Such consent will not be unreasonably withheld. The workday shall normally be worked between 7:00 a.m. and 5:30 p.m. The Employer may vary the start/quit times by up to 30 minutes at his option. Variances of greater than 30 minutes shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.
- (b) A 10 on and 4 off schedule may also be established as a compressed work week schedule and when utilized, the straight time days will be Tuesday through Friday in one week followed by Monday through Thursday in the subsequent week. - (c) When a 10 on and 4 off schedule is utilized, overtime on the Saturday and Sunday that fall in the middle of the schedule will be optional. The Employer may schedule the regular work week in 4 consecutive 10 hour days, at straight time rates, provided only that the 4 -10 hour days are scheduled during the Monday through Friday period.

- (d) Hours worked after 12 hours in a day will be at 2x the regular rate. Options (a) and (c) require the minimum regularly scheduled 44 hours to be worked without unexcused absences, prior to OT being payable, pursuant to the excusable absences protocol in **7.05**.

7.09 Industrial 14 & 7 Work Cycle

- (a) A work cycle for application only to a project beyond daily travel distance of Edmonton or Calgary will consist of 21 consecutive days, each of which will consist of 14 regularly scheduled days of work followed by 7 regularly scheduled days of rest. - (b) In each shift the first 1½ scheduled hours of work and the 9th and 10th scheduled hours of work will be paid at 1.5x. The 6½ regularly scheduled hours of work in between the first 1½ scheduled hours of work and the 9th scheduled hour of work will be paid at straight time rates.
- (c) Each work cycle will be followed by 7 consecutive scheduled days of rest, a “furlough”. The combination of the 14 scheduled days of work followed by the 7 scheduled days of rest will be referred to as a “14 and 7 work cycle”.
- (d) Work performed outside of the 10 scheduled hours of work in a day or on a scheduled day of rest will be paid at 1.5x.
- (e) A worker who is transferred to a work cycle with a different start day must be provided with a minimum of 2 scheduled workdays’ notice. If the worker has requested the transfer, then overtime rates will not apply for days worked in the scheduled 7 days of rest. If the transfer is not as a result of a worker request, the worker shall be given a minimum of the scheduled 7-day furlough, or overtime provisions will apply for days worked, as a result

of such transfer, during the scheduled furlough the worker would have been entitled to under their previous schedule.

7.10 Non-Industrial - Make Up Day

For those Employees who so elect, regular hours lost during the week due to inclement weather may be rescheduled by the Employer to be made up on Saturday at straight time rates, up to a maximum of 40 hours per week (reduced appropriately when a general holiday occurs during the week).

7.11 A non-paid lunch break of either one-half (½) hour or 1 hour duration will be taken halfway through each shift. However, if job conditions require, the lunch break may be moved up to one 1 hour in either direction. If an Employee is not provided time to commence his lunch period between 1 hour before and 1 hour after the mid-point of the shift, he shall be paid at the applicable overtime rate for working through his lunch period.

7.12 No Employee shall work more than 1 straight time shift in each consecutive 24-hour period. An Employee shall continue to receive the overtime rate after each shift until a break of 8 consecutive hours occurs.

7.13 The paragraphs of Article **7.00** are designed to identify the regular hours of work, shift hours, and overtime hours, and are not to be construed as a guarantee of hours of work per day, per week, or with respect to days in any week.

7.14 Provision of Meals on Overtime

- (a) When Employees are required to work extended daily hours in excess of 11 hours, the Employer shall be required, following the 10th hour, to provide a meal at no cost to the Employees, for those involved. One-half (1/2) hour at the straight time rate of pay shall be allowed for the consumption of the meal. This break shall occur not more than 5 hours after the last mealtime. Should an Employee be requested to continue work, then an additional hot meal shall be provided every additional 4 hours under the same conditions as above.
- (b) On projects when is it impractical for the contactor to provide a meal the Employee shall be paid a 15-minute paid break at the applicable rate of pay and the Employer shall pay a meal allowance of \$50 dollars in lieu of the meal and time spent to consume the meal. This shall not apply in a circumstance where the overtime is projected to extend the workday beyond 12 hours.
- (c) When Employees are required to work extended daily hours in excess of 11 hours and where camp accommodations are provided with a hot meal at the end of the shift, no meal allowance shall be payable. When such shifts are

worked, break times may be adjusted for efficiency and reasonableness. In such cases the Union will be notified prior to the breaks being adjusted.

- (d) Where a supervisor is required to:
 - (i) start up to 1 hour earlier, or
 - (ii) finish up to 1 hour later, or
 - (iii) start up to one half (1/2) hour earlier and finish up to one half (1/2) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions in the paragraph above will not apply unless those provisions are applicable to the rest of the crew.

(e) **For Non-Industrial Work:**

Upon 24 hours' notice to employees, this article (7.14) shall not apply.

7.15 Work in Occupied Non-Industrial Premises

Notwithstanding the above, where conditions are such that work must be carried out on occupied premises, then the work may be done at regular straight time rates during any hours which may constitute a regular shift for that job provided only that overtime rates will apply for all hours over the weekly limits elsewhere specified.

7.16 The Parties understand and agree that on the remote jobsites or where special conditions apply, scheduling of extended work weeks/days off may be beneficial to the completion of the work and in those circumstances the Parties may mutually agree to a work schedule to meet job conditions. If a work schedule that is not currently addressed in the collective agreement is requested by the owner, the Parties may implement the work schedule. Such a request will not be unreasonably denied.

ARTICLE ELEVEN - TRANSPORTATION, ACCOMMODATION AND LOCAL RESIDENTS

Throughout Article Eleven (**11**) wherever the phrases “centre of the cities”, “hiring hall location” are used, the city (cities) or the location(s) referred to are Calgary, and/or Edmonton.

Notwithstanding the foregoing, the Parties agree that for projects in the regions of the former local union centres (Medicine Hat, Lethbridge, Red Deer and Edson), after the Employer has exhausted the supply of local resident members that are qualified for the subject work, the Employer may hire other qualified persons from the local resident area before being obliged to accept into employment members resident outside of the local resident area. In the event non-members are hired, the requirements in respect to timely application for union membership shall apply.

INDUSTRIAL WORK - 11.01 to 11.05

11.01 DAILY COMMUTING

The following conditions will apply on jobs within daily commuting distance of Edmonton, Calgary, or any hiring hall location, and on jobs from which Employees commute daily from temporary accommodation provided or paid for by the Employer.

- (a) (i) A 45 km radius free zone from the centers of the cities in which Local Unions are centered (Geodetic Monument), or around any place in which Employees are temporarily domiciled by the Employer, shall be established. The location of the Geodetic Monument of Edmonton is 101st Street and Jasper Avenue and for Calgary, the Calgary Tower.
- (ii) No transportation or travel allowance shall be applicable within the free zone (subject to **11.01(a)(iii)** and **11.01(b)**)
- (iii) The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five test runs each way, conducted coincident with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting from a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of 45 minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will

be paid only to workers who ride on the provided buses, and only for the days on which they ride the buses.

- (b) Notwithstanding the foregoing, on major construction projects located within the free zone, around the cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed 500, the affected Parties shall meet to discuss the viability of implementing a system of providing transportation to the site. The Parties shall take into account such considerations as climate, seasons, road capacity, other projects and industries using the same corridors, workforce curves, and site infrastructure.
- (c) For projects beyond the 45 km free zone for which daily travel is required, the Employer will have the following options:
 - (i) To provide transportation and pay travel allowance, or
 - (ii) Reimburse the Employees, as a vehicle allowance, at the rate of **\$0.67** per km traveled, each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on traveling at 100 km per hour, at the Employee's applicable base rate, from the point where the edge of the 45 km radius free zone intersects the road which takes the shortest, most appropriate route, to the project and return to the intersecting point.

The Coordinating Committee and the Building Trades of Alberta shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for Employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometers. The Coordinating Committee and the Building Trades of Alberta shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Coordinating Committee and the Building Trades of Alberta.

Example: - A Journeyman member traveling to a project located 50 road km from the edge of the free zone at 100 km per hour each way would receive the following for each day worked:

Travel Allowance:

100 km @100 km/hr = 1 hour at base rate of \$45.57 - \$45.57

Vehicle Allowance: 100 km @ \$0.67 cents per km -	\$67.00
For a daily total of -	\$112.57

Where the Employer provides the transportation the travel allowance would be paid but the vehicle allowance would not be payable.

- (d) When an Employee is being paid subsistence allowance in accordance with Article **11.05(a)(iii)** or **(b)(iii)**, and when there is no accommodation available within 45 km of the project on which the Employee is engaged, the Employer shall determine the location of the nearest available accommodation, and shall determine the number of road kilometers beyond a 45 kilometer radius of the project that would be required to travel each way from the nearest available accommodation, and shall calculate the travel allowance in accordance with the above provisions. In the event accommodation within a 45 km radius of the project becomes available, the payment of the travel allowance will cease.
- (e) Where the Employer is required to supply transportation, such transportation shall, at a minimum, be a safe, clean and modern means of transportation with sufficient seating for each person allowing adequate comfort for adults. School buses shall not be used for such transportation. When the size of the crew is such that the capacity of a coach-type bus is required, such bus transportation will be provided. Pick up points shall be mutually agreed upon.
- (f) Employees who are transported to a job site but who refuse to start work at the prescribed time due to a picket line or other form of labour relations dispute will not be paid any transportation allowance for that day.
- (g) When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances beyond the control of the Employer, the Employees shall be paid for all such time, up to a limit of 2 hours at the applicable straight time rate.
- (h) If an Employee is required by the Employer to move from one job to another during working hours, the Employer shall provide the transportation or pay vehicle allowance at the rate of **\$0.67** per km traveled if the Employee uses his own vehicle. The Employee shall not suffer any loss of pay as a result of transferring between projects during working hours.
- (i) Employees required to travel out of a city or town to another job after working a shift, and before an 8-hour break occurs, shall be paid for all time traveled at the rate of time and one-half the normal rate. If still traveling the following day, the Employee shall be paid the normal rate for time traveled during the regular working day only.

11.02 Initial and Return Transportation to Remote Sites

- (a) Employees directed or dispatched to work sites located beyond a radius where daily commuting allowance under Article **11.01(b)** would apply and shall be paid travel allowance for initial travel and transportation to the project and return subject to the conditions in (b) below, based upon a radius from the cities of Edmonton or Calgary or other hiring hall location, as applicable, as follows:
 - (i) up to 200 km - **\$113** each way
 - (ii) 200 km to 300 km - **\$161** each way.
 - (iii) 300 km to 375 km - **\$194** each way.
 - (iv) over 375 km to 475 km **\$288** each way or actual airfare if suitable proof of air transport is provided to the Employer.
 - (v) over 475 km - as mutually agreed between the Parties to this Agreement to a maximum of **\$442** each way or air fare inclusive of taxes in the event this is the most practical method of accessing the project/jobsite.
 - (vi) The Initial and Return Transportation Allowances [applicable to Industrial work] set out herein shall be subject to review in each year of the agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to article **11.01(c)** each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2024, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2024.
- (b) Notwithstanding the provisions of (a) above, when transportation is provided by the Employer, no travel allowance will be paid, subject to the provisions of Article **11.02(c)** below.
- (c) When transportation is provided by the Employer by way of air, bus, or other surface transportation acceptable to the Union and the Employer, prior to the commencement and following the conclusion of a work cycle (being scheduled days of work for which there is no more than one day of rest scheduled within consecutive scheduled days), an Employee, at the time of dispatch, will be allowed to elect to use the Employer provided transportation or to receive Collective Agreement initial/return/rotation allowances. Buses must comply with Article **11.01(e)**.

- (i) An Employee who has elected Collective Agreement initial / return / rotation allowances will no longer be paid any such payments not yet received if a new bus route is established and the Employee elects to use it. Such an Employee will not be required to return payments received to that point.
 - (ii) An Employee who has elected Collective Agreement initial / return / rotation allowances and who is found using bus transportation will become disentitled to further Collective Agreement initial / return / rotation allowances, as one consequence.
 - (iii) If a person who elects Collective Agreement initial / return / rotation allowances uses bus transportation for his initial trip that person will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.
 - (iv) Regulations shall be established for the use of bus transportation governing behavior and the use of, e.g., alcohol, tobacco and other substances.
 - (v) Notwithstanding the foregoing, an Employee who has elected to use provided busses, and who is hired, laid off, or terminated on a day when weekly bussing is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.
- (d)
- (i) An Employee will qualify for, and receive with the next regular pay, transportation allowance to the job site after being employed at the site for 15 calendar days.
 - (ii) If the Employee remains on the job until completion of 30 calendar days, the Employee shall qualify for return transportation allowance to be paid with his final pay at the subject site.
 - (iii) If, prior to having qualified for either transportation allowance, the Employee is laid off, or the job is completed, or the Employee is transferred to a different work site which is outside the area for which the transportation allowance was to apply, that Employee will be paid any outstanding transportation allowance(s) with their next regular pay.
 - (iv) If the Employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake Region, etc.), that Employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the Employee is

transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the Employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an Employee choose not to accept a transfer, he/she shall be paid all applicable travel allowances and be considered to be laid off.

11.03 Rotational Leave (Turnarounds)

[There is an agreed interpretation of the below provisions that clarifies that the interpretation is that time spent off the jobsite due to a jobsite closure or scheduled vacation of 1 work week 5 days or 4 days as the case may be) or longer will not be counted towards the accumulation of calendar days credited towards earning a turnaround leave. A June 1, 2004 letter of interpretation signed on behalf of the Coordinating Committee and the ABTC confirms this understanding.]

- (a) On jobs located beyond a 300 km radius to a maximum of 475 km from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:
 - (i) Pay an allowance of **\$224** after 35 calendar days of employment on the job and thereafter for each subsequent 35 calendar days of employment on the job.
 - (ii) Allow Employees 5 working days leave after each 35 calendar days of employment on the job.
- (b) On jobs located beyond a 475 km radius from the centre of Edmonton or Calgary or other hiring hall location, the Employer shall:
 - (i) Provide a negotiated transportation allowance, not to exceed scheduled airline air fare where scheduled air service is available, or pay an allowance of **\$402** where airline service is not available, after 35 calendar days of employment on the job and thereafter for each subsequent 35 calendar days of employment on the job.
 - (ii) Allow Employees 5 working days leave after each 35 calendar days of employment on the job.
- (c) The Rotational Leave Allowances [applicable to Industrial work] set out herein shall be subject to review in each year of the agreement. In the event that there is an adjustment in the vehicle allowance, pursuant to article **11.01(c)** each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2024

the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2024.

- (d) It is further understood and agreed that the above described trips be on a rotation basis and at no time more that 25% of the working force shall be on such home leave.
- (e) Where the Employer supplies transportation the Employee shall not be entitled to the above allowances, subject to the provisions of Article **11.02(c)** above.
 - (i) For a project on which the 14 & 7 cycle applies and transportation is provided, no allowance will be paid nor leave permitted. If no transportation is provided, leave shall be granted subject to (d) and the allowance shall be paid.
 - (ii) For a project on which a 10 & 4 cycle applies and transportation is provided, leave will be granted subject to (d) and no allowance shall be paid. If no transportation is provided, leave shall be granted subject to (d) and the allowance shall be paid.
- (f) Time spent away from a jobsite due to a jobsite closure, scheduled vacation or rotational leave days taken of one work week (5 days or 4 days as the case may be) or longer will not be credited towards the accumulation of calendar days for earning a turnaround leave.

11.04 Local Residents

- (a) A local resident is an individual who resides within a 75 km radius of the centre of a job site which is beyond daily commuting distance from Edmonton or Calgary or other locations where a hiring hall is located and has resided within such radius of the site for a period of not less than 6 months prior to being engaged on the project. It is understood that the hiring of local residents shall be subject to the hiring procedures and prerogatives set out in this Agreement.
- (b) Local Residents residing within a 45 km radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions.
- (c) Local residents residing between a 45 km radius and a 75 km radius of the job site shall not be entitled to receive initial and return travel allowance, room and board or subsistence, or camp accommodations, or rotational leave provisions, but shall be paid a travel allowance of \$36.00 per day worked to cover transportation expenses and travel allowance, or if

transportation is supplied by the Employer, a daily travel allowance of \$19.00 will be paid for each day worked.

(d) Guidelines for Determining “Real Residency”

In making the determination as to whether a person is a “Local Resident” for the purposes of the Project Terms, the following factors, as appropriate to the determination, will be taken into consideration:

- (i) the dwelling place of the person’s spouse and dependents;
- (ii) personal property and social ties to the community;
- (iii) residential ties elsewhere;
- (iv) permanence and purpose of residence in a particular community;
- (v) documentation of:
 - property tax or rent receipts, telephone, gas or other utility receipts;

 - voters’ list registration;
 - Employee benefit fund administration registration.

(e) For the purposes of determining local residents in the Fort McMurray area, residents of Anzac and Saprae Creek will be considered to be residents of Fort McMurray for projects north of Fort McMurray and residents of Fort McKay will be considered to be residents of Fort McMurray for projects located south of Fort McMurray.

(f) Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the job site, local residents shall also be entitled to receive hot soup.

- (g) Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.
- (h) The Parties agree that the early participation of qualified local resident Employees in work undertaken under this Agreement is most desirable and will be strongly promoted. In support of this the Union agrees that local qualified tradesmen will be given an opportunity to join the Union and will be dispatched to the job when positions become available, subject to the mutual agreement of the Parties.
- (i) The Parties to the Collective Agreement agree that they will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Agreement. If it is determined that there is an underutilization of Local Resident Members, the Parties will meet and address the issue.

11.05 Accommodation, Room & Board

- (a) Applicable within a 475 km radius of the centers of the cities in which Local Unions are located (but excluding National Parks) when an Employee is directed or dispatched to work on an out-of-town job, the Employer will provide for each day worked:
 - (i) Camp accommodation; or
 - (ii) Mutually agreed room and board; or
 - (iii) Reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of **\$150** per day except for those specific communities and regions as posted on www.clra.org under subsistence rates.
 - (iv) On a project / jobsite located over 250 radius km from the geographic centers of the cities in which Local Unions are located (as applicable) one additional day's camp where available, or subsistence shall be paid for the use of accommodation for the night of the last day worked, provided that the Employee presents a bona-fide commercial receipt to his Employer for each occasion the accommodation is used. Where the Employer or his client is providing a free bus trip back to the city on the same day as the last shift of the week, this provision shall not be applicable.
 - (v) Board and room will be supplied or the daily expense allowance will be paid for any Statutory Holiday which falls on a scheduled work day other than a Monday or Friday (Thursday where a compressed

work week schedule is in effect) provided the Employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (b) Applicable beyond a 475 km radius of the centers of the cities in which Local Unions are located (excluding National Parks and Northwest Territories) when an Employee is directed or dispatched to work on an out-of-town job which will last at least 5 days, the Employer will provide, for each day worked:
 - (i) Camp accommodation; or
 - (ii) Mutually agreed room and board; or
 - (iii) Reimbursement toward the expense of the Employee's board and lodging, and any goods and services tax paid by the Employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of **\$150** per day except for those specific communities and regions as posted on www.clra.org under subsistence rates.
- (c) Employees failing to report for work on the workday immediately preceding and following a weekend or Statutory Holiday will receive the above for days worked only.
- (d) In the event that any difference arises respecting the adequacy of accommodation provided by the Employer pursuant to clauses **11.05(a)(ii)** or **11.05(b)(ii)** above, the difference shall be referred to a balanced committee of appointees of the Building Trades Council and the Coordinating Committee of registered Employers' organizations, which committee shall make a final and binding decision within five days from the date of referral.
- (e) The Parties agree that wherever practical and workable in all of the circumstances of the project, camp accommodation is preferable to the provision of room and board, and that the provision of room and board is preferable to the payment of subsistence allowance. However, any of these three options will satisfy the Employer's obligations pursuant to this article.
- (f) In certain situations, Employees may be dispatched or directed to work on projects which are in an area where the cost of available suitable single room accommodation and/or meals may be in excess of the daily rate of subsistence set out in this Article. In such a case, the Employer shall provide one of the following options:
 - (i) Provide suitable room and board; or

- (ii) Directly pick up the cost of the room and pay a meal allowance to be determined as is set out in this Article; or
- (iii) The subsistence allowance shall be reviewed and, if necessary, adjusted by the following procedure:
 - (g) Either the subsistence allowance may be adjusted by mutual consent between the Employer and the Union, or the Business Manager of the Union may request that the Executive Director of the Building Trades of Alberta issue a formal written request to the Coordinating Committee of Registered Employers' Organization that a Subsistence Review Committee be established. Alternatively, an Employer may request that the Coordinating Committee of Registered Employers' Organizations issue a formal written request to the Executive Director of the Building Trades of Alberta that a Subsistence Review Committee be established. Upon formal written request the Subsistence Review Committee shall meet within 5 working days of such request.
 - (h) The Subsistence Review Committee will consist of:
 - 1 representative appointed by the Building Trades of Alberta
 - 1 representative appointed by the Coordinating Committee of Registered Employers' Organizations
 - 1 representative appointed by the National Maintenance Council; and
 - 1 representative appointed by the Boilermaker Contractors Association on behalf of Contractors signatory to the National Maintenance Agreement and / or the General Presidents Agreement.

Appointees shall not be directly involved with the issue at hand.

- (i) The Subsistence Review Committee will undertake such investigation as is necessary to determine whether the allowance paid will allow an Employee to purchase available accommodation and 3 meals per day in the community or communities where Employees will be domiciled. In the event that the majority of the Committee determines that the allowance is insufficient to purchase such lodging and meals the Committee shall determine the amount by which the subsistence allowance shall be adjusted. A decision of the Committee as to whether the allowance is sufficient or whether a specified adjustment is necessary shall be final and binding provided that the majority of the Committee mutually agree with the resolve. Any such mutually agreed upon decision shall be issued within 5 days from the date of referral, or such longer period as may be agreed by the Coordinating Committee and the Building Trades.
- (j) In the event the Committee fails to make the required determination or determinations within the period allowed, the meal and lodging costs ascertained by the Committee shall be referred, together with such other

relevant evidence and argument as may be submitted by the Parties, to an Umpire who shall be appointed within 5 days in accordance with the provisions of Articles **12.02 (b)** and **(c)**. The Umpire shall render a final and binding decision as to whether the subsistence allowance is sufficient to allow an Employee to purchase accommodation and meals in the subject community or communities, and if it is not the amount by which the allowance should be adjusted to afford the purchase of available lodging and meals. The decision of the Umpire shall be rendered within five (5) full days of the Umpire's appointment, or such longer period as may be agreed by the Coordinating Committee and the Building Trades. The decision of the Umpire shall have the same binding effect and shall be subject to the same limited review as a decision of an arbitrator in grievance proceedings. The fees and disbursements of the Umpire shall be borne equally by the Coordinating Committee and the referring Union.

- (k) The Subsistence Review Committee and/or the Umpire shall enter into a review when determining subsistence costs and in order to come to the conclusions that are necessary to carry out the objects of this clause some guidelines are included;
- In the appropriate case the ability to decide on whether or not an increase in subsistence allowance shall be made retroactively to the date the matter was submitted to the Subsistence Review Committee.
 - To determine seasonal adjustments due to tourism, availability of rooms, etc. which may affect the rate of subsistence over the entire course of a job; i.e. an increase in costs during the tourism season followed by a decrease at the end of tourism season or some other such situation.
 - Determine an appropriate accommodation cost based on what hotel rooms are available, how many such rooms are available, what hotels/motels to look at.
 - The cost of meals based upon the range of standard camp meals routinely served in a camp pursuant to the Camp Rules, which are adopted in this Collective Agreement, over an average weekly period.
 - Such other reasonable and ancillary powers as may be necessary to achieve the purpose of this clause.
- (l) There shall be no more than one reference of these matters to a Subsistence Review Committee Umpire with respect to any community in any calendar year unless it can be shown that there has been a material change of circumstances within that calendar year. Such a review within the calendar year may be made by either the Employer or the Union.

- (m) Applicable to all Regions:
 - (i) Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those workdays that they were scheduled to work (or other days as set out in Article **11.05(b)**).
 - (ii) To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to the medical, work, site or weather conditions.
 - (iii) In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
 - (iv) It is expected that circumstances to which this provision applies will be of short duration.
 - (v) For the purposes of this Article, for an Employee who does not maintain a primary residence in Alberta, that Employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.
- (n) If an Employee chooses to leave before the completion of the shift without the consent of the Employer, he will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). If an Employee chooses to leave before the completion of the shift with the consent of the Employer he will be paid a full day's subsistence if at least half the shift is worked and half a day's subsistence if less than half a shift is worked.
- (o) All camps must meet the specifications set out in the Building Trades of Alberta and Construction Labour Relations - An Alberta Association 2018-2025 Camp Rules and Regulations, or any successor thereto.
- (p) All disputes concerning a camp will be resolved through the Disputes Resolution Procedure provided in the BTA/CLRA Camp Rules and Regulations.
- (q) If an Employee, who is housed in a camp, is required by the Employer to transfer from one camp room to another, the Employee shall be paid two hour's pay at the straight time basic hourly rate as full compensation for the time to move belongings. Should the request to move from one room to another come from authorized persons employed by the Camp Manager or

the Client, the Employee must inform the Employer of the move by the following workday to be eligible for this payment.

NON-INDUSTRIAL - 11.06 to 11.14

Local Residents

- 11.06** The Parties agree that the early participation of qualified Local Resident Employees in work undertaken under this Agreement is most desirable and will be strongly promoted.
- 11.07** A Local Resident Employee shall be defined as a Union Member who has maintained his domicile within a 75 km radius of a jobsite, for a minimum of 6 months.
- 11.08** A Local Resident Employee shall not be entitled to the subsistence pay, turnaround leave, and initial & return travel provisions of the Collective Agreement.
- 11.09** The above Article shall not apply to any project for which daily travel applies from any of the cities in which Local Unions are centered (i.e. Edmonton or Calgary).
- 11.10** Where a Camp Kitchen is established and where all workers, generally, on the project who are not Local Residents attend at the Camp Kitchen to eat their lunches, a Local Resident Employee shall be provided the same noon meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is delivered to the job site, local residents shall also be entitled to receive hot soup.
- 11.11** Where a Local Resident Employee is required to work overtime, he shall be entitled to overtime meals in accordance with this Agreement.

Transportation and Accommodation

- 11.12** A 75 km free zone shall be established around the center of every city, town or village in which Employees reside and around every place where accommodation is provided and/or paid for by the Employer. This zone shall apply to all persons covered by this Agreement except local residents.

The following conditions shall apply to all Employees except local residents, within the following radial zones:

(a) Zone 1

Within the Free Zones as noted above, all Employees shall be responsible for their own transportation to and from the work site except that where, on remote jobsites, conditions are such that private and public transportation is

not available and the work area is beyond reasonable walking distance, then the Employer shall provide transportation.

(b) Zone 2

The area lying within the next 100 km beyond the boundary of the free zones established above is Zone 2. For any jobsite situated within this area the Employer shall supply transportation to and from the work site to the place of Accommodation or established central pick-up points, or, at his option, expressed by the Employer in writing, pay vehicle allowance at the rate of **\$0.67** per km from the edge of the free zone, to the job and back, to each Employee who, by arrangement with the Employer uses his own vehicle to provide transportation outside the free zone.

At the Employer's option, camp or other board and room accommodations as provided for in Zone 3, may be provided in this zone for each day worked.

(c) Zone 3

The area lying within the next 100 km beyond the boundary of Zone 2 as established above, is Zone 3. For any jobsite situated within this area, the Employer shall provide at this option for each day worked:

- (i)** camp accommodation which conforms with the BTA/CLR Camp Rules and Regulations or successor standards; or
- (ii)** reasonable room and board; or
- (iii)** agreed subsistence allowance.

(d) Zone 4

The area lying within the 100 km beyond the boundary of Zone 3, is Zone 4. For any job situated within this area, the Employer shall provide at his option on the 7 day a week basis:

- (i)** camp accommodation as noted above; or
- (ii)** reasonable room and board; or
- (iii)** agreed subsistence allowance.

(e) Zone 5

The area lying beyond the outer boundary of Zone 4, or areas within the above noted zones which are inaccessible by automobile, is Zone 5. On jobs within Zone 5 only, the Employer will allow a return trip to the city in which the Local Union is centered (whichever is closer) after 60 days of employment on the project and shall grant leave from work for a maximum period of 5 calendar days. Such trips shall be paid one way upon leaving the jobsite and reimbursed for the return upon reporting the job. Rate of

reimbursement shall be the equivalent train, bus or airfare only as appropriate.

On remote jobsites (i.e. those within Zone 5) and when requested by the Employee due to having insufficient funds to return to point of hire, the Employer shall arrange transportation for the Employee to point of hire or supply him with an advance on wages due to him.

- 11.13 (a)** Employees unable to work due to legitimate illness, material shortage, job-site conditions, or inclement weather, and for whom it is not practical to return to their respective primary Alberta residences, shall receive their board and room or daily allowance for those workdays that they were scheduled to work (or other days as set out for Zones 4 and 5).
- (i)** To be eligible for board and room or daily allowance in these circumstances the Employee must have been unable to return to his primary Alberta residence due to the medical, work, site or weather conditions.
 - (ii)** In the event return to the Employee's primary Alberta residence becomes reasonably possible and prudent, the entitlement to subsistence allowance shall cease.
 - (iii)** It is expected that circumstances to which this provision applies will be of short duration.
 - (iv)** For the purposes of this Article, for an Employee who does not maintain a primary residence in Alberta, that Employee's primary Alberta residence shall be deemed to be Edmonton or Calgary, whichever is the nearest.
- (b)** If an Employee chooses to leave before the completion of the shift without the consent of the Employer, he will not be entitled to subsistence allowance for that day (and may be subject to other disciplinary or corrective measures). If an Employee chooses to leave before the completion of the shift with the consent of the Employer he will be paid a full day's subsistence if at least half the shift is worked and half a day's subsistence if less than half a shift is worked.
- (c)** Effect of unauthorized absence on Room and Board Entitlement:
- (i)** When an Employee fails to report when work is available on the working day immediately preceding or following bad weather or recognized holidays other than for unavoidable causes, he shall forfeit room and board for such absenteeism and for the bad weather days or recognized holidays. When Saturday is not a working day and an Employee fails to report to work on Friday when work is available, he

shall forfeit room and board for Friday, Saturday and Sunday. When Sunday is not a working day and an Employee fails to report to work on Monday when work is available, he shall forfeit room and board for Sunday and for Monday. An Employee shall also forfeit room and board for absenteeism on any working day for other than unavoidable causes.

- (ii) Unavoidable cause shall be deemed any illness or injury other than caused by consumption of liquor and/or illicit drugs. The Employer may request proof of illness or injury by way of a letter from a medical doctor.
- (d) In cases of illness or injury the Employer may choose to provide transportation expenses to point of hire rather than provide room and board entitlements.
- (e) Where the Employer's costs are fixed (as for Camp accommodation or long term room leases) the Employee shall not be back-charged for such fixed costs, but, where subsistence allowance is paid then the Employee shall not be paid for days missed as detailed above.

Vehicle Allowance

11.14 Where the transportation prescribed in Articles **11.07** is not provided by the Employer to an Employee employed pursuant to this Collective Agreement, the Employer shall pay to the Employee a daily vehicle allowance, being the product of twice the distance in kilometers from the edge of the relevant free zone to the subject project times **\$0.67** per km.

ARTICLE TWELVE - GRIEVANCE PROCEDURE

12.01 Definitions

- (a) "Party" or "Parties" for purposes of the grievance procedure mean the Employer, Employers' Organization, or the Union.
- (b) A "grievance" is a difference respecting the interpretation, application, operation, or an alleged violation of the Collective Agreement.
- (c) A "policy grievance" is a grievance respecting how the collective agreement should be interpreted or applied, or a grievance that affects the union, the bargaining unit, or the employers' organization as a whole.
- (d) An "A & D grievance" is a grievance respecting the interpretation, application, operation or alleged violation of the *Canadian Model*, or respecting the section(s) of the collective agreement that adopts the

Canadian Model and articulates the exceptions or limitations. An A & D grievance is not a difference arising from a circumstance that has an alternative appeal process.

- (e) “Days” means calendar days.

12.02 Application

- (a) It is agreed that the maintenance of harmonious relations between the Parties requires the prompt notice of any complaints or differences and the prompt filing and disposition of grievances. Timelines contained within the Grievance Procedure shall be adhered to and failure to meet these timelines may be considered in determining a remedy. Timelines may be extended only by mutual written consent.
- (b) Jurisdictional disputes shall not be settled by the Grievance Procedure.

12.03 Pre-Grievance Process

- (a) Where an employee(s) has a workplace issue that could lead to a grievance, the Union will notify the Employer via e-mail within 7 days of the date the employee(s) became aware of the issue. The employee and a representative of the Union will attempt to resolve the matter with the Employer informally by providing the relevant facts, documentation and discussing the details of the issue.

12.04 Grievance Process

- (a) If the issue is not resolved by the pre-grievance process, and the Union wishes to advance the issue, it must submit a formal grievance to the Employer within 14 days of the date the employee(s) became aware of the issue, utilizing the Grievance Form appended to this Agreement. When submitting the Grievance Form, the Union will include all relevant facts, details, and pertinent documentation it relies upon.
- (b) The Employer will investigate the grievance and provide a written response within 7 days of receipt of the Grievance Form, and will include all relevant facts, details, and pertinent documents it relies upon.
- (c) If the grievance is not resolved at this point, the Union may, within 7 days of receipt of the response, refer the grievance to the Joint Grievance Panel (“JGP”).
- (d) A & D or Policy grievances may only be referred to the JGP on agreement of both Parties. In the absence of agreement, these grievances are referred directly to Arbitration.

12.05 Joint Grievance Panel (JGP)

- (a) The JGP will consist of 2 Union and 2 Employer representatives appointed by the Parties from a standing roster. Representatives of the Employer or Union affected by the matter being heard may not be appointed to the JGP.
- (b) Alternatively, at the time of referral of the grievance, the Parties may agree to establish a Panel of 3 or 5 individuals, comprised of a neutral chair and an equal number of Union and Employer representatives from the roster. The neutral chair may be whomever the Parties to the grievance agree on. The cost of a neutral chair will be shared between the Parties.
- (c) Within 14 days of the grievance being referred to the JGP, the Panel will convene to hear the grievance. It is intended that the hearing will be less formal than an arbitration hearing. The rules of evidence will not be strictly applied, and the Parties will not be represented by legal counsel.
- (d) The JGP will issue a written recommendation, or advise it is unable to agree on a recommendation within 2 days of hearing the grievance.
- (e) If the Parties utilize a neutral chair, or prior to the hearing agree to be bound by the recommendation of the majority of the JGP, the recommendation is final and binding.
- (f) If the recommendation is not final and binding as described in (e), or if the JGP advises it is unable to agree on a recommendation, either Party may refer the grievance to arbitration within 7 days of receipt of the JGP's communication.
- (g) The JGP roster will be established and maintained by the Union and Registered Employers' Organization. The Union and Registered Employers' Organization will provide a mandatory training and development program for appointees to the roster.

12.06 Policy Grievance

- (a) A policy grievance will be initiated by the Union or Registered Employers' Organization within 14 days of reasonably becoming aware of the occurrence giving rise to the dispute. The grievance will be provided to the Business Manager of the Union or the President or designate of the Registered Employers' Organization.
- (b) The Union or Registered Employers' Organization will respond within 7 days of receipt of the grievance.
- (c) Should the matter remain unresolved, the Union or Registered Employers' Organization may refer the grievance to arbitration, or by agreement, to the JGP, within 7 days of receipt of the response.

12.07 Arbitration

- (a) Within 14 days of receipt of notification of the referral to arbitration, the Parties will appoint an arbitration board comprised of a chair and an Employer and Union nominee, except where the Parties agree to appoint a sole arbitrator to settle the difference.
- (b) Where the Parties appoint an arbitration board, they will notify the other Party and Chair who their respective nominees shall be.
- (c) If the Parties are unable to agree to a person to act as an arbitration board chair or sole arbitrator within 14 days of the referral to arbitration, either Party may request that an appointment be made pursuant to *Section 137 of the Labour Relations Code*.
- (d) Within 3 months of appointing an arbitration board or single arbitrator, an arbitration hearing will be convened and within 60 days after the completion of the hearing, a final and binding decision will be provided to the Parties.
- (e) Each Party shall bear the expense of their appointee, and cost of the Arbitration Board Chair shall be borne by the unsuccessful Party, provided always, that the cost shall be limited to the actual cost of the Chair.
- (f) Notwithstanding (e) above, an arbitration board or single arbitrator may exercise their discretion to rule that the costs of the arbitration is shared equally.

ARTICLE THIRTEEN - UNION RIGHTS

13.01 The Union may appoint 1 Steward as spokesman on each project and he may have assistants where required. Each Steward at the time of this appointment shall be a qualified tradesman in his classification.

13.02 Job Stewards shall be recognized on all projects or jobsites and shall not be discriminated against. The Job Superintendent, Foreman or designated Senior Employer Representative shall be notified by the Union of the name or names of such Job Steward(s) and in the event of a lay-off or reduction in the work force, the Job Steward shall be one of the last three Employees laid off on the project, provided the Job Steward is qualified to perform the remaining work. Before the Job Steward is terminated or transferred the Business Manager and/or Business Representative shall be notified in writing of the reasons for termination or transfer.

Time shall be given to the Job Steward to carry out Job Steward duties, but the Steward shall not abuse that privilege.

The Steward shall not be discriminated against respecting the fulfillment of his proper duties as a Steward. Without restricting the generality of the foregoing, the Steward shall not be discriminated against respecting work assignment, or the scheduling of overtime work, for which the Steward is qualified.

Wherever practical, the Job Steward shall have completed a comprehensive training program dealing with the “Canadian Model Alcohol and Drug Guidelines and Work Rule”.

13.03 The Union shall have the right to post notices at the designated place on any project or jobsite. All such notices must be signed by the proper officer of the Local Union and submitted to the Management and/or Superintendent of the Company for their approval.

13.04 Province Wide Dispatch System

- (a) The Employer agrees to employ only members in good standing of the Union as long as the Union can supply Members in sufficient numbers to take care of the Employer's needs. Employees dispatched from the relevant hiring hall to projects affected by this part of this Agreement shall be dispatched with the site and safety training as outlined in Article 10.15 and be in possession of a dispatch slip. Dispatch slips may be sent to the Employer by fax or electronically when it is more practical to do so. If the Local Union cannot supply Members within 48 hours after the request (excluding Saturdays, Sundays and holidays or days in lieu thereof), the Employer may obtain Carpenters elsewhere. Where possible, the Union will be notified of new Employees hired after the forty-eight (48) hours. Employees so employed shall, within 15 days after their commencement of work, apply to the Union for membership. This clause shall also apply to Carpenter Apprentices and Carpenter Foremen.
- (b) As a hiring resource for the Employer, the Union shall maintain hiring halls (or their equivalent) in Calgary, and Edmonton.
- (c) The Employer shall notify the person designated by the Union as the Dispatcher, and the relevant Steward of the name of each Employee who has voluntarily terminated employment (quit), each Employee who has been laid off, and each Employee whose employment has been terminated by the Employer. Such notification shall be given as soon as practicably possible after the respective quit, layoff, or termination. Failure to provide such notification in a timely fashion will not affect or negate the severance of employment.
- (d) Any worker who is registered on the Local Union's out of work list may be name hired, provided that they are able to support their layoff, or termination with a Record of Employment (ROE) from their previous employer.

- (e) The Parties discourage the practice of early quits on a project by workers; however, a worker shall be able to accept a name hire where they have received approval in writing from their current Employer to quit for the purpose of accepting a name hire with another Employer and provide this and their ROE to Dispatch.
- (f) When an Employee quits and cannot comply with (c) they shall not be eligible for a name hire for a period of 14 calendar days from the time the member has registered on the out of work list.
- (g) Notwithstanding any other provisions of this Collective Agreement, the Parties agree that for projects in the regions of the former local union centres (Red Deer, Medicine Hat, Lethbridge, and Edson), after the Employer has exhausted the supply of local resident members that are qualified for the subject work, the Employer may hire other qualified persons from the local resident area before being obliged to accept into employment members resident outside of the local resident area. In the event non-members are hired, the requirements in respect to timely application for union membership shall apply.

13.05 No member covered by the terms of this Agreement shall be refused work or membership in the Union on account of age, sex, color, race or religious belief.

13.06 Where a Safety Committee has been implemented on a Project, and where a predominate or substantial number of Carpenters are employed on the project, a Carpenter shall be a member of the Safety Committee.

13.07 Drug and Alcohol Policy

(a) Concurrence

Except for the matters set out in articles **13.07(b)** and **(c)** below, the *Canadian Model for Providing a Safe Workplace*, Version 6.0 [the "*Canadian Model*"], will be implemented by agreement under this Collective Agreement for the purposes set out in section 1.1 of the *Canadian Model*, and the Parties will co-operate with each other in achieving those purposes.

(b) Random Testing

Notwithstanding any provisions of the Collective Agreement or any special agreements appended thereto, section 4.6 of the *Canadian Model* will not be applied by agreement. If applied to a worker dispatched by the Union, it will be applied or deemed to be applied unilaterally by the Employer. The Union retains the right to grieve the legality of any imposition of random testing in accordance with the Grievance Procedure set out in this Collective Agreement.

(c) Site Access Testing and Dispatch Conditions

Notwithstanding any provisions of the Collective Agreement or any special agreements appended thereto, section 4.7 of the *Canadian Model* will not be applied by agreement. If applied to a worker dispatched by the Union, it will be applied or deemed to be applied unilaterally by the Employer. The Union retains the right to grieve the legality of any imposition of site access testing in accordance with the Grievance Procedure set out in this Collective Agreement.

If the Employer acting independently or as agent of the owner or if the owner itself imposes site access testing, section 5.5 of the *Canadian Model* will not be applicable to testing pursuant to section 4.7. In addition, neither the Union nor the individual will be under any obligation under the *Canadian Model* with respect to such a positive test.

(d) Test Results

The Employer, upon request from an Employee or former Employee, will provide the confidential written report issued pursuant to 4.9 of the *Canadian Model* in respect to that Employee or former Employee.

(e) Collection Site Documentation

In the event that an individual's collection is determined to be incomplete or a refusal, with the consent and authorization of the individual, the Union shall, upon request, be promptly provided with the information documented pursuant to A-2 Urine Testing and/or A-2 Oral Fluid (11) of Appendix A of the *Canadian Model*.

(f) Reasonable Cause and Post Incident Testing

Any drug testing required by the Employer pursuant to 4.4, 4.5 or 4.6 of the *Canadian Model* shall be conducted by oral fluid testing in accordance with 4.8.2 of the *Canadian Model*.

(g) Point of Collection Testing (POCT)

If an employer requests a worker to participate in a POCT risk assessment pursuant to 4.8.5 of the *Canadian Model* v. 5.0, and the worker provides the urine sample, and the laboratory drug test is negative, the worker shall be paid for any time the worker would have otherwise worked while waiting for the laboratory result, except for such discipline that was justified by the worker's conduct in respect to the incident or reasons for the test request. If the worker declines to provide the sample for the POCT risk assessment and the laboratory drug test result is negative, the worker shall not be entitled to any pay for time the worker would have otherwise worked while waiting for the laboratory result.

13.08 Business Managers and/or Business Representatives shall have access to all projects or jobsites covered by this Agreement in the carrying out of their regular duties, after first notifying the Employer, Superintendent or person in charge, of

his presence on the project. Nothing in this Clause shall be interpreted to restrict the right of the Employer or his Representative to temporarily refuse entry if circumstances warrant.

ARTICLE FOURTEEN - MANAGEMENT RIGHTS

14.01 The Union recognizes the right of the Employer to the management of its plant and the direction of the working forces, including right to select, hire, promote, transfer, or discharge any Employee for just cause, and further recognizes the right of the Employer to operate and manage its business in accordance with its commitments and responsibilities including methods, processes and means of production or handling in accordance with the terms of this Agreement, except as expressly provided herein or by statute, the Employer is deemed to have retained the traditional rights of management.

ARTICLE FIFTEEN - JURISDICTIONAL DISPUTES

15.01 Any jurisdictional dispute is that dispute between the Union and any other Building and Construction Trade Union (s), or between the Employer and the Union, in respect to an assignment of trade jurisdiction to a particular Building and Construction Trade Union.

15.02 All jurisdictional disputes arising between the Parties to this Agreement with any of the affiliated trade organizations comprising the Building Trades of Alberta shall be settled in accordance with the procedural rules as stipulated within the Jurisdictional Assignment Plan of the Alberta Construction Industry, as per Ministerial order 35/95 dated the 18th day of October 1995.

15.03 In any event, there shall be no work stoppage over any Jurisdictional Dispute.

ARTICLE SIXTEEN - SUBCONTRACTORS

Industrial Work

16.01 (a) In respect to work which falls within the definition of **industrial work** as set out in Article **5.02**, the Employer shall engage only those Sub-contractors who are signatory or bound by this Agreement to perform work in the classifications herein contained.

The Employer agrees to notify the Union of the name of such Sub-contractors prior to the Sub-contractor commencing work on the project.

(b) The Employer shall be responsible for the enforcement of this Article.

Non-Industrial Work

- 16.02** The Employer will not subcontract out any Carpenters work, which is regularly and routinely performed by the Employers own forces unless such work is to a Contractor that agrees to be bound by the terms and conditions of this Agreement. Subcontractors who also do work that the Employer normally does not use its own work force to perform are not covered by this prohibition.

Notwithstanding the above, it is understood that should the Employer undertake certain Carpenters work that is normally performed by non-signatory subcontractors, then the Employer may continue to subcontract this particular work at his discretion for the duration of this Collective Agreement without restriction.

ARTICLE SEVENTEEN - APPRENTICES

- 17.01** The employment of Apprentices shall be in accordance with the regulations of the Alberta Apprenticeship and Industry Training Act and Trade Regulations.
- 17.02** The ratio of Apprentices to Journeyman Carpenters shall be in accordance with the provisions of the Alberta Apprenticeship and Industry Training Act and Trade Regulations.

Once the individual is assessed by a substance abuse expert, recommendations are prepared and disclosed for the purpose of establishing expectations in accordance with the substance abuse expert's recommendations, entering into a post assessment agreement, and supporting compliance with prescribed aftercare.

Pursuant to the Union's bylaws, after the Union becomes aware a member has violated the Canadian Model or tested non-negative on a site-access A&D test; the member must be assessed by a substance abuse expert and comply with the resulting recommendations as a condition of being eligible for future dispatches.

There are advantages to referring substance abuse expert recommendations to qualified third-party professionals for administration on behalf of the Parties. Third-party professionals are positioned to offer a higher level of:

- a) confidentiality,
- b) consistency, and
- c) expertise.

Contracting the administration of substance abuse expert recommendations to third-party professionals is expected to be more effective in meeting the safety objectives contained in the Canadian Model and increase the quality of service afforded to affected individuals.

Now therefore, it is Agreed between the Parties hereto that:

1. Substance abuse expert recommendations arising from contractor administered A&D tests conducted pursuant to the Canadian and arising from those who violate Article 3 of the *Canadian Model* shall be referred to and administered by a Third-Party Administrator. Such substance abuse expert recommendations shall apply to employment and prospective employment in respect to any Collective Agreement for which the Union is signatory. Substance abuse expert recommendations shall be shared with a contractor only if they are in respect to a current Employee, one that has contravened Article 3 of the *Canadian Model* while in the employ of that Employer.
2. Third-Party Service Providers will keep all information in accordance with applicable privacy laws.
3. The Association will provide the funding to the Third-Party Service Providers who are responsible for administering substance abuse expert recommendations.
4. This Letter of Understanding shall be attached to and form part of the Collective Agreement entered into between the Parties.

**(each of which unions is hereinafter referred to as
the “Union” or the “Local Union”)**

Whereas the Parties have entered into a Collective Agreement which shall remain in effect from May 7th 2023 to April 30, 2025 as set out in the said Collective Agreement, and

Whereas the Parties mutually desire to encourage and facilitate members of the United Brotherhood of Carpenters and Joiners of America in the United States of America (hereinafter “U.S. Employees”) to come to Alberta to work for contractors bound by the Collective Agreement, and

Whereas the Parties have agreed that it is necessary to modify said Agreement with respect to employees traveling from the United State who are participants of Health and Wellness trust funds in the United States, and

Now Therefore it is Agreed between the parties hereto as follows:

- 1.** The Employer shall continue to contribute the amounts set forth in Schedule A and Schedule B of the Collective Agreement in respect of each and every hour a U.S. Employee works under the appropriate Schedule. The amounts will be remitted to the Alberta Health and Wellness Fund as contributions to that fund and not Pension contributions. The amounts set out for Health and Wellness and Pension shall be combined and remitted through reciprocity agreements to the U.S. Employees’ home health and wellness funds by the Alberta Health and Wellness Fund. The contribution that would have otherwise been a Pension contribution is to be calculated on hours worked. Should the contributed combined amounts, for any reason (including no signed Reciprocal Agreement between Locals or no individual employee authorizations) not be able to be forwarded, then upon notification by the Union to the Carpenters (Provincial) Trade Division this Letter of Understanding will

cease to apply after the next fund contribution date. Upon such notice being given the normal contributions shall apply.

4. The Employer's liability for the remittance of such funds in respect of U.S. Employees who fall under this Letter of Understanding and who are not members of Locals 1325 or 2103 or 1999 shall be limited to remittance of the above noted contributions in the manner and times set out in the Collective Agreement. The Employer will not be liable to the U.S. Employees' home health and wellness funds for such contributions. Remittance to the U.S. Employees home health and wellness funds shall be the responsibility of the Alberta Carpenters Trust Funds under the appropriate reciprocity agreements with the U.S. Funds.
5. Except as specifically amended above all other provisions of Articles 18 and 19 continue to apply.
6. This Letter of Understanding will only apply to U.S. Employees working in Alberta who are not members of Local 1325 or Local 2103 or 1999. The Union will provide the Employer with written confirmation of the applicability of these provisions for U.S. workers before these provisions can apply. The Union will notify the Employer if a U.S. Employee joins either Local 1325 or 2103 or 1999 and the provisions of this Letter of Understanding will cease to affect them commencing the date of admission into either Local 2103 or Local 1325 or 1999.
