses to leave before the completion of the shift without the consent of the Employer he will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). If an Employee chooses to leave before the completion of the shift with the consent of the Employer he will be paid a full day's subsistence if at least half the shift is worked and half a day's subsistence if less than half a shift is worked.
